

BROWN UNIVERSITY
PROVIDENCE

Dec. 11, 1896.

Dear Dr. Robinson

The University Librarian
here wishes to know something about
Engler & Prantl's "Natur. Pflanzeng.".

I thought I could furnish the information,
having in mind brief reviews of parts
of the work in Bot. Gaz., but upon
looking up the reviews (Gaz. 1895) I find
they do not give any of the information
he desires.

Thinking it highly probable that you
have the book at the herbarium I take
the liberty of applying to you for the
information, hoping at the same
that I am not troubling you too much.

1. - Where is it published and by whom?
2. - Is it in Latin or German?
3. - Have you heard of any contemplated Eng. ed.?
4. - Do you remember the price? (approximate)
5. - Is the work complete yet?

If you don't have the work at the
herb. please do not trouble about it.

Thanking you in advance for
your kindness I am

Sincerely

J. Franklin Collins

over

P.S. I believe Prof Bailey sent
you a little package of *Spergularias*
yesterday, but have not seen him
since, so am not certain.
