My dear Doctor,  
Gerritt Miller writes me from Washington D.C. that he & Rose have just received some *Houstonia caerulea* from the Alpine Garden, Mt. Washington which they think is different from the Washington D.C. plant. They need more material from this region. What can you do for them. I have some more Mt. Washington material for them, some from near Boston & yesterday I got some at York Harbor, Mr. Rich promises me some, probably from around here. If you can get some at Wiloughby or have some at home from other localities so much the better.

Yours sincerely  
A.F.W.
