W. L. McATEE

CORRESPONDING SECRETARY

May 4. 1915

Dear Mr. Deane: You are quite welcome to all of the plant I sent you, and I shall be glad to send the other Wenham specimens if you want them. I don't know what possessed me when I named the specimen you have. I know Sagittaria lens from extensive acquaintance with it in Currituck Sound, N.C. You will oblige me by making the correction in Rhodora, and if you care to, may say that it is with my consent, approval and thanks.

With best regards, sincerely yours

W. L. McAtee
