

Cambridge - Mass

Dec 12-1887

Dear Dr. Brainerd -

Will you please tell me once
more just what *Saniculae*
you have in yr. Herb. from
New England - My record is as
follows -

- reported

+ seen -

S. Marylandica

+ Me. + N.H. + Vt. + Mass. + R.I. + Conn.

S. repens.

+ Mass.

S. Canadensis

- Vt. - Mass.

+ Conn.

S. trifoliata

+ Vt. + Mass.

I think you say you have
S. Canadensis from Vt. Please look
at it very carefully. If you
have any others not in my list

would you bring it down to
Boston with you that I
may see it?

I trust you and all
are well.

Sincerely yours

Walter Deane.

My dear Mr Deane

I have looked very carefully at
my specimen of *Saurcula Canadensis*
& have no doubt it is that. It is a very
fine specimen with mature fruit.

I will try to let you see it when I
go to Boston. I see no error in your
list & can add nothing.

Yours truly

Ezra Brammer

Dec 16th 97
