

Springside,
Middlebury, Vermont.

Feb. 12, 1911

Dear Mr. Deane:

I returned home yesterday after a pleasant visit with the botanical brethren in New York.

V. labradorica was one of the three violets of eastern North America sent in my list. I have fresh seeds from Mr. Fernald which I am planting & hope to have good specimens in flower in fruit from the garden. *V. rostrata* in fruit & will collect next season. & hope to get *V. Nuttallii* through Mr. Eggleston.

I am sending by mail a specimen of *Antennaria solitaria*.

Kind regards to Mrs. Deane & to Mr. Batchelder. What beautiful specimens of *Viola* he made!

Sincerely
Ezra Brainerd.
