FOREST PATHOLOGY

Brown University,

Providence, R. I.,

June 14, 1923.

Professor M. L. Fernald,
Gray Herbarium,
Cambridge, Mass.

Dear Fernald:

I have your letter of June 13. Am glad that the shipment got away from Montreal all right. I thank you for the information regarding funds.

As you did not seem to know much about the China marking pencils when I saw you last I am at this time sending under separate cover two different colors for you to try out. I think they also have blue but I am unable to get it here at Providence. If you think they are worth while you can stick them in your grip when you start north, whether or not you decide to get a supply of them for use on the trip.

Sincerely,

J. FRANKLIN COLLINS,
J.F.C.
Pathologist.

JFC/EBB
