

UNITED STATES DEPARTMENT OF AGRICULTURE,  
BUREAU OF PLANT INDUSTRY.

ECONOMIC AND SYSTEMATIC BOTANY.

Washington, D. C., September 16, 1915.

Mr. Walter Deane,  
Philbrook Farm,  
Shelburne, New Hampshire.

Dear Mr. Deane:

Your note of August 25 received. We shall be very glad to have the grasses you have so kindly collected for us, and appreciate the set of *Panicum tennesseense* from so far north.

Professor Hitchcock has been in the southwest all summer. We expect him home in a few days.

Have you heard the joyful news that Mr. Maxon has a daughter, born in July? This is their first child.

My garden is a flourishing weed-patch. I collected a set of 30 of *Syntherisma humifusa* from it a few days ago. The shortening days give almost no time for garden work.

Please give my kindest regards to Mrs. Deane.

Yours respectfully,

*Agnes Chase*

Scientific Assistant in Systematic Agrostology.

Chase, Agnes. 1915. "Chase, Agnes (née Merrill) Sept. 16, 1915." *Walter Deane correspondence*
