

Petion June 15th 1863

My Dear Dr.

Yesterday came yours of the 28<sup>th</sup>  
ult. with the draft & other enclosures  
If you will believe Gundlach  
& Riverview & me all stark natural  
fools why — I can't help it. But  
I must say that you seem to be  
laboring under an attack of hard-  
headedness

I'm glad to know that the coll.  
have arrived & I hope in good condition  
I did not write to Westermann &  
thinking it unnecessary as the <sup>present</sup> ~~is~~  
~~was~~ just such a business as they  
had before done for us & they would  
know exactly what to do

"But you whose heart is with them  
&c": Yes, my heart is with them and  
it is equally with the north.

"If they want utter desolation we" was  
that what you commenced fighting for?  
Consistency! At the beginning you  
were going to "restore the union" quicker  
than a cat could lick her ear Now

that you can't do it it is "wall up the  
wheli's" <sup>"work"</sup> them after desolation"  
"give 'em hell & pay it down"

I am sorry that you are poorly,  
you shoudt spare yourself. I  
presume you are not absolutely  
obliged to work so hard to earn  
your living.

Sauvage does not care much  
about any thing but trees & shrubs.  
Now I generally collect enough  
to give him a specimen as I did  
two day of Mappia? So it is not worth  
while to spoil a set for him.

"The copies of H. Mr. Cat.) are all  
given - or to be given away by Epri  
& by myself." Am not I of sufficient  
importance in the firm of We. M. &  
Co. to be entitled to a few copies?

You had better send direct to Guy  
even if you wait some time for a  
good chance & not to me here as  
the books will only have to be sent  
back again at considerable expence of

time & trouble with risk of loss & dam-  
age &c

Why is *Hemianthus adenan-*  
*drium* "bad grammar"? Isn't  
Author (Greek) neuter gender?  
However "adenander" is just as  
good

Kind regards to Mrs. G. - hope she  
is better

Yours truly  
Charles Wright
