10 Lbs. and Upwards Furnished at 100 Lb. Rates

Whenever seeds are offered by the hundred pounds, we furnish 10 lbs. at 100 lb. rate, but we cannot supply less than a quarter lb., or a quarter bushel at the lb. or bushel rate. When less quantities (by weight or measure) than these are wanted they will be billed at retail rates, from which we allow discounts, (for details see next page).

We Shall Adhere to the Prices Herein Given as far as possible but we reserve the right to advance prices without notice should circumstances require it. We also reserve the right to decline orders for any one variety should the demand for it be likely to force us to shorten up customers who annually depend upon us for their general supplies of seeds.

WE MAKE NO CHARGE for Cartage, Boxes, Barrels, or Packing. Bags only are charged for at cost which at present is: $\frac{1}{4}$ bushel, 7c.; $\frac{1}{2}$ bushel, 9c.; 1 bushel, 12c.; 2 bushel, seamless, 15c.

WE DO NOT "COMMISSION"

Or place Vegetable or Flower seeds out "on sale." In no case are the choicest and best germinating stocks used for commission boxes. The public, too, are becoming aware of this and avoid "commission" seeds, while ours are sought-after, because they are of the very best quality and such as are supplied to our most critical market gardening trade.

WHILE WE EXERCISE THE GREATEST CARE

To have all seeds, plants and bulbs pure and reliable, we do not give any warranty express or implied. If the purchaser does not accept the goods on these terms and conditions, they must be returned at once, and the money that has been paid for the same will be refunded.—P. H. & Co.

OUR MAGNIFICENT CATALOGUES

Will be furnished **FREE** to all who sell Peter Henderson & Co's **SEEDS** and will be supplied in quantities proportionate to the value of their orders.

If you handle our seeds annually, and when your orders justify it, we will print your name, address, and business card on the front cover and supply you with a reasonable quantity without charge.

COLORED POSTERS AND HANGERS.

We have several handsome designs in both vegetable and flower seed hangers which will be furnished free to all who sell our seeds.

ΣΕΛΕΝΙΟ

IMPORTANT TO PURCHASERS IN BULK.

We would again call the attention of dealers to the advantage of handling **Henderson's Tested Seeds in original sealed packages.**

FOR THE FOLLOWING REASONS.

We are well known as the largest advertisers in the seed business, and our catalogues, lists and advertising posters are by far the most costly and effective. Hence dealers who sell our seeds in our **original sealed packages** to a great extent, reap the benefit of these expenditures. Besides, the risk of mixing the seeds, or in mistake, supplying the customer with the wrong article is reduced to a minimum. With market gardeners especially, this is a matter of extreme importance.

SALES HAVE DOUBLED WITHIN TWO YEARS.

The experience of nearly every dealer who has handled our seeds in this way has been of a most satisfactory nature, in some cases, *the sales having doubled* within two years after their adoption of this plan. We were the first seed firm to adopt this safeguard, and *we are the only house in the world to-day that sends out all their Vegetable seeds in sealed packages.*

DEALERS WISHING THEIR SEEDS PUT UP IN THIS WAY

will please indicate at the time of ordering what quantities of each size (either by weight or measure) we shall send of each variety,

THE FOLLOWING ARE OUR TERMS:

FOR PUTTING UP VEGETABLE SEEDS (purchased by weight.)

In 1 oz., $\frac{1}{2}$ lb., $\frac{1}{4}$ lb., 1 lb., 2 lb., or larger paper packages sealed with our trade mark label **-no extra charge!**

FOR PUTTING UP PEAS, BEANS AND CORN (purchased by the bushel.)

In pints, quarts, 2 quarts, and 4 quarts in paper packages sealed with our trade mark, Wholesale bulk rates to Dealers and 10 per cent. extra will be charged, this being the bare cost of putting up.

FOR PUTTING UP IN CLOTH.

1 peck, $\frac{1}{2}$ bushel, 1 bushel, etc., **no extra charge.** The cloth bags only will be charged for (except where noted) and these at cost (see opposite page.) The fairness of selling seeds in this way, is, we are glad to say, being rapidly acknowledged by dealers, many of whom now order all their seeds in the original packages and sell them just as they are received from us.

We Also Supply Our Vegetable and Flower Seeds

TO THE TRADE FOR RETAILING,
PUT UP IN OUR REGULAR PACKAGES AT THE FOLLOWING DISCOUNTS:

Practically all our seeds are now put up in elegantly lithographed packets, showing the vegetable or flower represented in natural colors. The designs were painted true from nature by our own artist; the lithographing has been executed in the finest manner, each packet being really a work of art, as much superior to the colored packets usually sent out as are the seeds they contain, for we put in them absolutely the same high-grade seeds that we use for our own critical retail trade. These, when displayed in our new counter boxes and display cases (described on pages 36 to 39), make a very attractive appearance, worthy of

a prominent position in any store. Full descriptions and cultural directions are printed on the back of each packet.

For descriptions of varieties and retail prices see our Retail Seed Catalogue, mailed free on application.

Henderson's Succession Cabbage

ABSOLUTELY PERFECT IN EVERY RESPECT,

The Grandest Cabbage in Existence!

Whether for Summer
or Winter use.

The Succession Cabbage we consider one of our most valuable contributions to horticulture. It would be classed as a second early variety, coming in a few days later than Early Summer, but it is immeasurably superior to that variety; it is of nearly double the size and is absolutely true to its type under all conditions. In addition to this, it has no tendency whatever to run to seed. We can say without exaggeration that it is the *finest cabbage in existence* to-day; whether for medium early, main crop or late use, it has no equal. It is so finely bred and so true to type that in a field of twenty acres every head appears alike.

We can recommend it either for the market gardener, trucker or private planter, as it is a perfect cabbage in every respect, not only being of the largest size, but of handsome color and of the finest quality. It is probably the safest variety for an amateur to plant as it does well at all seasons, and one is almost sure of getting a crop, no matter when it is planted. Our stocks of cabbage of all varieties have for years been the *acknowledged standard of excellence in this country*, and when we state that we consider **Succession** to be the most valuable variety that we have ever introduced, our opinion of its great merit will be apparent to all. We could fill many pages of our catalogue with unsolicited flattering testimonials that we have received from all sections of the country in regard to its great excellence.

FROM MAINE TO CALIFORNIA
FROM CANADA TO FLORIDA.
HEADS HARD AND UNIFORM, AVERAGING

THOSE WHO HAVE GROWN IT WRITE:

"The most beautiful type of Cabbage ever raised,"
"Took First Premium."
"Always harvests a good crop,
even when other varieties fail."
"Your Succession is the best
winter keeper."
"Every plant headed;
none imperfect."
"The grandest Cabbage ever introduced."
"We grew 16 acres of Succession,
as fine Cabbage as
ever grew."

Henderson's Succession Cabbage.

WHAT PEOPLE SAY WHO HAVE GROWN IT:

Gentlemen:—"I am right here to state that your Succession Cabbage is the best cabbage that has ever been planted on my grounds. I planted four other kinds of cabbage side by side of your Succession, and Succession beat them all. It is the grandest cabbage yet introduced; although it has been a very dry summer here and all other cabbages failed, I have heads of your Succession that would fill a half-bushel measure.

"Friends, I advise you all who receive Mr. Peter Henderson's catalogue to try his great Succession Cabbage, for it is the greatest cabbage that has ever been planted, and I speak of what I know to be correct." LEVI M. DOVE, Cridera, Va.

"I wish to say the Henderson Succession Cabbage seed that you sent me last year did the best that I ever saw in all my life. I planted $\frac{1}{4}$ acre 3 ft. each way and sold 7,200 lbs. besides cabbage for table use through the winter. There were plenty of solid trimmed heads that weighed 12 lbs. each."

B. N. ALLEN, Hilton P. O., New Mexico.

"Our crop of Succession Cabbage has been harvested from a 16-acre field. We have shipped 5,382 barrel-crates of as fine cabbage as ever grew, an average of 326 barrel-crates per acre. The cabbage suffered for want of water the latter part of the harvest. Had we had seasonable

rains we believe the field would have made 400 barrel-crates per acre."

GERATY & TOWLES,
Young's Island, S. C.

"Your Succession Cabbage is by far the best cabbage I ever raised. I had six varieties from as many seedsmen, but none of them compare with the Succession."

DWIGHT HERRICK,
Wholesale Gardener, Rockford, Ill.

"Henderson's Succession, for a medium early variety, is the finest and most perfect early cabbage in existence. It grows large, hard heads of uniform size, and is the most beautiful type of cabbage I ever saw. In 9 years of cabbage raising I have seen nothing to equal it, and am perfectly delighted with it. It is bound to fill a large place in the cabbage culture of this country."

R. C. TROWBRIDGE, Tully, N. Y.

"I got Henderson's Succession Cabbage from you last year, and my field was the admiration of every one who saw it. I shipped 1,500 barrels of as fine cabbage as ever went out of Florida."

ALFRED AYER, Lake Weir, Fla.

"I plant mostly cabbage, and find Succession superior to all others for this country."

W. R. WOOLFE, La Grange, Fla.

NOTE.—This peerless variety, although only recently introduced, is becoming so well known and so much sought after that dealers everywhere are offering the "Succession Cabbage." We desire to warn our customers against all such, unless the seed is in our original packages and stamped with our red trade-mark. This is of vital importance, as many inferior stocks of Cabbage are being offered under the name of "Succession" or "Henderson's Succession."

HENDERSON'S EARLY SNOWBALL CAULIFLOWER

Is superior to all others. It is the earliest of all Cauliflowers. Its close growing, compact habit enables one-third more to be planted on the same space of ground than can be done with any other variety. For forcing under glass during winter and spring, this **Early Snowball** variety is peculiarly well adapted, from its dwarf growth and short outer leaves, and for this purpose no other Cauliflower is now so largely grown. (See cut.)

HENDERSON'S "WHITE PLUME," CELERY.

Introduced into cultivation by us. Now more largely grown than all other celeries combined. It has attained the pinnacle of perfection for growth, earliness, beauty, flavor and texture. It can be blanched for the table in September. (See cut.)

TOMATO.

Henderson's "Ponderosa"

Tomato excels in magnificent size, enormous yield and earliness. For slicing or cooking it has no equal, of surpassing flavor, as solid and meaty as beefsteak, color rich crimson.

Henderson's "PONDEROSA" Tomato has received more praise and taken more 1st prizes than any other 6 vegetables since its introduction.

NOTHING SELLS SO WELL!
....and Nothing will PAY YOU BETTER.

It will be largely advertised this Season and no Dealer can afford to be without it. We furnish it in large or small quantities to suit the pretentious lawn or the modest dooryard plot.

It is the Best Lawn Grass Seed for our American Climate. With it you can renovate old and make new lawns, grass plots, tennis courts, etc., as soft as velvet and as green as emerald all summer long.

We have made the formation of permanent lawns a study for years, and The Finest Lawns in this Country To-Day attest our success. The "Henderson" Lawn Seed is composed of various grasses that grow and flourish during different months of the year, so that a rich, deep green, velvety lawn is constantly maintained, rivaling the famous lawns of Old England.

As no seeds vary so much in quality, or require more discrimination in buying we have been careful to select our Grasses and Clovers from sources which enable us to offer them as genuine, carefully cleaned, and free from noxious weeds.

Customers of course understand that the prices of Grass and Clover seeds are subject to constant change, and the rates here given are those ruling at this date (January 1, 1896), and buyers, particularly those purchasing in quantity, should write for special quotations and samples, which will be promptly furnished.

HENDERSON'S SPECIAL GRASS MIXTURES FOR HAY AND PERMANENT PASTURE.

Consisting of the following varieties, **Orchard Grass**, **Meadow Foxtail**, **Sheep's Fescue**, **Rhode Island or Creeping Bent**, **Hard Fescue**, **Sweet Scented Vernal** (True Perennial) **Meadow Fescue**, **English Rye Grass**, **Italian Rye Grass**, **Red Top**, etc., as recommended in our book, "**How the Farm Pays**," blended in proportions which, we have found from actual use, give the most satisfactory results.

On ordinary fertile soil 3 bushels of this mixture is sufficient to seed an acre, but where the land is poor a larger quantity will be necessary. Taking one soil with another a fair average would be 3 bushels to the acre.

For Light soils...	
" Medium soils	\$2.25 per bush. of 14 lbs.
" Heavy soils	20 bush. lots. \$2.20 per bush.
" Orchards and Shady Places	50 " 2.15 "
" Hay only	100 " 2.10 "
" Pasture only	

To these mixtures, intended for either Mowing Lands or Pastures (but which on account of their greater weight should be grown separately) are to be added 10 lbs. of Mixed Clovers, comprising White, Mammoth Perennial or Cow Grass, Alsike, Trefoil, etc., but these should only be sown in the spring, as they are rather tender in this latitude if sown in the fall.

The quantity needed (10 lbs.) of **MIXED CLOVERS** to sow an acre we will sell for \$1.80.

The Queen of White Sweet Peas

"EMILY HENDERSON."

Price, per oz., 10c.; per lb., 60c.

A GLORIOUSLY beautiful acquisition of American origin. Absolutely pure white, as clear as alabaster and as lustrous as satin. The flowers, of remarkable substance, are borne on long stiff penduncles, are extra large, with broad, round standards that stand up boldly without reflex, curl or notch. The plants are robust, compact and branching, producing such a prodigious abundance of flowers that the plants appear as if covered with snow. From one plant, specially cultivated, we have cut in one season the seemingly incredible number of 1,935 sprays of bloom.

In earliness, it outrivals all competitors by nearly two weeks, and continues a veritable "cut-and-come-again" to the end of autumn. The fragrance is most delicious and distinct.

For forcing under glass it is particularly adapted.

Received an Award of Merit from the Royal Horticultural Society of England—June 26, 1894.

PETER HENDERSON & CO'S Vegetable and Flower Seeds,

In Superb Colored Packets for Retailing.

(SEE SPECIMENS ON PAGES 35 AND 39.)

Practically all of our seeds are now put up in elegantly lithographed packets, showing the vegetable or flower represented in natural colors. The designs were painted true from nature by our own artist; the lithographing has been executed in the finest manner, each packet being really a work of art, as much superior to the colored packets usually sent out as are the seeds they contain, for we put in them absolutely the same high grade seeds that we use for our own critical retail trade. These, when displayed in our new counter boxes and display cases (described on the following pages), make a very attractive appearance, worthy of a prominent position in any store. For descriptions of varieties and retail prices see our Retail Catalogue, mailed free on application.

WE DO NOT "COMMISSION" OR PLACE OUR SEEDS OUT "ON SALE."

We are strongly opposed to the system of selling seeds on "commission" on account of the large percentage of boxes which often get into the hands of indifferent parties who sell none at all or only a very few packets. Large quantities have, therefore, to be destroyed or used over and over again, and the increased cost of our selected seeds renders such a system impracticable.

In no case is the choicest and best germinating stocks used for commission boxes. The public, too, are becoming aware of this and avoid "commission" seeds, while ours are eagerly sought after, because they are of the very best quality and such as are supplied to our most critical market gardening trade.

Our magnificent catalogues will be furnished free to all who sell Peter Henderson & Co's SEEDS, and will be supplied in quantities proportionate to the value of their orders.

If you handle our seeds annually, and when your orders justify it, we will print your name, address, and business card on the front cover and supply you with a reasonable quantity without charge.

Colored Posters and Hangers. We have several handsome designs in both vegetable and flower seed hangers which will be furnished free to all who sell our seeds.

Henderson's "Superior" Fertilizer

FOR HOUSE PLANTS

In attractive pound packages for retailing.

A safe, clean and high-grade fertilizer, free from disagreeable odor, prepared especially for feeding plants grown in pots. It is a wonderful invigorator, producing luxuriant, healthy growth, foliage of rich texture and larger and more brilliant flowers of improved substance.

It contains in a highly concentrated form all of the ingredients of plant food essential to the highest development of plants and flowers. It is very soluble and is readily assimilated so that a marked improvement is usually noticed in ten days' time. It is fine and dry, clean and easy to apply, either sprinkled over the surface of the soil as a top dressing, or dissolved in water (*stirring well*). Detailed directions on each package.

For Cut Flowers, a pinch of this fertilizer in the water will keep it sweet and wholesome, and preserve the flowers from one to three days longer, if half an inch of the stems is cut off daily, which removes the callous portion which forms over the cut ends and allows the flower above to absorb the invigorating liquid.

Retail Price. 1 lb. package, sufficient for 25 ordinary sized plants for 1 year, 20c.

Price to Dealers, 1 lb. package \$1.25 per doz.; \$10.00 per 100.
