

My dear D^r. Robinson:

As Mr. Freeman
has probably told you, I am
confin'd to the house by an
attack of jaundice. I hoped
to begin active work again today,
but the doctor has told me
that I must plan for at least
a week longer in the house,
though I can now begin to take
short walks on bright days.

I am very sorry indeed to lose
so much time at the Herbarium;
but I am working over my

Name plants as I feel like it,
and by the time I am out again
I shall have a large package of
duplicates ready for the Herbarium.

The aggravating thing is that
I feel essentially well, but I
have almost no strength and
cannot stand any continued
exertion. I shall probably
call at the Herbarium in a day
or two during one of my walks.
