

Cambridge Mass.
Oct. 30 1886.

Excuse the mistake
of turning over two
pages at once - W.D.

My dear Mr. Kennedy -
I haven't written you a
line for some time. First,
Thanks for the fruit you sent
me. Another year we might get
full specimens, staminate in the
spring & summer and fruit later
with leaves - Bentley writes
me that he sent you his
Carex Synopsis to "Rever,
Milton, Mass." He says it
should have been Readville,
and he wants me to let you
know that you may get it.
You probably have it now
Though, as once I sent a

card to the same address
and it reached you a little
late.

I have pressed and mounted
Rebbs' bundle, making 89
sheets, about 75 being *Salicis*.
a fine lot. I have also put
in my Herb. some 19 sheets
from Churchill from Cory,
Pa. some very good things.
Lonicera glauca, *Stellaria longi-*
folia, *Phlox divariata*, *Oxyc-*
trifolia &c also red fruit of
Rosa blanda from Williamsburg.
Bailey has sent me a
little book he has just
published on Apple Culture.

I have been feeling rather
poorly lately on account of
a bad cold that has been
very persistent. The storm
and horse-cars have not
improved it. Still I think
it is disappearing now.
I have just hung up a
stunning map of the U.S.
west of the Miss. River -
Government Survey -
Have just received Dudley's
Cayuga Flora a fine piece
of work on the Flora of
that region; Kind regards
to all. Sincerely yours.

Walter Deane.
