

New London. Ct.
Feb. 26. 1901

Dear Mr. Deane: I am sending
you a couple of sheets of
Guz. lucasiana resinosa var.
glaucoarpa, mature leaves
with fruit. I could not
seem to get hold of my
principal lot of that form,
on account of the chaotic
state of some parts of my
collection. I believe I have
a few flowering specimens also,
and if you are very desirous
to have some I will take
another look. Do not hesitate
to tell me if you need the
flowers also.

Since my return from Boston

Graves, C. B.

Gayville, Conn.

My professional work has kept me very busy, so that little time has been left for botanical researches.

If at any time I can be of any service to you in the way of furnishing specimens or otherwise, it would give me great pleasure to do so.

I had in mind to collect for you this last season plants of *Urescari racemosa* & *Panicum longifolium*, but in the first case an early snowing prevented, and in the second I did not get to the locality.

Sincerely yours,
C. B. Graves

Graves, Charles Burr. 1901. "Graves, Charles B. Feb. 26, 1901 [to W. Deane]."
Correspondence relating to preliminary lists of New England plants, 1897-1904
