

Wethersfield Conn. 30th May/81

Dear Friend Watson

The enclosed came yesterday from Mr Booth. Perhaps you can help him out of his doubts. I venture to send my reply through you - the more as he gives me no number nor street of the hub which may not indeed be necessary.

I have wanted to ask somebody what Burk. & Hook, have done with our Chinquapiu (*Castanea pumila*) Surely large specimens, are not so small as to be overlooked easily though I have seen some so small as to require the nut-gatherer to squat to pick off the Chinquapiu.

Please give my regards to the Cambridge friends. Glad to hear from you always.

Yours cordially, Cha^s Wright
