DEPARTMENT OF BOTANY

Vol. 157 1896.

Dear Dr. Kennedy: -

The boxes of Brebania's

have arrived safely & are very nice.

We shall be able to use some fresh for study -
& make duplicates of the rest. - I am very
glad to get them.

As for Heligonia calcarea we have only
Dumoulin's specimens from "limestone rocks -
Co. Wick" & Macneil's from Anne Lund Outcrops.
So yours are new to the United States! - We
are delighted to get them. - Yrs sincerely
E. S. Britton.
