Dec 15. 1910

Dear Mr. Deam:

Your letter of 13<sup>th</sup> inst. came  
last night with your check for \$20.00  
- I take pleasure in knowing that you will  
mount the violet specimens with care  
& study them critically. The paper coming  
out in the Bulletin of the Long Club  
will throw much light on the nomen-  
clature. Small's Southern Flora is poor in  
its treatment of Violes. My revision will  
appear in the new edition, but that may  
not appear for some time.

I was much surprised & pained to learn  
of Mrs. Kennedy's death. Dr. Kennedy was  
usually devoted to her & will miss her greatly.  
Sincerely Yours  
Eva Brainerd.
