31 September, 1904

My dear Mr. Collins: -

If you have any of my labels printed yet I should be glad if you would bring them to the Club Friday. I get a little time at odd moments for labelling things up. Fernald showed me some that you had made for him and they looked very pretty.

I got one or two things sent to me while at Randolph, viz. Euphrasia ^{Milliana} ^{Mill.} Dr. R. H. True was there and inquired if we got a good number of Dicrana this summer. I, unfortunately, could not

inform him about that matter. We
has seen Schistolega at Randolph. I
looked for some far Andrews in a spot
where someone else said that it grew
but didn't find it.

Yours sincerely,

Arthur Stanley Pease
