Mr. Walter Deane,  
29 Brewster Street,  
Cambridge, Massachusetts.

My dear Mr. Deane:

I think I told you that I hope to get off to South America soon after the first of June. One of the places on my proposed itinerary is Arequipa, Peru, where Harvard University has an observatory. I believe that Professor Campbell is in charge, but whether he is there or not I do not know. Are you acquainted with any of the people stationed at Arequipa?

Yours very truly,

Research Associate.
