

UNITED STATES DEPARTMENT OF AGRICULTURE,
BUREAU OF PLANT INDUSTRY.

TAXONOMIC AND RANGE INVESTIGATIONS.

Washington, D. C., Oct 8, 1910

Mr. Walter Deane,

Dear Sir:

Please accept my best thanks for the copy of "George B. Emerson, His Life and Times" and the engraving which you so kindly sent me. I am particularly glad to have this picture of Emerson for I am making a collection of pictures of botanists and this is one I should have been very unlikely to secure.

I am at present sorting our duplicate grasses and if you will let me know what species of *Panicum* you lack I shall lay out specimens for you. *Panicum* is the only thing we have

UNITED STATES DEPARTMENT OF AGRICULTURE,
BUREAU OF PLANT INDUSTRY.

TAXONOMIC AND RANGE INVESTIGATIONS.

Washington, D. C.,

ready for distribution as yet. If you are not prepared to make a list of desiderata now I can lay out specimens of all the less common species. Your herbarium includes species not within the Manual range, does it not.

Thanking you again for your kindness in sending me the life of Emerson and his picture.

Yours respectfully
Agnes Chase

Chase, Agnes. 1910. "Chase, Agnes (née Merrill) Oct. 8, 1910." *Walter Deane correspondence*
