HISTORY OF THE CASE (Z.N.(S.) 1105)

The present case was submitted to the office of the Commission by Dr. Henning Lemche in April 1956 and revised by him in 1963. The application was sent to the printer on 17 October 1963 and was published on 25 March 1964 in *Bull. zool. Nomencl.* **21** : 50–51. Public Notice of the possible use of the plenary powers for the suppression of *Cratena* Bergh was given in the same part of the *Bulletin* as well as to the other prescribed serial publications (Constitution Art. 12b; *Bull. zool. Nomencl.* **21** : 184) and to two specialist serials.

The application to suppress *Cratena* was opposed by Dr. R. Burns (*Bull. zool. Nomencl.* **21** : 410) and by Mr. David Heppell (*op. cit.* : 415) who made a counterproposal. Mr. Heppell's proposals were agreed to by Dr. Lemche (*op. cit.* **22** : 11) except for para. (1) dealing with CRATENINAE, which is considered to be a synonym of FAVORININAE.
