

[Foeniculum vulgare, Gaertn.]

Olivet, College.

Department of Biology.

Olivet, Mich.

April 13, 1901.

Walter Deane Esq.,  
29 Brewster Street,  
Cambridge, Mass.:

My dear Sir,

I regret that I cannot send you, so much as a leaf of Foeniculum which I collected at Woods Hole, Mass. because I did not preserve any. I have never made any herbarium, but simply identify the plants I find, and if I have any doubts or difficulties, I press the plants and send them to Dr. Robinson! The Foeniculum admitted of no doubts so I did not press any. I found it the "last of July, 1899" and the "24<sup>th</sup> of July, 1900", at the same spot, but I can give you no further information about it, except that it was growing with other nutritious plants on a "dump".

Regretting that I cannot furnish you with a specimen, I am

Very Sincerely yours,

Hubert Lyman Clark.

Clark, H. L.

Forniculaea val.  
from Mass.

Clark, Hubert Lyman. 1901. "Clark, Hubert Lyman Apr. 13, 1901 [to W. Deane]." *Correspondence relating to preliminary lists of New England plants, 1897-1904 (inclusive)*
