#### SCIENTIFIC NOTE

### SOUTH AMERICAN COCCINELLIDAE (COLEOPTERA) PART III: CORRECTION AND ADDITION<sup>1</sup>

Robert D. Gordon<sup>2</sup>

Part III of the South American Coccinellidae series (Gordon 1994) in which the tribe Coccidulini was revised must have the title changed to "Part IV" and the genus *Zenoria* Mulsant must be accounted for in the tribal classification.

A revision of the genus *Delphastus* (Gordon 1994), another part of that series, was in press at the same time in another journal and was inadvertently assigned the same part number. Therefore "South American Coccinellidae (Coleoptera). Part III: definition of Exoplectrinae Crotch, Azyinae Mulsant, and Coccidulinae Crotch: a taxonomic revision of Coccidulini" is corrected to read "South American Coccinellidae (Coleoptera). Part IV: \_\_\_\_\_."

In the same publication the tribe Ortaliini Mulsant and the genus *Zenoria* Mulsant were omitted from the tribal and generic list on page 687. *Zenoria* is the only South American representative of Ortaliini.
