KEYWORDS. Mollusca, Gastropoda, Caenogastropoda, Triphoroidea, French Polynesia,
Oparopsis nom. nov.

DISCUSSION

The authors have been notified that the name *Australopsis* Cecalupo & Perugia, 2014 (Gastropoda: Triphoroidea Gray, 1847) established as new for a species of the family Cerithiopsidae from the South Pacific Ocean, is preoccupied by *Australopsis* Hinz-Schallreuter, 1993 [Crustacea, Ostracoda] from the Middle Cambrian of Australia.

Consequently, the name *Australopsis* Cecalupo & Perugia, 2014 is replaced with the name *Oparopsis* nom. nov., deriving from Oparo [or Opara], an older name of Rapa Is., so named by Captain George Vancouver on 22 December 1791.

Oparopsis retains *Australopsis floresi* Cecalupo & Perugia, 2014 as type species (ICZN, 1999, article 67.8 of the Code).

ACKNOWLEDGEMENT

Our thanks to Philippe Bouchet for having notified the necessity of this amendment.
