Kivuiops: A New Name for a Generic Homonym of Afrotropical
Baetidae (Ephemeroptera)

Lugo-Ortiz and McCafferty (1996) proposed the generic name *Kivua* for two distinct Afrotropical species previously assigned to *Cloeon* Leach and *Rhithrocloeon* Gillies (Ephemeroptera: Baetidae). Forsius (1934), however, previously used the same generic name for certain sawfly species (Hymenoptera: Tenthredinidae) from Africa. Because our generic name was therefore pre-occupied, we propose the replacement name *Kivuiops* (**new name**) [= *Kivua* Lugo-Ortiz and McCafferty 1996 (**new homonym**), nec *Kivua* Forsius 1934]. The two species included in *Kivuiops* are *K. elouardi* (Gillies) (**new combination**) and *K. insuetum* (Kopelke) (**new combination**)..—

We sincerely thank Andreas Taeger (Deutsches Entomologisches Institut,

Müncheberg, Germany) for kindly informing us about the sawfly genus *Kivua*.
