My dear Dr. Kennedy:

Your kind letter

of the 10th reached me safely and I appreciate very greatly your willingness to help in getting out my unwieldy Monograph. I am going to ask you, however, if you will not be so good as to tell me very frankly whether you would not find it an inconvenience to do so at this time and would prefer at the moment not to assist in this matter. I know that this is a most unfortunate time to prefer such a request, and I think under any circumstances I shall be able in some way to cut the expense so that it can be met. It would be a matter of great regret to me if I felt that you were being put to inconvenience in this connection and therefore trust that you will have no hesitation in telling me so, and that you will not feel under the slightest obligation in the matter. Sincerely yours

Roband Thaxter.
