W. L. McATEE
CORRESPONDING SECRETARY

Dear Mr. Deane: Many thanks for your corrections and additions to my identifications of the Wenham Park plants. I have always wanted to see your collection of aquatic plants and trust I shall have an opportunity this fall. I may have to call upon you for assistance with some *Potamogeton* before the year is over. If you can tell me a good way of differentiating P. foliosus + P. pusillus under all circumstances, I should be glad to learn it.

With best regards, sincerely yours

W. L. McAtee
