Dear Louis: ^{sent Villagran} ~~same date.~~ JAN 30 1942

I wonder if you could do me a favour for me. I wrote an article on the routes of E. W. Nelson, collector, in Mexico together with C. V. Morton & we are going to publish it in the Anales del Instituto de Biologia in Mexico. We have a picture which I photographed from an old magazine I found in M. C. Z. — "Fish & Game". I would like to credit the photo to this magazine, date, volume, etc. when I republish it. Could you go to M. C. Z. some time & look up E. W. Nelson in the card index & then send the data to Villagran for me. I'd appreciate this. Don't think there will be difficulty; it is a waist photo of Nelson & is in an article on his life & work.

Am sending you negative to use as a guide. Please put it in my drawer upstairs.

Thanks a lot,

Richard

Not much news. Yes there is - tell Ted Hill that a fellow here is writing a textbook of Econ. Bot. & is going to include rewritten Hill's Econ Bot chapter on "Origin of Econ. Plants."
