

ARNOLD ARBORETUM, HARVARD UNIVERSITY,
JAMAICA PLAIN,
MASS.

May 8, 1905.

My dear Dr. Kennedy:

The flowers of that peculiar *Crataegus* that grows on the summit of Mt. Willoughby have never been collected. Can't you get them for us this spring? The collection won't be complete without *Crataegus Kennedyi* and this is a good one for the name. If you get the flowers, do not forget to note the number of stamens and styles and the color of the anthers.

I wish we saw you more frequently here.

Yours very truly,

C. S. Sargent

Dr. G. G. Kennedy,
Readville, Mass.
