

BROWN UNIVERSITY
DEPARTMENT OF BOTANY,
PROVIDENCE, R. I.

Dec. 5, 1898.

Dear Mr. Deane.

At last I have had a chance to examine the B. U. Herbarium in connection with your list, and return the latter herewith. I have a package ready to send you as soon as I can get to the express office with it, perhaps tomorrow if weather permits. I shall prepay the package as it ~~is~~ includes not only the specimens for you to examine, but also a package ~~labeled~~ for the Gray Hb. and the N. E. Bot. Club; the latter containing under one cover two packages - one for each herbarium mentioned. Am going to ask a favor of you. Will you, when convenient, please deliver them to the proper authorities? No hurry that I know of.

The Vaccinium corymbosum specimens in the Brown Hb. appeared rather doubtful in some instances so I sent all the R. I. specimens we had. Please feel at liberty to make any corrections on the sheets that you deem advisable (over your initials) I'm returning them

please address to Brown University Herb

I also send me ^{sheet.} ~~specimens~~ from my own Hb.,
viz: Moneses (20 from B.U.)

Please drop me a line when the list and
plants both reach you safely.

Cordially
