New Dorp, Staten Is. N.Y.
Nov. 14th, 1898.

Dear Mr. Lavenport,

I am much obliged to you for your cordial and kind reply to my letter and shall be very pleased to accept your kind offer of fern prints from your own species. Perhaps you might be prevailed to come down to make us a visit at the time we hold the Torrey Club meeting and show your ferns and their photos to us yourself. That would be very pleasant, and a surprise to all the rest of the members of the Club. I have had a very nice kette this morning from the Rev. E.C. Bolles of Melrose, Mass. Do you know him? he has some very lovely photographs of ferns and a lecture on the LIFE AND GROWTH OF A FERN, which he illustrates. You may care to know of this and try to hear him at your New England botanical Club.

Yours very sincerely,

Elizabeth G. Britton.

Britton, Elizabeth G. 1898. "Britton, Elizabeth G. Nov. 14, 1898." *George Edward Davenport correspondence*
