

Mr. L. Bebb - Bentley has re-
turned from Minn. and is now
back in Lansing - He will
give me an account soon
of his Trip - It is a good
chance here to collect sea-side
phaenogams - I guess I shall
have all I can find, but
I shall find many interesting
plants no doubt. To-morrow
I shall visit a salt-
marsh near by - The ocean
rolls in, within almost
stone's throw of the house
here. It is very beautiful.
Give my kindest regards to
all your family - When do
you return? As late as pos-
sible. I doubt not -
Sincerely yr. Walter Deane.

Rye Beach, N.H.
Aug. 8 - 1886,

My dear Mr. Kennedy,
Your letter of July 24th
from Grindelwald was joyfully
received - Oh! what a fine
time you are having. I don't
wonder at your enthusiasm
over those stunning views -
I have followed ^{you} in spirit
from Lucerne in the steamer
to Stansstad through the
narrow pass, into the Alp-
nacher See and then through
Larnen, Briunig, Brienz to
Interlaken - How grand a sight
to see the two Glaciers that
give such a reputation to
the place at Grindelwald -
And then the flower-land, it

would do for me to say any-
thing, as I know nothing of
it all. Thanks for mentioning
my name occasionally at
sight of some lovely plant.
I received your letter just before
leaving Cambridge and didn't
have time to look up your
enclosed plant. It is an
Umbelliferous plant of some
kind, with a very pretty involu-
cre.

We came down here yesterday
and stay through Aug. I
haven't been very far from
Cambridge this summer and
have had a good opportunity
to collect a number of our
plants that I wanted: *Juncus Balticus*, *J. Greenii*,
Bidens Beckii, *Eleocharis pygmaea*,

Scirpus subterminalis, *Najas*. &c
The other day I went botan-
izing with Mr. Moray, our
authority on *Botamogetons*.
We spent a whole day on
Concord River among the
aquatics. I learned a good
deal and collected some
very nice things, among others,
5 or 6 species of *Botamogetons*.
Mr. Moray spent 2 nights
with me. In Sept., I am
going up to Ashland and
Mr. M. is going to give a lot
of *Botamogetons*. You see I
get all I can from these
specialists. I have just
received from Bailey a
package of *Carex* and a
number of *Salix* named by

Deane, Walter. 1886. "Deane, Walter 8 Aug 1886." *George Golding Kennedy correspondence*
