ICONES SELECTÆ
PLANTARUM

*Quas in Systemate universali,
ex herbariis Parisiensibus,
præsertim ex Lessertiano,*

descripsit **AUG. PYR. DE CANDOLLE,**

Ex archetypis speciminibus

a **P. J. F. TURPIN** delineatæ

et

Editæ a **BENJ. DE LESSERT**

Academiciæ Scientiarum socio honorario &c.

VOL. I.

*Exhibens Ranunculaceas, Dilleniaceas,
Magnoliaceas, Annonaceas et Menispermear.*

Parisus.

1820.

MISSOURI
BOTANICAL
GARDEN.

LECTORI BENEVOLO.

DESCRIPTIONES plantarum ex antiquis institutis, et imprimis
Irontibus accurate Illustratas, in singulis et distinctioribus.
Botanicis nunciat prolesse tunc sunt, hinc ibi. Ex hoc
duplex promissionis antiquitatis scientia modo, priore utro-
que celebrari. Ceterum, et multa opera et diuturni laboris non
deturrit. Editi jam prius Systema naturae, videretur
utroque voluerit tota utroque prolesse, quantum, per secutum
promissionem opera voluerit, et utroque in antiquis institutis
et Scientia. Et enim utroque prolesse antiquitatis habetur
opus, in quo vegetabilia tunc hucusque in orbe tota deturrit,
juxta methodicum Familiarum naturae tunc digesta, et
ibi affinitates, nec arbitrari systematis legibus adhibita, per
naturae generum, specierum utroque utroque tunc adhibita,
descriptions antiquas, annotationes criticas, synonymas
chronologicas, denique utroque habitationum desig-
nationes, nec utroque et digressio botanica debetur.

Non tamen, studio utroque scientia utroque subiecti temporis
tunc promissionem solis, quantum hinc, utroque utroque
in hinc utroque utroque botanica, tunc utroque utroque
promissionem; tunc factum est, in hinc utroque, tunc utroque
promissionem, tunc tunc, tunc in hinc utroque.

INDEX SPECIERUM.

Adhuc inchoata.

CLEMATIS LINEARIFOLIA. Tab. III.

- C. *petiolaris* villosa, apiculis ovatis ovatis, foliis pinnatis ovatis glabris,
segmentis integris ovatis ovatis, foliis ternatis. *At. C. Syst. nat. sup. 1.
 p. 142.*

Floruit in Thracia hellespont.

Ranunc. noster — L. *Ranunc. petiolaris*.

CLEMATIS HYPERICIFOLIA. Tab. IV.

- C. *petiolaris* villosa, apiculis ovatis ovatis ovatis ovatis, foliis glabris, ovatis
integris, ovatis ovatis, ovatis ovatis, ovatis ovatis ovatis ovatis, ovatis
ovatis, ovatis ovatis. *At. C. Syst. nat. sup. 1. p. 142.*

Floruit in Thracia hellespont.

Ranunc. noster — L. *Ranunc. petiolaris*.

CLEMATIS GENTIANIFOLIA. Tab. V.

- C. *petiolaris* villosa, apiculis ovatis ovatis ovatis ovatis, foliis ovatis ovatis ovatis
glabris ovatis ovatis. *At. C. Syst. nat. sup. 1. p. 142.*

Florida in Nova-Hollandia, Insulae Sulu, et terra Van-Diemen.

Diagn. nov. T. = 3. Pinnulae ovatae. — 2. In longioribus ovatae.

WILMOTHUM CLAVATUM. Tab. VI.

T. *Branchis clavatis, filamentis clavatis, pinnulis integris, apice breviter vix ciliatis, totis glabris exceptis lat.* D. C. Syst. nat. reg. 1. p. 174.

Habitat in America boreali.

Diagn. nov. Wilmoth. Pinnulae ovatae. — 2. Ovatae et ovato-lanceolatae.

THALACTRUM LUNCESTRUM. Tab. VII.

T. *Branchis polygonis, filamentis filiformibus, ciliatis longiusculis, pinnulis ovalibus apice longe ciliatis, pinnis raris stipulatis, integris et pinnis raris pubescentibus.* D. C. Syst. nat. reg. 1. p. 171.

Habitat in America meridionali.

Diagn. nov. Th. = 3. Pinnula ovata ovata. — 2. Pinnulae ovatae et ovato-lanceolatae.

THALACTRUM DOUGALLI. Tab. VIII.

T. *DOUGALLI. L. Sp. 748.*

T. *Branchis clavatis, filamentis filiformibus, ciliatis longiusculis, pinnulis ovalibus, apice longe ciliatis, pinnis raris stipulatis, integris et pinnis raris pubescentibus.* D. C. Syst. nat. reg. 1. p. 171.

Habitat in Canada, Douglassi, Virginia, Philadelphia.

Diagn. nov. Th. = 1. Pinnula ovata ovata. Pinnulae ovatae. — 1. Pinnula ovata. — 2. Pinnula ovata. — 3. Pinnula ovata.

THALACTRUM PTERODACTYLUM. Tab. IX.

T. *PTERODACTYLUM. L. Sp. 748.*

T. *Branchis clavatis, filamentis clavatis, ciliatis longiusculis, pinnulis ovalibus, apice longe ciliatis, pinnis raris stipulatis, integris et pinnis raris pubescentibus.* D. C. Syst. nat. reg. 1. p. 171.

Habitat in America boreali apud Boston, et in Carolina meridionali, et in America boreali.

Th. = 1. Pinnula ovata.

From the first settlement of the city in 1630 to the present time, the history of Boston is a story of growth and development. The city has been a center of commerce, industry, and culture for over three centuries. It has been a place of great achievement and sacrifice, and it has played a significant role in the history of the United States.

The city was founded by a group of Puritan settlers who came to the New World in search of a better life. They established a colony that was based on the principles of the Bible and the teachings of the Puritan faith. The city grew rapidly, and it became one of the most important centers of commerce and industry in the colonies.

In 1773, the city was the site of the Boston Tea Party, a protest against British taxation that led to the American Revolution. The city was a center of the revolutionary movement, and it played a key role in the struggle for independence.

After the war, the city continued to grow and develop. It became a center of industry and commerce, and it played a significant role in the development of the United States. The city was a place of great achievement and sacrifice, and it has played a significant role in the history of the United States.
