

Dear Mr. Kennedy.

I haven't heard from you  
for some time. My botanical  
work slowly progresses. Bailey's  
set of Caricac have arrived. They  
are fine, about 60 species with  
printed labels. You should have  
them all from Lansing, No.  
Main. Cambridge, Milton &  
Rye Beach. Had a nice letter  
from Barnes today. He says  
you have never answered his  
last letter. I get about 2  
letters a week from Bailey.  
He has sent me a lot of  
his No. Main. plants, I shall  
have to poison now with a  
vengeance. Mr. Watson has  
returned, well and brown.  
Had a long letter today  
from Lloyd. Their business

delays The Drugs & Medicines.  
I send you that bit of Muscari  
I promised - Let me hear  
from you. Barnes & Coulter  
are doing me up a bundle  
of plants - I have, at last,  
sorted all of those letters  
Ward gave me - I have  
quite a collection now -

Kind regards to all

Ever yours

W. Deane,

I hope Sinclair is coming  
out of that cold all right.

Cambridge,

Nov 22.

8.30 P.M.,

Deane, Walter. 1886. "Deane, Walter 22 Nov 1886." *George Golding Kennedy correspondence*
