

of Maine & Mass.: 1838 —

I do not know of any
more ~~or whether there~~
is a 'First and Third

I have never seen
Morrison's Supplement
to the History of Windham
N.H. and I should
accept with great
pleasure the copy
you say you can
send me —

Sincerely yrs

Readville, Mass.

7

2^d Mch 1911.

Dear Mr. Floyd:

Mr. Faxon tells me
that of ~~Emert~~ Eaton's
Term Plates, Mr. J. H.
Emerton did 1-39
and he (Faxon) did
all the rest. This
from some inadvertence
on the part of the
Publisher the plates
you cite viz 52-57
were printed with
Emerton's name,
& this was more or
less erased before
the issue of the
volume.
The works ~~were~~ ^{was}

published serially,
and Mr Faxon has
the exact date
when each part
was issued.

My ~~number~~ Plate III
has as you surmise
"J. H. Emerton del" in the
left lower corner
and "Armstrong & Co
Lith. Boston" in
the right lower corner

There are certain
slight variations in
the words "Armstrong & Co
Lith &c" in several
of the plates, some
having the words
"Riverside Press Cambridge."

I do not know of any
edition of Dewey's ~~Plants~~
of Mass that has also
Herbaceous Plants &
Mass that has ^{in the same} the vol
Trees and Shrubs:

My copy of Dewey is
dated 1840 and
of Emerson's Trees
and Shrubs 1846.

I have bound in one
thick ¹⁸³⁷ volume The First
Second ^{not the page} (annual) and
Third ¹⁸³⁹ (annual) Reports
on the Geology of the
State of Maine, and
also by C. T. Jackson
the "second annual
report of the geology
of the Public Lands"

Kennedy, George G. 1911. "7 Mar 1911 [Kennedy to F.G. Floyd]." *George Golding Kennedy correspondence*
