SEEDSMEN AND FLORISTS,

→❖ TO FLORISTS, ❖←

PARTICULARLY SUCH AS HAVE NOT BEFORE DEALT WITH US, WE
WOULD SUGGEST READING THE FOLLOWING BEFORE
MAKING OUT THEIR ORDERS:

First. That the advantage of purchasers being able to get everything wanted from *one establishment* has been well shown in the immense increase in our business since we began this system. We endeavor to supply every want of the *Florist* or *Market Gardener*, whether it be in *Plants, Bulbs, Flower Seeds, or Garden Requisites.*

Flower Seeds.—A most complete assortment, both for Green-house and the Flower Garden, is given in this list, embracing the most useful kinds for cut flowers or for other decorative purposes.

Requisites for Florists. Instead of issuing a special catalogue of these goods, as in previous years, we now embody in this wholesale list, which we think a more convenient arrangement. Our list of everything in this line will be found full and complete.

Plants, Requisites and Seeds may be sent in the same package when desired, thereby saving additional express charges, but orders should be made on the separate order sheets (one of each, for seeds and plants, will be found in this list). The order sheets should always be used, as it is much easier to fill orders when the order is written on them, than when mixed through the body of a letter, which should never be done.

Our Plant Department this season (1884) covers nearly *four and a half acres in glass*, probably double in extent that of any other establishment on this Continent. Our Green-houses being arranged so that they can be graded to any temperature, the most perfect health and vigor possible is given to the Plants, and with these advantages we are also able to compete with any in the matter of prices.

Our Employees, for the most part, are trained florists and seedsmen, many of whom have been with us from ten to fifteen years. We will, this season, employ an average of *eighty* hands throughout the entire season.

Conditions of Sale of Plants.

The Plants named are offered at the rates quoted, *provided, that not less than FIVE of each class or variety is taken. No order will be filled from Plant list in less amounts than six dollars.*

The varieties must be our own selection of sorts *unless otherwise offered*; for example, if twelve different kinds of Roses or Geraniums are ordered, we send twelve distinct sorts, but cannot afford the time (at these low rates) to select special kinds, named by the buyer. Any one wanting varieties of special kinds, can order from our Descriptive Catalogue, but at retail rates, from which we allow a discount of one-third. However, in ordering from this wholesale list, we give the buyer the privilege of naming sorts, he *don't* want us to send.

Plants may be safely shipped to all parts of the country,

At all Seasons of the Year,

as our system of packing is so complete that, although we send out thousands of packages during the coldest days in winter, we rarely have a case injured, when sent by express.

All goods are sent by express, unless specially ordered otherwise.

To places where there are no express offices, we will send all Plants, named in this list *by mail*, at an advance of one-third on the prices named; thus, if 100 plants, costing \$6, are wanted, we will send them for \$8, prepaid, by mail; but again advise, that whenever it is possible, to have plants sent by express, as it is the best mode, and our light system of packing makes the charges comparatively low.

No Charge for Boxes, Baskets or Packing.

ABOUT FORWARDING AND REMITTING.

Every order is executed at once on its receipt, or a reason given why it has not been sent, so that parties ordering may know that if goods are not received in proper time, it is almost certain that the letter has not been received by us. Remittances should be made either in the form of a Money Order, Bank Draft, Express Order, or Registered Letter. Remittances in any other way are entirely at the sender's risk. In regard to Postal Notes, which are likely to be largely used, we are obliged to say that, as they afford no security, and are readily negotiable into whomsoever's hands they may fall, we cannot hold ourselves responsible for letters lost in transit that may contain them.

How Our Book Premiums Can be Obtained.

The plan we adopted several years ago, of giving Mr. Peter Henderson's Books to customers, as Premiums on orders, has, we think, been mutually satisfactory; and as we shall continue the practice on a more extensive scale than ever, we ask of our patrons careful consideration to the terms detailed below, by which these different books may be obtained. Mr. Henderson's last production, "*Garden and Farm Topics*," as will be seen, can be had on orders of \$10 and upward, while for orders of \$20 and upward, the purchaser may select either "*Gardening for Profit*" "*Practical Floriculture*," or "*Gardening for Pleasure*."

While the selling price of these four works is \$1.50 each, we ourselves publish only one of them, "*Garden and Farm Topics*," which enables us to offer it as a premium on a smaller order. We make this statement to explain, what might otherwise appear contradictory. In the information given, these various books do not conflict with each other, as most of our costumers perhaps know. Here are the conditions: On all orders from this catalogue to the amount of \$10 and upward (in one order) we will include, without charge, a copy of Peter Henderson's new book, "*Garden and Farm Topics*," a work of 250 pages, handsomely bound in cloth, and containing an excellent portrait on steel of the author. The subjects this book embrace will be found below. When the order is to the extent of \$20 and upward, purchasers may choose any one of Mr. Henderson's three books, "*Gardening for Profit*," "*Practical Floriculture*," or "*Gardening for Pleasure*," the price of which is \$1.50 each; and when the order amounts to \$40 and upward, we will send the buyer his choice of any two of the above four books, or, instead, a copy of our late work, "*Henderson's Handbook of Plants*," the value of which is \$3.00, but it is understood that any book or books desired *must be selected at the time of ordering. This last condition is imperative, and under no circumstances can we deviate from it*; and customers must not be disappointed if we fail to honor subsequent demands made upon us for the books as Premiums.

Of the Books offered above as Premiums,

Garden and Farm Topics,—Contains portrait of Peter Henderson and embraces within its scope the following subjects:

Popular Bulbs and their culture.—Window Gardening, and Care of Plants in Rooms.—Propagation of Plants.—Rose Growing in Winter.—Green-house Structures, and Modes of Heating.—Formation and Renovation of Lawns.—Onion Growing.—How to Raise Cabbage and Cauliflower.—On the Growing and Preserving of Celery.—The New Celery "White Plume."—Strawberry Culture.—Root Crops for Farm Stock.—Culture of Alfalfa or Lucerne.—Manures and their Modes of Application.—Market Gardening around New-York.—The Use of the Feet in Sowing and Planting.—Popular Errors and Scientific Dogmas in Horticulture.—Humbugs in Horticulture.—Draining.

Gardening for Profit.—Price \$1.50.—Gives in comprehensive detail our twenty-five years' experience in *Market Gardening*. If you wish to grow vegetables for sale, you need this book. (In cloth, illustrated.)

Practical Floriculture.—Price \$1.50.—Gives up to date our whole experience in the *Propagation and Growing of Plants* during the past thirty years. This work is a complete guide for those intending to become *Commercial Florists*. (In cloth, illustrated.)

Gardening for Pleasure.—Price \$1.50.—Is a concise compendium, giving plain details for the culture of *Fruits, Flowers, Vegetables, and General Gardening*. For the use of *Amateur Cultivators*. (In cloth, illustrated.)

Henderson's Handbook of Plants.—Price \$3.00.—Is a condensed encyclopedia of 412 pages, giving botanical classification, propagation and culture of nearly every known plant in cultivation, either ornamental or useful. Invaluable as a book of reference. (In cloth.)

NEW TEA ROSE, "SUNSET."

PRICES FARTHER REDUCED! PLANTS SPLENDID! CALL AND EXAMINE!

"SUNSET," HALF NATURAL SIZE.

winter, sold at just double the price of "Perle." It will be equally valuable as a summer-blooming Rose out doors. Any one that has seen the rich tints of the old *Safrano* Rose buds, when grown out doors, can form some conception of what "Sunset" must be which is perfectly double, of fine form, richer tinted, and twice the size of *Safrano*. "Sunset," from its being full and double, gives excellent buds, even in the hottest weather, when semi-double Roses, such as *Safrano*, *Bon Silene*, etc., are nearly worthless.

No better evidence can be had of the great value attached to the "Sunset" Rose by the Trade, than the fact, that since January 1st, we have sold upward of ELEVEN THOUSAND PLANTS to the leading ROSE GROWERS, of New-York, Philadelphia and Baltimore, undoubtedly a greater number than has ever been sold of any new Rose that has been on the market such a brief time. We invite all, to call and examine our flowering plants, well believing that any one competent to judge will agree with us, that "Sunset" is the most valuable new Rose ever offered in this country.

\$50 FOR 12 BUDS OF "SUNSET."

IN TWO PRIZES.

We offer a Special Price of \$50 for 12 buds of SUNSET ROSE, to be competed for on the first Tuesday in December, 1884, at the Rooms of the New York Horticultural Society, 28th Street, near Broadway, New York City, divided as follows.

For the First Best 12 Buds of Sunset.....\$30 00
" " Second " 12 " " 20 00

The above competition is open to any one, whether a member of The New York Horticultural Society or not. Customers living at a distance from New York can, if they wish, send their flowers to us, by mail, so that they will reach us the day before the exhibition, and we will see that they are entered for competition. These Special Prizes will be awarded by the Judges of the Horticultural Society, and not by us.

NEW DOUBLE ABUTILON, "THOMPSONI PLENA."

NEW DOUBLE ABUTILON. Thompsoni Plena.

There are few classes of plants that are more popular and desirable for house or garden culture than the Abutilon. Although many fine single varieties have been raised; a double one has never been produced until we obtained this. It originated in a "sport" from Thompsoni variegata, and it still retains the beautifully mottled yellow and green foliage of that variety, but with perfectly double flowers, that resemble in form a double Hollyhock; color, rich deep orange, shaded and streaked with crimson. (See cut.)

\$1.50 per doz.

DOUBLE WHITE AZALEA, "Daphne."

This, we consider, the finest of its class, its flowers are pure white and nearly double the size of "Flag of Truce." It is very free flowering and is as good a grower as any of the single varieties. Price, 3½ inch pots, \$25 00 per 100.

DOUBLE WHITE AZALEA, "Flag of Truce."

Fine healthy plants, 3½ inch, \$25 00 per 100.

SET NEW SINGLE DAHLIAS.

This new section of the Dahlia family has now become exceedingly fashionable, owing to the value attached to the cut blooms, their airy butterfly-like forms giving the flower a grace never attained by the finest double sorts. The flowers range from three to five inches in diameter; all having a bright yellow centre surrounded with petals running through all the shades of scarlet, crimson, roses yellow, orange, white, lilac, carmine, etc.

Butterfly. A beautiful shade of pink.

Ballot. Deep carmine; large and showy.

Moonstone. Large; light canary yellow.

Sandusky. Orange; immense size; very distinct disc.

Chancellor. Delicate lilac; large size, free blooming.

Orichton. Maroon, of a rich velvety shade.

White Queen. Pure white.

Corsage. Intense bright scarlet; very fine.

Vicarage. Bright vermillion; large.

30 cents each; set 9 for \$2 50.

NEW DOUBLE OLEANDERS.

We offer a collection of the finest new French varieties, which are said to be superior to anything of the kind ever before offered. They have not yet flowered with us, so we append the raiser's descriptions. Purchasers will bear in mind that the flowers of Double Oleanders on small plants are apt to come partly single, but will come perfectly double when the plant attains some age.

Henri Maries. Soft rose, lightly bordered carmine.

Prof. Durand. Sulphur yellow, straw colored at throat, 75c. each.

Md. Peyre. Pure white.

Prof. Planchon. Deep carmine, sometimes with yellow rays.

Md. Chas. Baltet. Soft rose, lightly bordered crimson.

Md. Puech. Delicate rose color.

Splendens Ordinarie. Deep pink.

Morcel. White, shaded salmon.

Gilbert Bravy. Soft rose.

Souv. de Claude Sahut. Clear rose, bordered with carmine shade.

Savort Pere. Salmon colored.

Laure. Clear rose color, shaded violet.

Leon de Lunoret. Clear carmine.

Md. Leon Brun. Deep purplish carmine

Prof. Porlatorre. Clear rose.

Cousine Marie. Pure white, very double.

Mabrie. Light pink.

20 cts. each, except where noted. Set 17 for \$3 00.

See description of **NEW TEA ROSE "SUNSET,"** page 4.

ASPARAGUS TENUISSIMUS.

A beautiful plant of recent introduction, with delicate filmy foliage. Sprays of it are now extensively used in place of Maidenhair fern fronds, as it gives a better effect in cutflower work, and lasts longer after being cut.
\$6.00 per dozen.

EUCHARIS SANDERI.

A free-flowering variety of the well-known *Eucharis Amazonica*. Its flowers are a little smaller than in the older variety, but are produced so much more freely that it is far more valuable. For fine cutflower work it has no equal.
\$6 00 per dozen.

NEW CHRYSANTHEMUMS—Semi-Double.

The following varieties raised by Messrs Hallock, Son & Thorpe, comprise many magnificent sorts, and mark a new era in the cultivation of the Chrysanthemum.

America. An immense flower, nearly 8 inches across, petals long and somewhat twisted, opening blush and maturing pure white; early.

Dr. Hogg. Petals broad and smooth, rich velvety-crimson, in about 3 rows, flowers on long foot-stalks; fine and effective.

Harriett Thorpe. Opening at first light blush with very deeply lacinated petals, in 3 or 4 rows, conspicuous yellow disc; maturing pure white and incurving so as to form complete globes; beautiful; late.

James Y. Murkland. Petals purest snowy-white; very long, much reflexed on the outer edges, inner petals arranged in irregular shapes, resembling the wavy-like curls as found in the most beautiful ostrich plumes; superb.

John W. Chambers. Flowers very large, of 4 to 6 inches in diameter, of the purest golden-yellow; late, fine single.

Mrs. Gubbins. Very large, creamy-white, much twisted, fine habit, large yellow disc; very handsome.

Mrs. C. L. Allen. Handsome plant with bold flowers, deep rose, with pure white ring around yellow disc; fine distinct.

Mrs. S. Lyon. Immense flowers in large dense heads, with long petals, broad at disc and extending to narrow points; white, with creamy shade at base; peculiar and effective.

Peter Henderson. Very fine flowers, 4½ inches in diameter, pure lemon-yellow; fine habit, early, first-rate.

President Arthur. Outer rays most intense crimson; bright golden-yellow ring around disc. flowers large, of very fine habit.

Pyrethrum. Light pink, shaded lavender, with white ring around a large yellow disc, in dense compact heads; lasting a long time in perfection; early.

Septimus Lyon. Flowers 7 inches in diameter, opening in a broad flat even head without showing the disc; the petals are of a pure golden-yellow on the upper surface, lower surface of peculiar apricot-red; when fully expanded the petals are curved and fall back, showing the yellow disc; quite a gem.

W. A. Harris. Flowers very large, single, in fine dense heads of the finest effect; petals lined with deep bronze, on a pure golden-yellow ground; novel and distinct.

W. Falconer. Flowers immense, of a deep red-pink, of the brilliant soft red effect as seen in the *Rose Bon Silene*; petals twisted and curved in loose ribbon-like arrangement; a fine variety and late.

Zephyr. A most distinct variety, nearly double, with roundly twisted petals of a delicate straw or cream color, curved so as to form distinct filament-like surfaces; disc large, bright gold color; a remarkable variety, lasting a long time in perfection.

Price, 25 cents, or the set of 15 varieties for \$3.50.

NEW DOUBLE VARIETIES.

Annie Thorpe. Opening blush at first, rather flat, afterwards forming complete round snowy-white balls; the petals more or less irregular; in habit all that can be desired, of medium size; rather late.

Bonnie Rose. Deep rose on upper surface; under surface bright silvery-pink, opening quite flat, afterwards forming complete globular-like flowers; fine habit; distinct.

Julius Scharff. On first opening very large, flat and smooth, of the richest violet amaranth, lasting a long time.

King of Primroses. Petals broad at base, running to narrow point, upper surface primrose-yellow, faintly striped with rose, maturing into globular primrose heads; dwarf, free, fine, late.

Mrs. S. A. Nutt. Blush, very large petals, much curved and arranged in whorls, reflexing from centre, of close, compact habit; fine for specimens or decorations.

Mrs. W. Barr. Rich silvery-pink of the purest shade; on first opening quite smooth and flat, and afterwards forming into large, loose globular flowers four inches in diameter; early.

Perfection. Petals ribbon-like; incurving toward the center; pink, white and lavender; 7 inches across.

Pocohontas. Very large; pure white, with a golden center.

Mrs. N. Hallock. Of the Chinese type; very large and snow-white.

Mr. N. Hallock. Medium size; delicate silvery blush fine.

25 cents each; set 10 for \$2.00

See description of **NEW TEA ROSE "SUNSET,"** page 4.

CHRYSANTHEMUMS FOR EXHIBITION.

The finest exhibition of Chrysanthemums ever seen in this country, was shown in New York in November of 1883. After the Exhibition, the specimens were sold at auction at prices ranging from \$5 to \$18 each.

The exhibition has given an impetus to the growing of Chrysanthemums all over the country, and next fall they will be the most fashionable flower of the season.

The lists below given comprise the finest of each class.

STENOTAPHRON.

This plant is supposed to be a native of Japan, and has proved to be one of the most desirable plants for baskets, vases and urns, and for a bracket in window decoration it has no equal, its elegant grass-like foliage, striped with white and creamy-yellow, with long pendant shoots of from one to two feet in length, are remarkably distinct. The cultivation is of the very easiest, succeeding admirably in any common soil. The plant has also proved a great acquisition in the now popular carpet and pattern bedding designs. \$1 00 per doz.

DASYLIRION MOLINA.

A scarce ornamental plant, resembling, somewhat in habit, the Pandanus. The leaves are very long and narrow, and are covered with small spines.

Price, 50 cts. each; \$4 50 per doz.

NEW DWARF STEVIA.

(Stevia Serrata Nana.)

A very distinct variety of the well-known Stevia Serrata, which was offered for the first time last spring. It never grows over 18 inches high and its flowers are whiter and produced in far denser masses than the old variety, and it can be grown on low side benches.

\$1 50 per dozen.

SELLAGINELLA KRAUSIANA AUREA.

This is probably the most beautiful of all the Mosses. Color, clear golden yellow, similar to that of "Golden Feather." For Wardian cases or for a pot plant it has no equal among its class.

\$2 00 per dozen.

See description of **NEW TEA ROSE "SUNSET,"** page 4.

Are prepared to accept Import orders for any of the following

Bulbs for Winter Forcing

(Orders from this List, accepted from March 1st to May 1st, 1884.)

The below named Bulbs, now so largely grown for cut flowers during the winter months, are annually inspected by us, and this supervision results in the best bulbs being invariably sent to us. The following testimonials from customers as to the superior quality of our Early White Roman Hyacinths, are but specimens of what we are continually receiving in regard to all our forcing bulbs. The large quantities required for our trade enables us to quote the exceptionally low prices here made. Deliveries will be made at a time specified after each article. *At rates here quoted, customers will understand, that it includes packing and delivering to any express or freight office here in New York.*

NO CHARGE FOR CASES, PACKING OR CARTAGE.

Early White Roman Hyacinths.

(Delivery in September)

As to the quality of our Roman Hyacinths, we beg reference to the following extract from patron's letters, which will tell the story more effectively than anything we can say.

Price for FIRST QUALITY BULBS, \$4.25 per 100, \$37.50 per 1000.

WHAT GROWERS SAY OF OUR ROMAN HYACINTHS:

I have bought Roman Hyacinths from you every year since they were first offered, and they have given the best of satisfaction. I usually have them in full bloom by the holidays. They give me three fine spikes, and sometimes four, to each bulb.

SAVANNAH, GA.

G. NOBLE.

The Early White Roman Hyacinths received from you, during the last four years, have been very satisfactory. Those you sent this season were exceptionally fine.

MONTCLAIR, N. J.

A. S. WALLACE.

I have grown your Early White Roman Hyacinths for three seasons, and every bulb bloomed beautifully. They were most satisfactory.

BUFFALO, N. Y.

MRS. J. HALE.

The Roman Hyacinths purchased from you last year produced very fine spikes of bloom, and gave entire satisfaction.

DETROIT, MICH.

W. B. & W. M. TABER.

The Early White Roman Hyacinths you sent us turned out first-rate as have all the other bulbs.

PORTSMOUTH, N. H.

M. E. HUTCHINSON & CO.

The Roman Hyacinths are just commencing to bloom and promise to be very fine. Last season they were very satisfactory. You may look to get out orders early next year, as we find we invariably receive better bulbs and at less cost by ordering early.

CINCINNATI, OHIO:

W. GARDINER.

I have always found your Early White Roman Hyacinths first-class in every respect.

DENVER, COL.

THE BERMUDA LILY.

See Large Colored Plate
in Retail Bulb Cata-
logue for Autumn
of 1884.

LILIUM HARRISII.

(The Bermuda Easter Lily.)

The most important addition to our list of Lilies made in many years—*being particularly valuable for forcing!* The flowers are large, trumpet shaped, pure waxy white, symmetrical, chaste and beautiful, resembling the well-known *L. longiflorum*. Its great value lies in its profusion of bloom, being almost incredibly free flowering. Flowers have been produced from single scales, within a year from plant-

ing, while bulbs the size of a hickory-nut send up vigorous stems, flowering freely. First size bulbs produce at least six, and extra size bulbs twelve blooms, (often more.) A single stem has produced seventy perfect flowers here; which was eclipsed by a plant in its native Island, bearing 145 blossoms on a single stem; these of course are exceptions.

In addition to its remarkable blooming qualities, it will, under proper treatment, throw up a second stem, giving another smaller crop of lilies; and an additional superiority consists in its earliness, being three or four weeks earlier than any other lily grown for forcing, when planted and grown together under same conditions. We have thoroughly tried this lily and know it to be one of the most profitable for forcing that can be grown. We have a large stock of bulbs, in splendid condition, which we can commence to ship at once, thereby enabling flowers to be brought in very early.

Price, first size bulbs, \$12.00 per 100.

(Price per thousand on application.)

The Special Mixture of GRASS SEED, prepared and first called by us

HENDERSON'S

"CENTRAL PARK" LAWN GRASS SEED.

Has given such universal satisfaction, that we this Season, in response to a very general demand from our jobbing trade, have put the Mixture up in a more salable shape, offering it in attractive paper boxes of the form shown in the illustration. As will be seen, we offer this **Grass Seed** in packages of three sizes—**Quarts**, **Two Quarts** and **Half Pecks**—and customers in ordering will please designate what sizes, or how many of each are desired.

This **Grass Seed** readily retails for **25 cents**, per quart, or at rate of **\$8.00** per bushel.

Our price to Florists and Dealers is **\$4.00 per Bushel**, put up in the packages we have just referred to, so it will be seen that it affords a handsome profit to those handling it.

Full and complete directions for the sowing and after treatment of the Seed printed on every package, and to further facilitate its sale, we supply purchasers with ornamental posters without charge.

Trade Price, HENDERSON'S "CENTRAL PARK LAWN GRASS" \$4.00 per Bushel.

NOTICE OUR REDUCED PRICES OF WIRE DESIGNS FOR CUT FLOWERS.

Willow Baskets and Designs for Cut Flowers.

(For Sizes and Prices, see opposite page.)

Basket Designs of Willow, Straw, Chip,

For Filling with Cut Flowers.

We this season offer only the most salable baskets, etc., which will be found much reduced in price. The "Braid Straw" work is now very fashionable in New York, and is used mostly in gilt. When willow, straw and gilt work is wanted we must be allowed from 3 to 5 days to fill the order, as all Straw work is made up from new crop straw, and willow or gilt work is freshly painted. We allow no tarnished or shop worn goods to leave our house. We give the measurement in inches as nearly as possible, although some baskets, etc., will vary slightly. This will make it very convenient, we think, to make selections.

SULPHUR BELLOWS.

This is a simple bellows used to blow the "flowers of sulphur" and other insect powders on plants. In our greenhouses we have had one in use for the past two seasons, and by blowing the sulphur on the leaves once a week, as a preventive, we have not had a speck of mildew either on our Roses or Grape Vines, both of which we grow in large numbers under glass. Price, \$1.50 each.

FRENCH BELLOWS SYRINGE.

A French invention for showering plants with insect-killing liquids, or clear water, operating the same way as the well-known perfume sprinkler of the drug stores. One great advantage of this apparatus is its economy. In the ordinary methods of treating plants with liquid insecticide, a very large share is wasted, while with this only so much is needed to just moisten the leaves and stems need be used. Sulphur Whale Oil Soap, Tobacco Water, or whatever may

be found useful against any particular insect, may be employed. Price, \$3 00 each.

HALE'S PERFECT MOLE TRAP.

Offered for several years the very best Mole Traps that ingenuity could devise, for destruction of the little pests which play such havoc in the garden, and have sold hundreds of various traps which have proven more or less effective. But the great need of a perfect mole trap has brought out many improvements, and the one we now offer, we believe to be the best and most complete Mole Trap ever invented, and is superior to all others in the following respects:

Owing to the arrangements for holding the spring, it is easier to set than any other trap, and cannot "startle" or injure the operator while being set.

The construction of the trap is such that it will catch moles when quite deep in the ground, and there being no pin or other obstruction projecting into the run, there is nothing to frighten or disturb the mole as it passes, and in doing so raises the ground over the "run" (which always sinks somewhat), just enough to spring the trigger, which must firmly rest on the soil over the "run."

The points of the pins being constantly in the ground, it cannot catch or injure chickens or other domestic animals.

Cannot be blown over, or injured in any way by rain or storm, and being made entirely of metal, cannot warp, twist or get out of order, and is light, neat and durable.

The ground not being disturbed in any manner, it can be set close to plants without injuring them, and it can also be set touching a wall, fence, etc., without impairing the working of the trap in any way.

WHERE TO SET THE TRAP.

There are many tracks through which a mole passes but once, and, of course, it is useless to place the trap over such a run. To find a run which is frequently used, depress the ridges for a short distance in several parts of the lawn. As Moles pass through some runs at regular intervals, say about 12 o'clock, M., and again at 6 P. M., it is an easy matter to tell which "runs" are used, by examining the depressions and noting those that have been raised. Full directions for setting sent with each trap.

Price, \$2 00 each; \$22 00 per dozen. (Six at dozen rates.)

INSECT DEATH POWDER.

We have used the Insect Death Powder, for the past two years in our Greenhouse Department, and have found, when applied by the "Excelsior Insect Powder Gun," nothing so effective in destroying Caterpillars, Rose Bugs, Slugs, Green-fly, Ants and Thrip, and nearly all other insects attacking plants, whether inside or out. It is also equally effective in destroying Cock-roaches, Bed Bugs, Red Ants and other insects infesting dwellings. Being composed entirely of vegetable ingredients, it in no way injures plants, and rather tends to fertilize than otherwise. Price, 5 cts per oz.; 15 cts. per 1/2 lb.; 50 cts. per lb.

THE EXCELSIOR INSECT POWDER GUN.

Specially adapted for applying the above mixture. (See Cut.) Of this we offer three sizes, viz:

Holding, 2 oz.....	20 cts., each.
" 4 oz.....	25 " "
" 8 oz.....	35 " "

Mildew Mixture. A sure preparation for destroying mildew. For use, apply a wineglassful of the mixture in four gallons of water, and apply with a syringe on the leaves twice a week until the mildew disappears. Per Pint Bottle, 50 cts.

Cole's Insect Destroyer. We have now given this a thorough test in our green-house, and find when applied by the atomizer—such as is used by barbers—that it instantly destroys Mealy Bug and Red Spider, without injuring in the slightest the most tender plants. Price of half-pint bottles, 60 cts. each. Price of Atomizers, 75 cts. each.

TERMS TO AGENTS

SELLING

"How the Farm Pays."

Enclosed please find Table of Contents of our new book, "*How the Farm Pays*," which is an octavo volume of 400 pages, containing 235 illustrations and handsomely and strongly bound in cloth. The authors, WILLIAM CROZIER and PETER HENDERSON, are widely known as two of the most successful Farmers and Gardeners on this continent; and this thoroughly practical work that they have produced, is written in such an instructive and interesting manner, that it is certain to attain an enormous sale. The book, therefore, offers to energetic *Agents* who will take hold of it early, and solicit orders, an unusual chance to make large profits. The book will be extensively advertised by us, all over the country, for a long time to come, and you will find its sale will be facilitated by our efforts in this direction. The retail price of the book is \$2.50 per copy, and we can deliver any quantity desired without delay.

TERMS.

Below will be found our lowest net cash rates to Agents, and while we always prefer that remittance for full amount accompany every order, yet when desired, we will send the books by Express C. O. D., provided, 20 per cent. of the full amount is sent in with each order, as an evidence to us of the Agent's good faith. In remitting send Bank Draft on New York, or Post Office Order made payable to our order

Agents ordering must bear in mind that under no circumstances will an order be filled at the prices offered, for any less number of books than here specified.

1 Specimen Copy (by Mail), \$2.50.

10 Copies (in one order) by Express at Agent's expense, at \$1.50 per copy, (which is a discount of 40 per cent from the retail selling price.)

25 Copies, (in one order) by Express at Agent's expense, at \$1.25 per copy, (which is a discount of 50 per cent from the retail selling price.)

Table of contents (such as enclosed) and specimen pages we will supply without charge in any reasonable quantity. The best way to sell the book, however, is to present for examination a copy of the work itself.

We wish to state, also, that every copy of "HOW THE FARM PAYS" contains a blank form, which if filled out with the purchaser's name and address, and returned to us, will entitle him to receive, without charge, our finely illustrated catalogue of Farm and Garden Seeds, Implements and Fertilizers, a book of 132 pages, containing beautiful colored plates. This catalogue will be ready for distribution Jan. 1st, 1885.

PETER HENDERSON & CO.,

35 & 37 Cortlandt St., NEW YORK.

Will allow 100 from price paid for Specimen for the first order from Agents for 10 Copies.
