

Perkins 10, Cambridge

12 October.

My dear Collins:-

I will enclose postage for the duplicate labels if you can spare them, as it may be a good while before Farwell can look his up. (I have heard nothing since his departure, but shall try to get news today.)

As for other labels furnish I may have too many specimens, I think the best plan will be to use what labels full to me and then perhaps when I have used the labels as far as they will go and know just how many are left over I can refer you to print Bonav. and Gaspe County Labels for the rest. I think Palmer would make the least trouble all around.

I have labelled up (as far as labels hold  
out) all the material covered by the labels you  
gave me, and some of it is mounted. I have  
also mounted up (what before I saw you) most of  
my Randolph plants and all of my St. John,  
A.T.B. and Mesopidia stuff. But I am  
overwhelmed with herbarium work and get but  
little time to spend on such matters.

With best wishes,

A.S.C.

Pease, Arthur Stanley. 1904. "Pease, Arthur S. Oct. 12, [1904]." *James Franklin Collins correspondence*
