NEW ENGLAND BOTANICAL CLUB

58 Hastings Hall,

Cambridge, March 28, 1898.

Dear Mr. Davenport:

I trust that you are planning to read us your discussion of the Ophioglossum fresh in next Friday evening. I have been counting upon you, but it has occurred to me that you may not have planned to read it at this meeting.

Mr. Peabody will have a short contribution if he is able to be present, and the Committee on a Club publication will make a report which I trust will call out an spirited discussion. These in addition to your interesting discussion ought to make a good programme.

Friendly yours

Frederick L. Fransed

for the Comm. on Reviews.
