

Orono, Maine,  
June 25, 1893.

My dear Dr. Robinson:

Thank you very much  
for the contribution which  
came yesterday. I am very  
glad to get it before I get into  
the woods, though I may not be  
able to find anything suggestive  
there. There is an abundance  
of Stellaria longistylis, borealis  
& graminea all about here.  
Should you care for fresh material  
I can easily send it, though I  
imagine it would be of little  
value.

It has been very stormy since I  
got here, but it seems more  
like clearing now than it was.

With warm regards to Mrs.  
Robinson, Miss Day and the others

Sincerely yours  
Wm. Lyndon French.
