My dear Doctor,

I was just on the point of writing to you when I rec'd. yr. letter. I called on Cr. Faxon last night & your jack knife was ornamenting the mantel piece & he asked me to express to you my admiration of the artistic effect produced. I wanted to ask you to get me if possible Parnassia in fruit. I have never seen it in fruit. If you should throw in some Aster prenanthoides I should not object. The weather here has been as vile as could be. The heat over Labor Day was terrific. I spent Sunday & Monday at Centreville with Rich & Greenman & we made a rich haul. I got several things entirely new to me as *Hemicarpha subquarrosa*, *Enirena*—

Sabbatia stellaris, *Utricularia subulata* v. *clitogama*.
Elatine Americana, *Najas flex* *Indica*, var *gracillima*,
Eleocharis Robbinsii & *pygmaea*, *Cyperus Grayii*,
Scirpus subterminalis, &c. — I tell you that region
is just fascinating. It is so different from the
neighborhood of Boston. Rich & Greenman had
never been there so they were simply swamped
in the maze of good things. All the characteristic
Cape plants were new to them. By the way I
got *Andropogon macrochus* at Centerville. I had
seen it only once before on Martha's Vineyard.

Please give my best regards to Mrs. Kennedy
& Miss Ingell who I presume must be with
you, also to Dr Farlow if you still have the
pleasure of his company.

Sincerely Yours
Emil F. Williams.

By the way, wasn't that address of Farlow
delightful. It was so witty I should cite it
as an example in literature.

Williams, Emile Francis. 1898. "Williams, Emile F. 10 Sept 1898." *George Golding Kennedy correspondence*
