

1464 R. I. Ave. Washington D.C.

April 23, 1889.

My Dear Mr. Deane :- Your notes are very valuable and will all be used. Now about the Linnaean genera. I send you a list of them which have gone in but I shall see another proof. If you can possibly find just what work they were first proposed in I shall be very glad.

We have ordered Wittstein and a good many other books of that class but they are slow coming.

That photograph was taken on July 20, 1887. I send you a signature, or rather a suite of them and you can select the best. I enclose my fac simile card which you can use as a guide in picking it out. I wrote better than Mrs. Ward sends kind regards. We hope Mrs. Deane is better.

Cordially

Lester F. Ward
