Please return this with your reply.

Dear Sir,

I send you by this mail a copy of our Magazine for the past year, in which you will notice that in my own way I have been endeavoring to spread a knowledge of the native species of ferns. A few take an interest in the subject, I am of course obliged to make my accounts as popular as possible. I read with great interest all you write on the subject, recognizing you as a leading authority on the subject. I do not lay claim

To much original information  
in these articles, and am only  
acting in the role of the editorial  
teacher. Should this matter be  
of sufficient interest to  
you to desire it I will  
continue the current volume.

Yours  
Very Respectfully  
C. W. Sledge.  
Ed. Vick's Mag.

Volumes 5 & 6 sent.
