I must congratulate you on your very critical
eye. If you look again at The Woodnia Etching
you will notice an unfinished pinnæ. The one you refer to
when I said of the drawing on the plate. I of course
drew all my centre lines. The two lower pinnæ of
this frond was forgotten. I did not notice it
until I had a proof taken. I may complete it
yet, but it is a little risky. By the way I had a charming
letter this morning from your friend Mr. Higginson. He is
very enthusiastic over the plates. I hope every body will be as
well satisfied. I find I have no description for *C. bulbosum*
Your sincere I.M.
