The Unequaled Advantages We Offer.

SAVE MONEY BY PLACING YOUR ORDERS WITH US.

In soliciting your orders, we first of all desire to acknowledge our full appreciation of the very generous patronage given us in past seasons, and to draw the attention of those who have not before dealt with us to the following advantages we possess as growers and dealers:

EVERYTHING FOR THE GARDEN.—The fact that we can supply every want of the cultivator in **Seeds, Plants, Bulbs, Garden Tools, Fertilizers**, and all needed articles for the **Greenhouse and Garden**, enables patrons to have all their goods shipped in one package, or at least at one time, thus saving largely in express or freight charges.

PLANT DEPARTMENT.—Our greenhouses and frames cover nearly four and one-half acres solid in glass, unquestionably the most extensive on this Continent. These structures are so arranged that they can be graded to any temperature, so that the most perfect health and vigor is given to the plants, and with such unequaled facilities for their production, it will be quickly seen that we can compete with any in the matter of prices, quality of stock considered. The past summer we erected *three mammoth iron greenhouses*, each over three hundred feet long, and remodeled others. These greenhouses are the embodiment of all that the builder's art can produce, and are among the finest on this continent.

OUR GUARANTEE.—We guarantee the safe arrival of all goods forwarded by express, and all packing is free of charge.

ORDERS FILLED PROMPTLY.—Except in rare cases, all orders for *Seeds and Plants* are forwarded *the day after they are received by us or a reason given why they are not sent*. We have reason to know that our promptness in this respect is fully appreciated.

PREMIUMS.—In offering our various Books on gardening, as premiums on orders, we make (see page 3 of cover) practically an average discount of 10 per cent. from the prices named in this List; and this should always be remembered if a comparison of prices is made. In this connection, we may be pardoned if we digress far enough to say that it is a great satisfaction for us to know that the books referred to, written by the late Mr. Peter Henderson, have not only enabled many amateurs to practise successfully in the field of Horticulture, but that his works have also been the direct means of causing thousands to embark as market gardeners and florists, and in thus opening up and pointing the way to successful culture, we are justified in claiming that these books have since their first publication added millions of dollars to the wealth of the nation.

CONDITIONS OF SALE OF PLANTS.

The plants are offered in this list at the rates quoted, *provided*, (except where they are offered singly) *that not less than FIVE of each class or variety is taken*, nor in less amounts than *three dollars for the total value of the order*.

The varieties must be our own selection of sorts, *unless otherwise offered*. Any one wanting varieties of special kinds, can order from our Descriptive Catalogue, but at retail rates, from which we allow a discount of one-third.

All goods are sent by express, unless specially ordered otherwise.

To places where there are no express offices, we will send all plants, named in this List, *by mail*, at an advance of one-fourth on the prices named; but again advise, that whenever it is possible to have plants sent by express, as it is the best mode, and our light system of packing makes the charges comparatively low. If purchasers want their *Plants* sent by *freight* we will do so, and take special pains to have them arrive in good condition, but the movements of *freight* are so unreliable that we do not guarantee safe arrival when sent in this way.

HOW MONEY SHOULD BE SENT.

Remittances should be made either in the form of a Money Order, Bank Draft, Express Order, or Registered Letter. Remittances in any other way are entirely at the sender's risk.

OUR WHOLESALE PRICE LIST FOR FLORISTS is issued on or about the following dates: Each issue cancels all quotations made in previous list. We reserve the right to alter prices at any time, without previous notice should the state of our stock require it.

1st Issue	January 1st to April 1st.
2d "	April 1st to August 1st.
3d "	August 1st to December 31st.

We allow a discount of one third from our retail catalogue on plants not offered in this list.

PETER HENDERSON & CO.,

35 & 37 CORTLANDT ST., NEW YORK.

April 1st to August 1st, 1892.

While we exercise the greatest care to have all Seeds pure and reliable, we do not give any warranty express or implied. If the purchaser does not accept the Seeds on these conditions, they must be returned at once.—P. H. & CO.

ORDER SHEET FOR SEEDS, REQUISITES, Etc.

**Souvenir
de Wootton.**

WINTER FLOWERING ROSES.

We are offering below the leading varieties of Roses grown for the New York Market, both for winter forcing and spring sales for planting in the open ground. Our stock is clean, healthy and vigorous, and is sure to give satisfaction to purchasers.

Bon Silene. Carmine, 3 in. pots, \$8.00 per 100.
Perle des Jardins. Yellow, 3 in. pots, \$8.00 per 100.
American Beauty. Deep rosy crimson, 3 in. \$16.00 per 100.
Papa Gontier. Carmine crimson, 3 in. pots, \$8.00 per 100.
Catherine Mermet. Shell pink, 3 in. pots, \$8.00 per 100.
Niphetos. White, 3 in. pots, \$8.00 per 100.
Mme. de Watteville. Pink and cream color, 3 in. pots, \$8.00.
La France. Peach pink, 3 in. \$8.00 per 100.
Waban. A "sport" from C. Mermet, of a deep pink color, 3 in pots, \$10.00 per. 100.
Sunset. Orange yellow, 3 in. pots, \$8.00 per 100.

The Bride. White, 3 in. pots, \$8.00 per 100.
Souvenir de Wootton. A large crimson rose, and certainly the best winter flowering variety in its color ever offered. Flowers of the largest size, perfect form and exquisite fragrance. (*See cut.*) 3 in. pots, \$8.00 per 100.
Mad. Hoste. Lemon yellow, 3 in. \$8.00 per 100.
Duchess of Albany. This grand rose is of such a deep pink that it is popularly known as the "Red La France." 3 in. \$8.00 per 100.
Climbing Perle des Jardins. One of the most valuable roses for winter flowering we have offered in years. Identical with the dwarf *Perle des Jardins* in color, flowers larger and produced in great numbers. 4 in. plants, \$20.00 per 100; 3 in. \$8.00 per 100.

"MADAME HOSTE."

"MME. HOSTE."

HARDY YELLOW ROSE, "Persian Yellow."

Dark golden yellow. The best variety of its class and color, entirely hardy. Fine large plants, \$6.00 per dozen.

True English Sweet Brier.

Valuable for the refreshing fragrance of its leaves. Price, \$2.00 per dozen.

MRS. DEGRAW.

A rose of great merit for out door planting, perfectly hardy in the latitude of New York City, vigorous and free blooming; color, deep pink and flowers of good size and substance. Price, 3 in. pots, \$8.00 per 100; 2 in. pots, \$6.00 per 100.

This is a true "Tea" variety of delicious fragrance and splendid form. It occasionally assumes a creamy white shade with a clear amber centre, but in either shade it is undoubtedly a very handsome Rose, and owing to its strong, thrifty habit is never out of bloom. The best idea of the value of this grand variety may be had in the knowledge that there are tens of thousands of it growing for cut flowers to supply the New York market, which, as is well known, is the most fastidious in the country, and demands the highest quality only. It is without question the most profitable variety for the florist to grow. Price, fine plants from 3 in. pots, \$8.00 per 100; from 2 in. pots, \$6.00 per 100.

New Ever-Blooming Climbing Rose,

"Elise Beauvillaine."

A variety recently imported from France which gives promise of becoming valuable, especially for the Southern States, where it will be entirely hardy. It is a very rapid grower and produces deep buff colored flowers very similar in color to the well known "Sunset" Rose introduced by us. Strong plants from 3 in. pots, \$1.25 per doz., \$8.00 per 100.

MARECHAL NIEL.

We have a splendid stock of this grand climbing Rose. The immense size and dark golden yellow of "Maréchal Niel" are familiar to all. The plants we offer are extra strong, having vines from 4 to 8 feet long, and will make fine blooming plants for the greenhouse or garden the same season they are planted.

\$1.50 or \$2.00 each, according to size. Plants from 3 in. pots, \$10.00 per 100.

GLOIRE DE DIJON.

Next to *M. Niel*, this is the finest pillar Rose for the greenhouse, very large, double, rich creamy amber color. Hardy south of Washington. Prices and sizes same as *M. Niel*—see above.

Special Low Offer of Roses.

Nearly all our roses are propagated during the summer months, so that by September and all through the fall and winter months, we have specially strong young stuff, grown in 3 inch pots, which have twice the value of the ordinary 2 inch stock—of these we can offer a dozen of the leading kinds suitable to pot up for spring sales, such as *Hermosa*, *Agrippina*, *Marie Lambert*, *Safrano*, *Cornelia Cook*, and other standard sorts at \$6.00 per 100, or \$50.00 per 1000. We catalogue numerous varieties, but florists will find it to their advantage to buy only the standard well-known market sorts. Strong plants from 5 in. pots, \$20.00 per 100. (Our selection of sorts).

Gen. Jacqueminot and other hardy *Roses* on their own roots from 5 in. pots, (our selection of sorts,) \$20.00 per 100; 3 in. pots, \$8.00 per 100. *Extra Large Imported Roses* embracing the leading varieties, such as *Capt. Christy*, *Baroness Rothschild*, *La France*, *Magna Charta*, *Countess of Oxford*, &c., from 5 and 6 in. pots, \$25.00 per 100.

ON THE COLORED PLATE IN OUR RETAIL CATALOGUE

We illustrate three most useful and ornamental plants.

WHICH WILL DOUBTLESS BE IN BRISK DEMAND FROM LOCAL FLORISTS.

THE FIRST IS

The Hardy Chinese Matrimony Vine

(LYCIUM CHINENSE),

(Ready May 1st.)

A COUPLE of small branchlets of which, laden with its brilliant scarlet fruit and rich purple flowers, occupy the upper portion of the *Colored Plate*. The old-fashioned Matrimony Vine was a general favorite more than fifty years ago, but in beauty of flower, fruit and foliage it cannot compare with this superb variety. **It is a most vigorous hardy climbing plant** when trained to an arbor, fastened to a fence, attached to a tree, to the side of a house, the pillars of a piazza or in any location where a hardy vigorous climber is desired. It sends out numerous side branches, so that it covers a great amount of space in a short time, and every new growth is at once covered with bright purple flowers which are succeeded by brilliant scarlet berries nearly an inch long, every branch being loaded with them; the contrast between the glossy, dark green foliage and shining scarlet fruit is extremely beautiful, surpassing Holly in appearance. It continues flowering and new berries are forming from late spring until frost. The berries ripen in early autumn and remain on the vine late into the winter. The number of our hardy vines which can be grown without danger from frost in our Northern States is limited, and none are more beautiful than this or as easy of culture. It will grow and thrive in any situation, either shade or bright sunlight, and will take root in any soil; in fact, nature has given it all the essentials for wide popularity. Valuable as it is for covering fences, etc., it is even more desirable for clambering over stone walls, bare rocks or unsightly banks, covering them quickly with bright green foliage, and later on rendering them objects of beauty with its wealth of scarlet berries and purple flowers. This splendid vine was illustrated and highly recommended in "Garden and Frost," one of the most conservative publications in the horticultural press.

Price, young plants (which will bloom and fruit abundantly this year), \$2.00 per doz., 25 for \$3.50; 50 for \$6.00; 100 for \$10.00. (Ready May 1st.)

The Hardy Double English Violet,

WHICH occupies the centre of the *Colored Plate*, needs no words of praise to introduce it to our customers. It speaks for itself. Here we have a Violet **entirely hardy, perfectly double, a deep violet color and most deliciously fragrant.** It surpasses the well-known "Marie Louise" Violet in richness of color, being many shades darker, and far excels it in its delightful odor; this is one of its greatest merits. It is entirely free from disease of any kind, will grow and bloom in any garden and in any situation. It is **entirely hardy** and can be left out in the open ground all winter. Nothing is more appropriate for cemetery plots than the **Hardy Double English Violet.**

Price, young plants for this season's blooming, \$2.00 per doz., 25 for \$3.50; 50 for \$6.00; 100 for \$10.00.

The Variegated Leaf Moon Flower,

A SMALL portion of which fills the lower portion of the *Colored Plate*, is one of the greatest acquisitions to our list of summer climbing plants introduced in years. The foliage is beautifully marked clear white and vivid green, the flowers are identical with the famous Moonflower, so that in beauty of flower and foliage it is without a rival. Trained to wires, strings or wooden trellis in the open ground it will make a most attractive appearance even when out of bloom.

Price, young plants from 2 in. pots, \$2.00 per doz., 25 for \$3.50; 50 for \$6.00; 100 for \$10.00.

SPECIAL OFFER.—As the plants shown on the *Colored Plate* in our retail catalogue will doubtless be wanted from the local florist, and as some may not wish to buy in quantity, we offer the set of three plants for 60c. per set, *free by mail*. By express, (buyer to pay charges) 50c. per set.

New Rosy Blush "Ostrich Plume" Variety.
WM. FALCONER.

This grand variety will increase the popularity and interest in this beautiful section. We obtained it by a "sport" from Louis Boehmer, and it partakes of all the good qualities found in that excellent variety. The color is an exquisite shade of rosy blush, changing to a delicate flesh pink as the flowers advance in age. A description cannot convey the beauty of coloring found in this new variety. The delicacy of tinting is unsurpassed in any class of flowers within our knowledge. The soft, feathery growth peculiar to the "Ostrich Plume" class is even more pronounced than in any of its predecessors, and in this variety it has an additional charm. The growth referred to is usually a shade lighter than the body of the flower—the effect produced being as if a softly tinted lace-like web or veil was thrown over the blooms, a unique and beautiful addition to its appearance. The flowers are of the largest size, and are borne on strong, vigorous stalks. The growth of the plant is all that could be desired. Taken all in all, we have no hesitation in pronouncing it one of the finest varieties of the season. Price, 30c. each; \$2.00 per dozen; \$12.00 per 100.

PATRICK BARRY.
New Yellow "Ostrich Plume" Chrysanthemum

FROM JAPAN,

We have secured from Japan a grand yellow incurved variety of the "OSTRICH PLUME" class which in size of flower and all the essentials of a first-class Chrysanthemum will take rank with its predecessors, Louis Boehmer and Mrs. Alpheus Hardy. We have named it in honor of the late Patrick Barry, the veteran nurseryman to whom horticulture in the United States is so much indebted.

Price, 60c. each; \$6.00 per doz.

Collection of New American Seedlings.

It is with pleasure we offer the collection of twelve seedling Chrysanthemums named below, confident that they are all decided acquisitions. The entire stock of these grand sorts is held by us, so that they are now offered for the first time, and at a price exceptionally low for new varieties of such pronounced merit. We exhibited this collection at the Pennsylvania Horticultural Society's exhibition in 1890. They will all make grand varieties for exhibition and cut flowers. The plants are all strong, healthy growers, and make splendid flower stems, either disbudded or naturally grown.

LIST OF VARIETIES.

ELLA MAY.

The variety offered herewith is exceptionally good in every particular. A single flower exhibited at Philadelphia in 1890, but not entered for competition, was awarded a **Special Silver Medal**. In the opinion of many it was the finest variety among the hundreds on exhibition. The color is a beautiful shade of clear primrose yellow, with deep apricot centre. The flowers are beyond the average size, frequently reaching 10 inches across; the habit of the plant is very strong and vigorous; it has all the essentials of a first class variety, and we predict a brilliant future for it. Price, 30c. each, \$3.00 per dozen.

MRS. I. FORSTERMAN.

A magnificent, extra large, snowy white variety of the Japanese incurved type. A superb grower and free bloomer.

SURPRISE.

A unique shade of bronzy red, bold, handsome flowers of the largest size and fine globular form. A variety which is sure to find numerous admirers.

FAULTLESS.

Deep golden yellow, extra large and full, quilled petals. In color and form it is unequaled; some of the flowers measured nearly a foot across.

MRS. F. SCHUCHARDT.

A charming variety, which, like all in this collection, is of the largest size. The coloring is exquisite; the centre of the flowers is creamy white, the ends of the petals tinted delicate rose, a pronounced improvement on this type.

THE BEST CHRYSANTHEMUMS FOR FLORISTS' USE.

We have carefully compared the hundreds of varieties now in use for flowering under glass—both early and late—and find those named below to be the most profitable.

Louis Boehmer, the famous "**Pink Ostrich Plume**" variety; an exquisite shade of silvery pink, the inside of the petals being a deep rose. The flowers are thickly studded with a soft feathery growth, hence the title of "**Ostrich Plume**" Chrysanthemum. Price, \$6.00 per 100.

Gloriosum, large yellow. \$4.00 per 100.

Elaine, large white. \$4.00 per 100.

Robert Bottomley, white, loosely incurved, \$6.00 per 100.

Mrs. Humphreys, white reflexed. \$6.00 per 100.

Ivory, a grand variety for pot culture, and equally valuable for cut flowers. \$10.00 per 100.

Miss Minnie Wanamaker, large, pure white. A grand variety. \$12.00 per 100.

GENERAL COLLECTION OF CHRYSANTHEMUMS.

In addition to the above and those named on the preceding pages, we have numerous varieties which space does not permit us to enumerate. They embrace some of the very finest sorts in cultivation. If we are allowed to select from these and those herein named, we can give a fine variety for any purpose.—**Early, Medium and Late** flowering—our selection only. Price, \$4.00 per 100.

INDIAN CHIEF.

In sharp contrast to the preceding is this variety; here the coloring is a vivid, strong crimson; the flower is equally large, but stronger and bolder, loosely incurved and decidedly Japanese in outline.

JULIUS ROEHRS.

A rich shade of violet rose, the reverse of the petals silvery pink; a unique and charming contrast. Flowers of the largest size and of the popular loosely incurved type. Awarded a certificate of merit at Philadelphia.

EVENING GLOW.

A strikingly beautiful variety, deep yellow in the centre, with rich bronze red shadings toward the ends of the petals, very like the rich coloring of a brilliant sunset.

POPULARITY.

A delicate shade of flesh pink, of fine incurved form, large and handsome. The ends of the petals are cut so as to resemble a stag's antlers in outline.

GOLDFINCH.

In this variety we have a richness of color rarely seen, a deep, intense crimson on the upper surface of the petals—the reverse being a light bronze, making a pleasing contrast.

DAVID ROSE.

Rosy elaret, edged with silvery white, large handsome blooms. Awarded a certificate of merit at Philadelphia.

MAJESTY.

Deep, glowing red; in form it is similar to Cullingfordii, but larger and finer; the coloring is even more intense than that fine sort.

Price, 25c. each, except where noted. Set of twelve new **AMERICAN SEEDLING** varieties for \$2.50.

The **White "Ostrich Plume,"** Chrysanthemum, (Mrs. Alpheus Hardy,) from the stock which brought us first prize at the New York flower show. \$6.00 per 100.

L. B. Bird, shrimp pink, splendid. \$6.00 per 100.

H. E. Widener, large globular yellow. \$6.00 per 100.

John Lane, bright pink. \$6.00 per 100.

W. H. Lincoln, large fine yellow. \$6.00 per 100.

L. Canning, fine medium early white. \$6.00 per 100.

E. G. Hill, deep yellow shading to bronze. \$6.00 per 100.

Jessica, the best early white. \$10.00 per 100.

Mermaid, extra large loosely incurved pink of a soft pleasing shade. \$10.00 per 100.

AMPELOPSIS VEITCHII.
(Sometimes called "Boston Ivy" and "Japan Ivy.")

No picture can portray the beauty of this grand climbing plant. As an important aid to architectural beauty it is rapidly attaining prominence, being now a feature on the finest houses—notably the palatial residence corner of 57th Street and 5th Avenue, New York City. Another fine example of it is seen on Grace Church, in New York, while on Commonwealth Avenue, in Boston, there are hundreds of the finest houses covered with it from foundation to roof. It is adapted to all situations, and transforms the humblest cottage. It is entirely hardy in the most exposed places, attaining a height of 20 to 30 feet in two or three years, clinging to stones, brick or wood work with the greatest tenacity. It is a great protection to houses, as the leaves lapping over each other like slates on a roof effectually prevent rain from penetrating the walls. For covering dead trees, gate posts, boundary walls, verandas, etc., it has no equal, while its rapid growth and tenacious clinging qualities make it a most desirable plant for staying up terraces. In the summer the foliage is a rich shade of green, but in fall it assumes the most gorgeous tints of *scarlet*, *crimson* and *orange*, so dazzling as to be seen at a great distance.

PRICE, plants from 3 in. pots, 2 to 3 feet long, \$7.00 per 100; \$60.00 per 1000. Extra strong plants from 4 in. pots, \$10.00 per 100; \$90.00 per 1000. Young plants from 2 in. pots. (Ready May 1st,) \$4.00 per 100.

AMPELOPSIS ROYLEI.

This is identical with *A. Veitchii* as regards its climbing properties, but it is a larger and stronger growing plant. The foliage even in summer is richly tinted crimson, and in autumn it is perfectly gorgeous in its flame-colored foliage. It is, in

our opinion, by far the most valuable of the two varieties. Price the same as the older sort, which see above.

NEW DWARF ABUTILONS.

A new race of these very useful plants which originated with the celebrated M. Lemoine, of France. They grow only about two feet high and are literally covered with flowers.

Calypso. Flowers very large and open like a bell; color, pure white; very profuse in blooming.

L'Africain. Very dwarf and covered from the ground to the top of the plant with flowers of the darkest crimson maroon; a splendid variety.

Sanglant. Deep red flowers of the largest size and perfect form; entirely distinct.

Price, 20c. each; set of 3 new sorts for 50c.

DOUBLE GOLDEN MARGUERITE.

(*Anthemis Coronaria*, fl. pl.)

The engraving gives a fair idea of this most beautiful plant. Nothing could be more showy, either as a pot plant or bedded out. This plant might well be called the "Shower of Gold," as it is a perfect mass of rich golden yellow flowers the whole year round, being equally useful in winter and in summer. Well-grown plants have as many as 150 flowers on them at once.

\$1.00 per doz.; \$6.00 per 100.

MADAME CROZY

AND OTHER

New French Cannas

GILT EDGED COLLECTION.

MADAME CROZY. (See fig. 1 in engraving.) Undoubtedly the grandest of all varieties. It is shown in the left-hand corner of the engraving above. The color is a brilliant vermilion scarlet, *bordered with deep golden yellow*; the flowers are borne in great clusters and in such profusion that they crown the plant with a blaze of glowing color. The foliage is vivid green, broad and massive; the habit of the plant is compact and vigorous, its natural height being rarely more than four feet, but the flowers form when it is scarcely a foot high, and continue coming on the plants until frost. Extra strong plants, \$5.00 per doz., \$45.00 per 100.

Thomas S. Ware. (See fig. 4 in engraving.) It is the dwarfiest of all Cannas and is literally loaded with dark orange scarlet flowers, formed in large, compact heads.

Pierrette de Biorlet. Rich golden yellow, spotted and streaked with vermillion. This variety is shown in the engraving above. (See fig. 3.) Price, 40 ets. each, \$4.00 per doz. for any of the above (except where noted.)

The "Gilt Edged" collection of seven new sorts for \$2.50.

Trocadero. The blooms are a deep crimson lake of the richest shade, and are borne in wonderful profusion.

Francoise Crozy. (See fig. 2.) The color is a unique shade of light apricot, *bordered with bright yellow*.

Pres. Carnot. A majestic variety with dark chocolate foliage, flowers deep scarlet, large and beautifully rounded.

Mme. Berrard. Bright orange scarlet, *edges golden yellow*.

GENERAL COLLECTION.

Antoine Crozy. Flowers deep crimson.

Admiral Courbet. Yellow, speckled orange.

Adolph Weick. Rich carmine crimson.

Edouard Andre. Carmine flowers, dark foliage.

Emile Leclerc. Golden yellow, mottled crimson.

Flamboyant. Flowers crimson lake shaded orange.

Geoffrey St. Hilaire. A grand variety. Large Orchid-like flowers of a deep glowing orange shade; very large flower spike; foliage chocolate colored. 30 ets. each \$3.00 per doz.

Price, strong roots, 20 ets. each, \$2.00 per doz., \$12.00 per 100, except where noted. Our selection of sorts in quantities for massing at \$10.00 per 100.

G. Couston. Pimrose yellow, mottled orange.

Hippolyte Flandrin. One of the best sorts we offer. Color a rich deep salmon, very showy, a dwarf, compact grower.

J. Cardioux. Flowers brilliant cardinal red.

Louis Chretien. Clear yellow, splashed orange.

Madame Just. The lower part of the petals is flame color the upper part golden amber.

Mme. de Liabaud. Deep carmine lake.

AZALEAS.

We offer a very fine lot of Azaleas, comprising the most distinct and best varieties in cultivation, embracing all shades, of crimson, white, pink, orange and rose color. The plants are all shapely specimens well "headed" double and single flowered, and make splendid plants. 1st size, 11 to 14 in. heads, \$9.00 per doz.; \$60.00 per 100. 2nd size, 9 to 11 in. heads, \$6.00 per dozen; \$40.00 per 100.

Single White Azalea. Plants from three inch pots, \$5.00 per 100.

All Colors Mixed. Fine plants from 3 in. pots, of the best varieties without names. Price, \$6.00 per 100.

NEW

TRICOLOR CUPHEA.

(Cuphea Larvae.)

One of the most remarkable flowering plants within the range of our knowledge, combining as it does *three distinct colors* in each flower, *scarlet, purple and white*. It belongs to the same family as the well-known "Lady's Cigar Plant," but is vastly superior in every way. The flowers are tubular in shape, one and one-half to two inches long, and have two bright scarlet wings at the end of each flower; the tip of the flower is bright purple, the stamens are pure white; the body of the flower is pea-green and is covered with fine crimson hairs like a moss rose. The plants are always in bloom when given proper care. It grows into a bushy plant about fifteen inches high, and makes an elegant appearance when potted or in the open ground. Price, \$1.50 per doz.; \$8.00 per 100

FANCY CALADIUMS.

Large quantities of these are now used for summer and fall decoration. They are easily grown, thriving in pots or boxes in the house or shaded situations out of doors. Price, set of 12 finest varieties for \$2 60. General assortment named sorts, whole bulbs \$15.00 per 100.

NEW YELLOW PARIS DAISY.

A new strong growing and *branching* variety of this very useful plant. It will be welcomed on account of its vigorous habit, compact *branching* growth and golden yellow flowers. May be had in bloom all winter. Price, \$1.50 per doz.; \$10.00 per 100.

BLACK CALLA LILY.

NEW TRICOLOR CUPHEA.

TRUE BLACK CALLA LILY. (Arum Sanctum.)

A rare species from the Holy Land, which is still very scarce. The flowers have a strong *violet-like odor*, are a deep velvety purplish maroon—*almost black*—on the upper side, and moss-green underneath. From the centre of the flower springs a spike ten inches long, of the most intense glossy black. Price, 60c. each, \$6.00 per doz., for plants started in pots.

NEW RED BEDDING COLEUS, (Fire Crest.)

This grand red bedding Coleus originated with Mr. Wm. Ball, Spuyten Duyvil, N. Y., from whom we purchased the entire stock. It is without exception, the most brilliantly colored Coleus as yet introduced. The habit is close and compact, very short jointed, so that the leaves overlap each other and give the effect of the entire plant being one mass of brilliant red. It in no way competes with *Versehaeltii*; in fact, the contrast is so marked that both could be planted together with advantage. Price, \$1.00 per doz., \$6.00 per 100.

CANNA EHEMANI.

Entirely distinct from all other Cannas, its rich green, tropical foliage resembling the Musa or Banana. Its greatest merit, however, lies in the flowers, which are three inches long and two inches wide, of a glowing crimson color. They are produced in masses on the summit of whip-like stalks, with 25 or 30 flowers on each. After flowering in summer, the roots can be lifted and will bloom all winter in the house. Price, \$8.00 per 100.

CANNA NOUTONII.

Similar to the above but more prolific in bloom, and of a deeper color. Price, \$8.00 per 100.

CANNA INDICA.

We have a large collection of the older sorts which, are mostly used for foliage effects. Price, \$6.00 per 100.

CLEMATIS.

The Clematis is, perhaps, the most popular climbing plant of the day, and is constantly gaining in popularity. *Entirely hardy*, blooming the entire season, embracing great variety of color, of the most beautiful tints of blue, purple, lavender, scarlet, white, etc.; double and single—some of the flowers being six inches in diameter, and from their wavy, graceful contour, when wafted by a slight breeze, the flowers resemble huge butterflies hovering among the green leaves. They are all climbers, and, if trained carefully, attain a height of from five to fifteen feet in one season. The plants we offer, being grown in pots, can be planted out with safety at any time in the Northern States from April to June, or in the Southern States from January to May.

General Collection of Finest Varieties.

Languinosa Candida. Large, white, tinted lilac.

Jackmanii. (See special description and cut.)

Henryii. (See cut and special description below.)

Crispa. "Blue Bells." Small, blue, fragrant flowers. \$10.00 per 100.

Lady Londesboro. Silvery gray, pale bars.

Flammula. (Virgin's Bower.) White, fragrant. \$10.00 per 100.

Coccinea. Scarlet. \$10.00 per 100.

Fair Rosamond. Bluish white.

Lord Londesboro. Rich mauve.

Miss Bateman White.

Lilacina floribunda Pale gray lilac, deeply veined.

Boskoop's Seedling. Lavender, very large; extra fine variety.

Kermesina. New; red; distinct; free bloomer.

Lawsoniana. Rosy blue; extra fine.

Sensation. Grayish blue.

Standishii. Violet blue.

Duchess of Edinburgh. Double white.

Lucie Lemoine. Double white, fragrant.

Gypsy Queen. Dark velvety purple.

The Gem. Deep lavender blue.

Star of India. Reddish plum color.

Lady Caroline Neville. French white, mauve bars.

Rubra Violacea. Maroon, shaded violet.

CLEMATIS JACKMANII.

Fairy Queen. Pale flesh, with pink shaded purple at base.

Mad Grange. Crimson violet, red bar in centre.

Price, 60c. each, except where noted. All fine plants. Set of 25 sorts for \$12.00.

Our selection—large flowering varieties. \$50.00 per 100.

CLEMATIS JACKMANII.

The best known and most valued variety of this popular family. A perfect mass of bloom when in full flower. Color, dark, rich, royal purple. It is the variety shown in the engraving above, which gives a fair idea of this superb Clematis. Price, \$6.00 per doz., \$50.00 per 100.

CLEMATIS HENRYII.

This variety is a much stronger grower than most of the other varieties, and is *entirely hardy*. Excellent for cemeteries, or wherever a hardy climber is desired. Price \$7.50 per doz., \$60.00 per 100.

DOUBLE WHITE DAISY, "SNOWFLAKE."

In the engraving we show this most useful plant. Growing only from six to eight inches in height and covered during the entire season with its large, pure white flowers, its value as a border plant or for cemetery decoration can be easily appreciated. After blooming all summer it can be taken into the house in the fall and it will continue flowering all winter. It is without question one of the most valuable plants we have offered in years. Price, \$1.50 per doz., \$8.00 per 100.

DOUBLE WHITE DAISY. "SNOWFLAKE."

"TOM THUMB" New Single Dahlias.

The NOVELTY FOR 1892.
NEW
"TOM THUMB" DAHLIAS

It is seldom that such a decided break occurs in a race of plants as in this instance in the Dahlia, an entirely new class of which is now offered in the "TOM THUMB" varieties illustrated here. They will become most popular bedding plants; their dwarf habit and profusion of bloom, with brilliant colors, making them unrivaled for that purpose. We are indebted to Mr. T. W. Girdlestone, the secretary of the National Dahlia Society of England, for this new race, and we control the stock in the United States. Below we give the names and short descriptions of the varieties we offer. The natural height is only from 12 to 15 inches, and about 24 inches across the plant, forming a compact little bush.

BOOTLES. Rich velvety red.
BANTAM. Very handsome dark scarlet.
HOOP-LA. Rich velvety maroon, yellow ring in the centre.
MIDGET. Pure scarlet, very bright.
MISS GRACE. Light orange, very attractive.

MINIATURE. Clear bright yellow.
PEARL. Deep mauve, very distinct
TOM TIT. Orange scarlet, yellow ring in centre.
Price, 50c. each.

Special Offer.—Set of 8 "TOM THUMB" Dahlias for \$3.00.

GROWING PLANTS ONLY, READY MAY 1st.

Double Hollyhocks.

Hollyhocks are among the finest permanent garden plants, as being entirely hardy in most places and free growing, they make a great display with little or no care. Our collection contains all the colors named, but as they are grown from seed an occasional departure from these shades may be expected. For the same reason a small percentage may be single or semi-double. We offer them in the following shades, which are the leading colors grown: Double white, double yellow, double lavender, double pink, double crimson, double purple and double maroon. (See cut.)

Price, \$1.00 per 100.

GERANIUMS, ZONAL VARIETIES.

We wish to call special attention to our stock of these this season. The list of varieties has been carefully and we trust judiciously pruned so that our collection now contains absolutely the best of the older sorts, and only such new ones as are worthy of being listed.

Double in 12 best market sorts from 3 in. pots, \$6.00 per 100; \$50.00 per 1000.

Single in 12 best market sorts from 3 in. pots, \$6.00 per 100; \$50.00 per 1000.

DOUBLE HOLLYHOCK.

❖ NEW VARIEGATED LEAF IMPATIENS. ❖

A variegated form of the well-known Impatiens Sultana, the leaves being prettily marked with pure white on a dark green ground. The flowers are a deep shade of rosy carmine and are produced in wonderful profusion. The contrast between flowers and foliage is very marked, giving the plants a unique and charming appearance.

Price, 25c. each ; \$2.25 per doz. ; \$16.00 per 100.

We can supply the green foliaged variety also. Price, \$1.50 per doz ; \$10.00 per 100.

NEW HYBRID GERANIUM.

"P. Crozy."

The gentleman to whom we are indebted for the dwarf French Cannas has succeeded in obtaining a cross between the Ivy Geraniums and the Zonals. We now offer it for the first time. The foliage shows the blending of the two races, having the form of the Ivy and the substance and size of the Zonals. The flowers are *brilliant scarlet*, borne in the greatest profusion, the trusses measuring six inches across and the individual florets two inches. The habit is dwarf and compact ; the flowers are semi-double and last a long time. As a pot plant or in beds in the open ground it surpassed in brilliancy any variety in our grounds. Price, 40c. each ; \$4.00 per doz.

MANNETIA VINE.

Manettia Bicolor. A very pretty, rapid growing, twining plant, producing tubular flowers from one to two inches in length, the plant being literally covered with them the entire season. The coloring of these flowers is gorgeous in the extreme, being a flame color tipped with bright yellow. The contrast with the vivid green, glossy foliage is startling, making the plant an object of rare beauty. It will grow and bloom in any ordinary soil, and given strings or wires to cling to it will attain a height of from 6 to 10 feet in one season. As a pot plant it is unrivaled, when trained to a wooden stake or pot trellis it makes a fine plant for retailing. Price, \$1. per doz. ; \$6.00 per 100.

DOUBLE FLOWERING MUSK PLANT.

Every one is familiar with the common "Musk Plant," hence this improved *double flowering* variety will be doubly welcome. It grows most luxuriantly and is always covered with its bright yellow *perfectly double* flowers; the foliage is equally fragrant as the common variety. Price, \$1.50 per doz. ; \$10.00 per 100.

RUBBER PLANTS.

(*Ficus Elastica*.)

We take pleasure in offering a fine stock of this useful decorative plant in two sizes. The plants are strong and heavy, having been grown cool are short jointed and dark, rich green. 1st size, 15 to 20 in., \$9.00 per doz. 2d size, 12 to 15 in., \$7.50 per doz.

Copyrighted, 1891, by Peter Henderson & Co

NEW DOUBLE-FLOWERING MUSK PLANT.

SOLANUM J. GRANDIFLORUM.

SOLANUM JASMINOIDES GRANDIFLORUM.

A beautiful plant of climbing habit, attaining a height of 3 to 5 feet, but can be grown in bush form. Its flowers are star-shaped, and borne in large clusters, pure white with a violet tinge on back of petals, and on the buds. In pots it is a continuous bloomer, both summer and winter; but its greatest value is for outdoor culture; trained against a wall or trellis, and covered with magnificent clusters of flowers, its beauty cannot be surpassed. Strong plants, price, \$6.00 per 100.

Mammoth Verbenas.

Verbenas are now and have for years been one of our leading specialties. We carefully selected and improved our stock of the **Mammoth Verbenas** since we introduced them. Many kinds in richness of color and large white centre resemble *Auriculas*. Our stock is absolutely free from all disease. We offer a splendid assortment of the best varieties for market, in twelve or twenty named sorts. Price, \$3.00 per 100, \$25.00 per 1000.

Scarlet Salvia, "A. A. Wettig."

A very early-flowering variety, dwarfier in habit, earlier in flowering and of more substance than the common variety. Plants in our grounds were covered with flowers June 1st, and bloomed all season. Price, \$1.00 per doz., \$6.00 per 100.

Seedling Petunias. (Ready March 1st.)

We offer plants grown from seed of our own saving, which has been hybridized by hand, using only the most perfect flowers, thus ensuring a choice strain of the most beautiful kinds. Double, \$4.00 per 100. Single, \$3.00 per 100.

New Dwarf Scarlet Salvia, "Wm. Bedman."

The grandest addition to our list of bedding plants introduced in years. It originated with the gentleman whose name it bears, from whom we purchased the entire stock, so that we control this superb novelty. It forms a compact bush completely covered with rich scarlet flowers, which are of heavier substance than the older sort and remain longer on the plants. The engraving was made from a photograph of a plant in the open ground, which by actual measurement was only *fifteen inches high and two feet across*. The foliage is as large as the old sort and is so thick on the plants that it covers the ground, forming a mound of vivid green surmounted by blazing red flowers. As a border plant or vase plant it will be indispensable, and as it will bloom abundantly in pots it will be of the greatest value as a market plant for florists. Price, \$2.00 per dozen.

Double Petunias.

The varieties we offer have been selected from thousands of seedling plants we had on trial this season. The **Double Petunias** are easily cultivated and will thrive in any ordinarily rich garden. They should be staked up for protection from violent summer storms. Price, set of 12 named varieties for \$1.25; \$8.00 per 100.

PANSIES.

Henderson's Superb Strain.

Grown from selected seed and offered as unequalled for *size, form and color*. Pansies are now largely used for bedding purposes, vases, etc., and these grand varieties will greatly increase their popularity. Price, \$3.00 per 100.

RHUBARB ROOTS.

Rhubarb Roots may be planted early in spring or in fall, setting the roots three feet apart each way; if planted in spring on ground prepared, a full crop may be gathered the succeeding season. It requires but little labor; once planted, it will remain in bearing condition for three or four years, only requiring a top dressing of manure dug in spring or fall.

Rhubarb Linnæus. Old variety, \$8.00 and \$12.00 per 100.

St. Martin's Rhubarb. A new English variety, now grown largely for the London market. It is not only immensely productive but it is one of the earliest; above all, it has a rich, spicy flavor, very similar to the gooseberry, when used for pies or tarts. Strong imported roots. Price, 25 cts. each; \$2.00 per doz; \$15.00 per 100.

PEPPER PLANTS. (Pot Grown.)

(READY MAY 15TH.)

Large Bell or Bull Nose. \$3.00 per 100.

Sweet Mountain. \$3.00 per 100,

EGG PLANTS. (Pot Grown.)

(READY MAY 15TH.)

N. Y. Improved. \$3.00 per 100.

Black Pekin \$3.00 per 100.

CABBAGE AND CAULIFLOWER.

FOR SPRING PLANTING.

Cabbage. Now ready. Early Jersey Wakefield, cold frame plants, fall sown. \$7.50 per 1000.

We also offer the following

Spring sown transplanted plants, which are hardened off in cold frames, of Early Summer, Jersey Wakefield and Succession Cabbage, Early Snowball, and Early Paris Cauliflower. Price, Cabbage \$5 per 1,000; Cauliflower, \$10 per 1,000. Special rates for larger quantities.

LETTUCE PLANTS.

Spring sown transplanted plants hardened off in cold frames.

Early Curled Simpson, (cold frame) \$4 per 1000
Boston Market, " 4 per 1000

TOMATO PLANTS.

Transplanted plants.

(READY MAY 1ST.)

Early Ruby, Table Queen, Perfection, Acme, Paragon, The Trophy, (from headquarters seed.) **Dwarf Champion, and The Mikado** \$1.25 per 100; \$10.00 per 1,000. Special rates on large quantities.

PONDEROSA, at \$2.00 per 100.

EARLY CELERY PLANTS.

(READY MAY 1ST)

Transplanted plants of White Plume, Golden Dwarf, Golden Self Blanching and New Rose. Price, \$4.00 per 1,000.

are used extensively in all the leading floral establishments in the United States.

**Prices sent on
Application.**

FRUIT AND VEGETABLE PLANTS.

HARDY GRAPES.

Eaton. An excellent black grape of recent introduction. Equal to Concord in vigor and hardiness but superior to it in the grand quality of its fruit.

PRICE.—Two-year-old vines, \$4.50 per dozen; one-year-old vines, \$3.50 per doz.

Moore's Diamond. A grand white grape the product of a cross between Concord and Iona. It combines the best qualities of each parent and shows every indication of becoming our leading white grape both for market and private use.

PRICE.—Two year old vines, \$3.50 per doz.; one-year-old vines, \$2.50 per doz.

Brighton. One of the very best *red* grapes; early.

Niagara. The finest of the *white* grapes.

Worden. *Black*; very juicy; large size, early.

Concord. Bunch and berries large; color, *black*, with a rich bloom.

Delaware. *Red*; bunches compact; berries small, sweet and of the most excellent flavor.

Duchess. Greenish white, splendid quality.

Golden Pocklington. Deep amber.

Moore's Early. Resembling the Concord in style of growth and berry; ripening two weeks earlier. 25 cts. each.

Wilder. (Roger's No. 9.) An excellent variety. Berries medium; bunches large; color *black*. A good bearer.

Agawam. Berries large, of *bronze* color; bunches of good size and form. One of the best.

Salem. A splendid *white* grape, *tinged with pink*.

Martha. One of the best of our *greenish white* grapes; exquisite flavor.

Wyoming Red. A fine *light red*, medium sized, and splendid quality, a wonderfully productive grape. 20 cts. each.

PRICE.—Very strong two year-old plants, 15 cts. each, \$1.50 per dozen, *except where noted*. Full set of 15 kinds for \$2.50.

FOREIGN GRAPE VINES FOR VINERIES.

The varieties marked "H" are suited for hot graperies; those marked "H & C" will do in either.

Muscat of Alexandria. Large grape of light golden color; the most popular of the white kinds. H & C.

Black Hamburg. A well known excellent sort. H & C.

Charlesworth Tokay. White. H & C.

Lady Down's. Black. H.

Cannon Ball Muscat. White. H.

White Frontignan. White. H.

Royal Muscadine. White. H. & C.

Maddresfield Court Muscat. Black. H & C.

Splendid vines, one year old, 75 cts. each; \$7.50 per dozen. Extra large *fruiting vines* of the two varieties first on the list, \$3.50 each.

STRAWBERRIES.

SPECIAL NOTE.—These Strawberry plants being from pot layered plants which were transplanted into cold frames in the fall, if planted out any time before May 5th will give quite a nice lot of fruit by June 15th of the present year. The plants here offered are far superior to the untransplanted "layers" usually sold.

Space will not permit us to give lengthy descriptions of the numerous varieties we offer. They are fully described in our Strawberry Catalogue, which will be sent free on application. Below is a list of the leading kinds—"The Cream of the Strawberries."

FIGS.

Are hardy nearly everywhere south of Washington, and can be kept out-doors in almost any well-sheltered spot in the Northern States if covered up with soil or leaves in winter; or they can be grown to fruit in tubs, which in winter can be kept in a cold graperie or cellar.

PRICE.—Large Fruiting Plants, 50 cts. each; \$4.50 per dozen

BLACKBERRIES.

Wilson Jr., Kittatinny, Early Harvest.

PRICE.—\$2.00 per 100.

CURRENTS.

Cherry, Victoria, and White Grape.

PRICE.—\$4.00 per 100.

RASPBERRIES.

The leading sorts, Black and Red.

PRICE.—\$2.00 per 100.

GOOSEBERRIES.

Houghton's Seedlings, \$4.00 per 100.
Industry, \$12.00 per 100.

CELERY PLANTS.

ORDERS BOOKED NOW

For Shipment as soon as our plants are ready—about June 25th.

We are unquestionably the largest raisers of Celery plants in the world, and our methods of culture are such that we invariably have the plants in the finest possible condition. We can supply plants of any of the following sorts (*after June 25th*) viz.:

Henderson's White Plume,	Giant White Solid,	Henderson's New Rose,
Golden Self Blanching,	New Giant Pascal,	Major Clark's Pink,
Boston Market,	Henderson's Half Dwarf,	London Red.
	Golden Dwarf,	

Price of Celery plants of any of the above varieties (*ready June 25th*), 40c. per 100; \$3.00 per 1000.

5,000 lots and over.....	\$ 2.90 per 1,000,
10,000 ".....	2.80 " "
20,000 ".....	2.70 " "

SEND IN YOUR ORDERS EARLY.

Between June 10th and 25th we can supply young plants of the above at the following rates: \$2.50 per 1000; in lots of 5,000 and over at \$2.00 per 1,000; in lots of 10,000 and over at \$1.50 per 1,000. These will be the thinning of our beds, from one and a half to two inches high. By transplanting them into frames fine plants may be had for setting in the open ground about July 1st. *June 25th is the latest date these can be supplied.*

"PARKER EARLE."

POT-GROWN STRAWBERRY PLANTS.

READY FOR SHIPMENT LATTER PART OF JULY, ORDERS BOOKED NOW.

BUBACH No. 5. The king strawberry of to-day; an immense producer, does well everywhere, largest berries, strong healthy grower, medium early.

CHAMPION or WINDSOR CHIEF. Immensely productive on heavy soil. Fruit handsome, deep crimson, very firm, good market variety, medium early.

CHARLES DOWNING. Of unsurpassed quality and very productive in moist soils.

CLOUD. Vigorous grower, enormously productive, fruit uniformly large dark glossy red.

CRIMSON CLUSTER. Introduced by us, immensely productive with good cultivation, fruit of immense size borne in large clusters, flavor delicious, one of the latest as well as one of the earliest varieties. \$5.00 per 100; \$40.00 per 1000.

CUMBERLAND. An excellent standard variety of fine color and delicious flavor, splendid market variety.

GANDY. This is the best and finest late strawberry yet introduced, and we find it to be the favorite late variety with fruit growers all over the country. By its use the season of strawberries is extended by nearly two weeks. The berries are of large, uniform size and shape, of bright crimson color, very handsome and showy, of superior quality, very firm, and ripen two weeks after Sharpless. For the home table it is invaluable, its fine quality, beauty and size rendering it a universal favorite.

HAVERLAND. One of the best berries in existence to-day. A vigorous grower, does well anywhere; free from rust or burn, it yields among the first, producing an immense quantity of very large berries. It is all right every way. \$5.00 per 100; \$40.00 per 1000.

HOFFMAN. Strong grower and immensely productive, fruit very firm and of good size, very popular south, for shipment to northern market.

JESSIE. A large handsome berry of fine quality, plant strong, stocky, free from rust and wonderfully productive. It has been tested over a large extent of country and gives universal satisfaction.

MAY KING. Remarkably productive, fruit showy scarlet, of medium size, very early and valuable market sort, doing better on poor soils than most others.

MIDDLEFIELD. Valuable new variety. Beautiful large conical berries of dark crimson, strong healthy grower and very prolific. Colors very evenly, and ripens about mid-season. \$5.00 per 100; \$40.00 per 1000.

MICHEL'S EARLY. Probably the best early strawberry grown, a novelty of two years ago that has steadily gained favor, and has come to stay. A strong robust grower, rooting very deeply, yields bountifully, extra large, handsome, scarlet fruit of splendid flavor.

NECTAR. Introduced by us, raised by Mr. Durand. Quality extra fine, fruit largest size, medium early, abundant bearer, luxuriant grower, free from mildew or rust. \$5.00 per 100; \$40.00 per 1000.

PARRY. Large firm fruit of good quality, beautiful in color, strong grower.

PINEAPPLE. Rich dark crimson berries of delicious flavor some growers claim it outyields Crescent planted side by side, and it averages larger than Sharpless.

PARKER EARLE. (See cut above) A strawberry destined, it is thought to eclipse all others. A most wonderful producer, having yielded at the rate of 15,000 quarts per acre. It is specially adapted to light soils and endures hot dry weather better than most strawberries, though in the Rural New Yorker trials in '89, during a spring of excessive rains, it bore more berries than any other Strawberry they ever had on their grounds. Medium to late in ripening, berries large, conical light crimson; very firm and of excellent quality. Plant healthy and a magnificent grower. \$5.00 per 100; \$40.00 per 1000.

SHARPLESS. One of the most popular, very vigorous and productive, profitable market sort.

WARFIELD. Comparatively new sort. Mr. Crawford says: 'Warfield will doubtless be placed at the head of the list by a great many, and this is where it belongs, for vigorous growth and great productiveness it cannot be surpassed. It is among the first to ripen and among the last to yield a good picking. \$4.00 per 100; \$30.00 per 1000.'

Price of any of the above Pot Grown Plants (except where noted,) \$3.00 per 100; \$25.00 per 1000.

GLADIOLUS BULBS.

For Descriptions of Varieties see our Manual of "Everything for the Garden " 1892.

FRESH ✦ PALM ✦ SEEDS.

FOR PRESENT AND FUTURE DELIVERY.

We have made special arrangements direct with collectors to take large quantities, thereby enabling us to offer them at much lower prices than they are usually sold at, and thus getting them direct, enables us to send out fresh seed, which is of more importance with this class than with any seeds we are acquainted with.

☞ We fill all orders as soon as the seeds are received by us WHICH NECESSARILY WILL BE AT DIFFERENT SEASONS as the time of ripening varies in different species.

The varieties marked with a () are now in stock.*

ARECA BAUERI.

CORYPHA AUSTRALIS.

***Areca Baueri.** *Syn: Seaforthia robusta; Rhopalostylis Baueri; Kentia Baueri.*

"Bauer's Palm." This is one of the loveliest of all the Arecas. Well known and cultivated largely, of medium quick growth.

Price, 90c. per 100 seeds; \$8.00 per 1000.

***Areca Lutescens.** *Syn: Chrysolidocarpus lutescens; Hyophorbe indica; H. Commersonium.*

A very popular variety with florists, clean, quick and graceful growth. Arching leaves with golden stems.

Price, \$1.00 per 100 seeds; \$8.00 per 1000.

***Areca Rubra.** *Syn: Dictyosperma rubrum.*

A fine, pinnated palm, of high decorative value, with dark green leaves, the veins and margins of which are tinged with red, of quick growth.

Price, 75c. per 100 seeds; \$6.50 per 1000.

***Caryota Ureus.**

"Fish Tail Palm or Wine Palm." A noble variety. The leaflets are shaped like the tail of a fish. Splendid when large for sub-tropical gardening. Excellent when young for table decoration.

Price, 80c. per 100 seeds; \$7.00 per 1000.

***Chamærops Humilis.**

Very ornamental and dwarf growing "Fan Palm," of very easy culture. Large, divided, fan-shaped leaves; stems thorny. Handsome for sub-tropical effects, and worthy of extended cultivation, of slow growth but standing lots of handling and ill usage.

Price, 15c. per oz.; \$1.00 per lb.

***Chamærops Excelsa.** *Syn: Trachycarpus excelsus.*

Large round fan-shaped leaves deeply cut. Resembling *Latania* but of slower growth. Stands handling and ill usage well. A very fine palm for decoration and sub-tropical lawn effects, of very easy culture.

Price, 15c. per oz.; \$1.00 per lb.

***Corypha Australis.** *Syn: Livistona Australis.*

"Australian Cabbage Palm." This is a very hardy palm, with large, nearly circular, fan shaped, dark green leaves, with brown stems. Admirably adapted for various decorative purposes, especially for sub-tropical effects in summer gardening. This is of easy culture although of somewhat slow growth.

Price, 40c. per 100 seeds; \$3.00 per 1000.

***Cocos Plumosa.**

A highly ornamental palm, with straight stem and long, arching, feathery leaves, dark green above, glaucous beneath. A rapid grower, will attain a height 5 to 6 feet in 3 years; highly decorative for background.

Price, \$1.50 per 100 seeds; \$14.00 per 1000.

***Cocos Weddelliana.**

This is probably the most elegant small palm ever introduced. Leaves fern-like and gracefully arched, dark green above, glaucous below. For table decoration it is exquisitely beautiful.

Price, \$1.50 per 100 seeds; \$14.00 per 1000.

***Euterpe Edulis.** *Syn: Oreodoxa Sancona.*

"Assai Palm." A tall growing, elegant palm with bright, clean stems, resembling *Seaforthia Elegans*, and considered an improvement on it, being of rapid growth and stands handling well. They should have plenty of heat.

Price, \$2.00 per 100 seeds; \$18.00 per 1000.

***Geonoma Gracilis.**

A very graceful dwarf species resembling *Cocos Weddelliana*, and by some considered superior, being more easily grown; it has graceful arching pinnate leaves. Exceedingly handsome, especially in the young state, and are very decorative for table; an of medium rapid growth.

Price, \$1.50 per 100 seeds; \$14.00 per 1000.

GEONOMA GRACILIS.

LATANIA BORBONICA.

KENTIA BELMOREANA.

Kentia Canterburyana. Syn: *Hedyscepe Canterburyana*.

"Umbrella Palm," or "Viscount Canterbury's Palm," An exceedingly decorative and ornamental palm of tall growth. The leaves are large, of a rather bright green and form a dense head. Where plenty of room can be given, this palm can hardly be overrated for specimens; rapid strong grower. The seeds are very large.

Price, \$3.00 per 100 seeds; \$28.00 per 1000.

***Kentia Forsteriana.** Syn: *Howea Forsteriana*; *Grisebachia Forsteriana*.

"Flat or Thatch Leaf Palm." This is without exception the most hardy of its class. It is very graceful, and for table decoration scarcely has its equal. Excellent for room culture, as neither variations in temperature or gas affect it. Rapid grower.

Price, \$1.00 per 100 seeds; \$9.00 per 1000.

***Kentia Belmoreana.** Syn: *Howea Bel*; *Grisebachia Bel*.

"Belmore's Curly Palm." A splendid variety and very largely grown. Similar but dwarfer than *Forsteriana* and possessing all of its excellent qualities, differing from that variety only in the tendency of its leaves to curl under, making it particularly beautiful. Rapid grower.

Price, \$1.00 per 100 seeds; \$9.00 per 1000.

***Kentia Moorei.**

A very beautiful, rare and quite distinct dwarf palm, with leaves of dark green. This variety will grow in a cool temperature. Rapid grower.

Price, \$3.50 per 100 seeds; \$32.00 per 1000.

***Latania Borbonica.** Syn: *Livistona Chinensis*; *L. sinensis*; *L. Mauritiana*.

"The Bourbon Palm." A well known and very handsome species, of very rapid and healthy growth. Large, broad, shining green, fan-shaped leaves. Unequaled for either parlor, hall, piazza, lawn or greenhouse decoration, of medium quick growth—13 months from sowing it shows its character leaves.

Price, per oz., 20c; per lb. \$1.75.

***Oreodoxa Regia.**

"The King or Royal Palm." A tall, elegant and graceful variety, with slender, ringed stems, bearing long terminal leaves. Admirably adapted for either sub-tropical gardening or for the decoration of apartments, of quick growth.

Price, 90c. per 100 seeds; \$7.00 per 1,000.

***Phoenix Reclinata.**

A fine large growing species, of very rapid growth, very hardy. Stands any amount of hard usage, fine vase palm.

Price, \$1.25 per 100 seeds; \$9.00 per 1,000.

Phoenix Rupicola.

This is one of the most exquisitely graceful among the smaller palms. Its wide spreading, gracefully arching, fern-like leaves are elegant and effective for apartment decoration. It is considered the handsomest and most valuable of the *Phoenixes*, of medium slow growth when young.

Price, \$1.50 per 100 seeds; \$12.00 per 1,000.

***Ptychosperma Alexandræ.** Syn: *Archontophoenix Alexandræ*.

A very elegant species, rare in cultivation, but on account of its many good qualities and great hardihood is destined to become very popular when known. The leaves are pinnate and beautifully arched; of a pretty pink when young but green when mature: tall, slender trunk. Resembles *Seaforthia Elegans* and stands handling better.

Price, 60c. per 100 seeds; \$5.00 per 1,000.

***Sabal Blackburniana.** Syn: *Sabal Umbra-culifera*.

"Blackburn's Fan or Thatch Palm." A very noble and distinct dwarf palm. Admirably suited for window gardens when small, and for sub-tropical effects for summer gardens. Slow growth but its magnificence repays for patience.

Price, \$1.00 per 100 seeds; \$9.00 per 1,000.

Seaforthia Elegans. Syn: *Archontophoenix Cunninghamia*; *Ptychosperma C.*

"Illawarra Palm." One of the most beautiful of the palm family. It is perfectly smooth and attains a height of twenty feet or more, with gracefully drooping, feather-like leaves. One of the finest subjects for conservatory, greenhouse or sub-tropical gardening. Can be placed in the open air from June 1st to Oct. 1st. It is of rapid growth, attaining a height of three feet from seed the first season. Scarcely anything can equal the effect of large specimens of this noble palm, unfortunately it does not stand rough usage and handling, as well as *Euterpe* and *Ptychosperma* which are of similar appearance.

Price, 60c. per 100 seeds; \$5.00 per 1,000.

WASHINGTONIA FILIFERA.

* **Thrinax Argentea.**

"Silver Broom Palm," "Silver Thatch Palm." A noble and elegant decorative fan palm, with large leaves of a silvery, silky appearance beneath, of slow growth, but elegant and valuable when large and stands handling well.

Price, 75c. per 100 seeds; \$5.00 per 1,000.

Thrinax Radiata. Syn: *T. Elegans*; *T. gracilis*.

A very ornamental palm, with round, fan-shaped leaves, of slow growth but makes grand specimens and stands handling well.

Price, \$3.50 per 100 seeds; \$30.00 per 1,000.

Verschaffeltia Splendida. Syn: *Regelia magnifica*; *R. Majestica*. *R. Princeps*.

A very handsome palm, with immense bright green leaves, with prominent veins and thorny stems. Slow growth, requires hot, moist atmosphere when growing.

Price, \$3.00 per 100 seeds; \$28.00 per 1,000.

* **Washingtonia Filifera.** Syn: *Brahea Filamentosa*; *Pritchardia filamentosa*.

This is the "Thread Bearing California Palm," and has large fan-shaped leaves, with thread like filaments hanging from the segments. It is a handsome decorative palm when full grown. A rapid grower and for bedding out or as a vase palm, it is scarcely equalled.

Price, 20c. per oz; \$1.75 per lb.

Peter Henderson & Co's "Unrivalled" Flower Seeds

IN ELEGANTLY LITH-
OGRAPHED PACKETS
FOR RETAILING.

"They Sell
Themselves.

YOU MAKE 100.

We put up each
variety prefixed with *
in this catalogue in these
beautifully lithographed
packets. (See specimen
packet below.)

Copyrighted, 1891, by Peter Henderson & Co.

These packets are superbly lithographed showing the flowers in natural colors; painted from nature by our own artists, and are as much superior to any other packets on the market as are the seeds they contain, for we put in them absolutely the same "unrivalled" flower seeds that we use for our own critical retail trade.

Full description and cultural directions are given on the back of each packet; these when displayed in our new counter boxes (described below), make a very attractive appearance worthy of a prominent position in any store, and "they sell themselves." No seeds are so widely advertised as ours, and their high quality has won for us a national reputation.

YOUR PROFITS.

We furnish our superbly lithographed packets of "Unrivalled" Flower Seeds to those who buy to sell again at 50 per cent discount from our retail prices, in quantities of not less than 5 packets of a kind; (on less than five of a kind we can only allow 33 1/3 per cent.)

Additional Supplies can be quickly obtained at any time by mail at the same rate of discount mentioned above (with only cost of postage added.)

PETER HENDERSON & CO'S NEW COUNTER BOXES.

Designed by ourselves and we consider them the finest ever sent out; the packets being so arranged in them that "they sell themselves," as the customer can see exactly what is wanted without disturbing the entire contents of the case, each variety being clearly in view. As the boxes are well made and highly finished they will last for several years so that it will not be necessary to purchase a box with each lot of seeds as we can send additional supplies of seeds at any time by mail or express. Each compartment will hold 10 to 20 packets according to the size of the seeds.

PRICES OF COUNTER BOXES FOR FLOWER SEEDS. (Without Seeds.)

(Furnished only to customers ordering sufficient packets to fill them.)

24	Compartment box, 18 1/2 in. long x 11 1/4 in. wide x 2 in. deep; weight empty, 2 1/2 lbs.	Price,	60

"THEY SELL THEMSELVES."

YOU MAKE 100 PER CENT.

Peter Henderson & Co's Box Collections

OF

"UNRIVALED" FLOWER SEEDS

IN SUPERBLY COLORED PACKETS FOR RETAILING.

For the convenience of those who wish to sell our "Unrivalled" Flower Seeds, and do not know exactly what to select, we have made up the Flower Seed Box Collections (as offered below.) The varieties contained are such as our experience has shown to be the most popular and salable though of course you are at perfect liberty to make your own selections from our Retail Catalogue for the current year and we will still allow you the regular discount of **50 per cent** from retail prices on quantities of not less than 5 packets of a kind, (when less than 5 of a kind are ordered, we can only allow 33 1/3 % discount.)

Our New Counter Boxes (described on opposite page), we think the finest ever sent out and as the packets of the different varieties of seeds are fully displayed your customers can see exactly what is wanted without troubling you or disturbing the entire contents of the case, consequently the seeds sell themselves. Additional supplies can be quickly obtained at any time by mail at the same rate of discount mentioned above, with cost of postage added.

Sorts preceded by § are Climbers.

"BIJOU" BOX COLLECTION.

Contains 240 packets (10 each of 24 varieties), that retail at 5c. each, amounting to \$12.00.

Price to dealers is 50 per cent. off, or net \$6.00 or with 24 compartment box, (described on opposite page,) \$6.60.

The varieties are as follows :

Eschscholtzia, double mixed.	Marigold, El Dorado, mixed.	Zinnia, Zebra mixed.

All of the above varieties of flower seeds will bloom the first season from seed.

PETER HENDERSON & CO.

CHRYSANTHEMUM—Coronarium.^{5c}
Double White.

416 (Hardy annual, 1 to 1 1/2 feet high.) Excellent for garden culture, producing in quantities double white flowers, very useful for cutting and fine for effective beds.

U Sow out of doors after danger from frost, and for succession of bloom at intervals during the summer. For early flowering, sow in greenhouse, hotbed or some window of the house facing South or South-east, in shallow boxes (2 inches in depth is ample) in an average temperature of 60 degrees; transplant the seedlings into small boxes when 2 or 3 leaves have developed, and plant in the open ground after danger from frost is past. Sow in light soil, not deeper than four times the size of seed press firmly with a board, and water with a fine spray; do not allow the seedlings to dry out when small.

PETER HENDERSON'S BOOKS ON HORTICULTURE

Gardening for Profit.

Practical Floriculture.

Gardening for Pleasure.

How the Farm Pays.

Garden and Farm Topics.

New Handbook of Plants.

THE FOLLOWING BOOKS WRITTEN BY PETER HENDERSON ARE THE ACKNOWLEDGED AUTHORITIES AND TEXT BOOKS ON THE SUBJECTS OF WHICH THEY TREAT.

Henderson's New Handbook of Plants and General Horticulture.

A NEW AND REVISED EDITION, WITH ABOUT 800 ILLUSTRATIONS.

THIS new edition **rewritten and enlarged in 1889** comprises about fifty per cent. more general than the former one, and embraces the botanical name (accentuated according to the latest authorities), derivation, natural order, etc., together with a short history of the different genera, and concise instructions for their propagation and culture. A valuable feature of the book, particularly to amateurs, is the great care that has been given to obtain all the leading local or common English names, together with a comprehensive glossary of Botanical and Technical terms. Plain instructions are also given for the cultivation of the principal vegetables, fruits, and flowers—both for the Amateur, Florist and Market Gardener—with very full instructions on forcing Tomatoes, Grapes, Cucumbers, Mushrooms, Strawberries, etc., together with comprehensive practical directions about soils, manures, roads, lawns, draining, implements, greenhouse buildings, heating by steam and hot water, propagation by seeds and cuttings, window gardening shrubs, trees, etc. In short, everything relating to general horticulture is given in alphabetical order, to make it a complete book of reference.

Price, \$4.00, post-paid.

Also given free as a premium on orders from this Catalogue amounting to \$40.00, if asked for with the order.

Practical Floriculture. NEW EDITION.

Written particularly for the Commercial Florist, but equally as valuable for the Amateur. Fully illustrated; 325 pages. This work teaches how flowers and plants can best be "grown for profit." It is admitted to be the leading authority on the subject. Some of the contents:

How to become a florist—The Profits of Floriculture—Aspect and Soil—The Preparation for New and the Renovation of Old Lawns—Laying out the Flower Garden—Designs for Ornamental Grounds and Flower Gardens—Planting of Flower Beds—Soils for Potting—Temperature and Moisture—The Potting of Plants—Drainage in Pots—Cold Frames for Winter Protection—Construction of Hot-Beds—Greenhouse Structures—Glass, Glazing and Shading—Modes of Heating—Propagation of Plants by Seeds—Propagation of Plants by Cuttings—Propagating Roses by Grafting and Budding—Greenhouse Plants most in demand in Spring—Cold Frame Plants most sold in Spring—Plants most in demand for Window Decoration in Winter—Culture of Winter Flowering Plants for Cut Flowers—Rose Growing in Winter—Bulbs for Winter Flowers—Plants used for Decoration of Rooms—Construction of Bouquets, etc.—Hanging Baskets—Parlor or Window Gardening—Formation of Rock-work and Plants for Rocks—What Flowers will grow in the Shade—Succession Crops in the Greenhouse—Packing Plants—Plants by Mail—Insects and Diseases Affecting Plants—Mildew—Diary of Operations for the Year—The Culture of Grape Vines under Glass.

Price, \$1.50, post-paid. *It is also given free as a premium on orders from this Catalogue amounting to \$20.00, if asked for with the order.*

Gardening for Pleasure. NEW EDITION.

Tells how to grow Flowers, Vegetables and small Fruits in the Garden and Greenhouse; also treats fully on Window and House Plants. It was specially written for amateurs—contains 404 pages, and is fully illustrated.

Price, \$2.00, post-paid. *It is also given free as a premium on orders from this Catalogue amounting to \$25.00, if asked for with the order.*

Henderson's Bulb Culture. Price, post-paid, 25 cents. *Will be given free as premium on all orders from this Catalogue amounting to \$4.00 and over, if asked for with the order.*

Gardening for Profit. NEW EDITION. A

new, revised and greatly enlarged edition of this popular work. This book gives in detail our 25 years' experience in *Market Gardening*, and a revised list of varieties in vegetables recommended for market culture. Written particularly for the Market Gardener, but is equally as valuable for the Private Gardener. Fully illustrated; 375 pages. Its contents are:

The Forcing of all important Vegetables and Fruits under Glass—The Men Fitted for the Business—The Amount of Capital Required and Working Force per Acre—Profits of Market Gardening—Location, Situation and Laying Out—Soils, Drainage and Preparation—Manures—The Uses and Management of Cold Frames—Protecting Cloth in lieu of Sashes—Spring raising of Cabbage, Cauliflower and Lettuce—Formation and Management of Hot-Beds—Forcing Pits or Greenhouses—Wide Greenhouses for Vegetable Crops—Forcing Strawberries—Seeds and Seed Raising—How, When and Where to Sow Seeds—Transplanting—Vegetables, their Varieties and Cultivation—When to Sow and Plant in the Southern States—Packing of Vegetables for Shipping—Preservation of Vegetables in Winter—Insects—Culture of Small Fruits—Monthly Calendar of Operations.

Price, \$2.00, post-paid. *It is also given free as a premium on orders from this Catalogue amounting to \$25.00, if asked for with the order.*

How the Farm Pays. By Messrs. Henderson and Crozier. An acknowledged authority for Farmers. Gives all of the Latest Methods of Growing Grass, Grain, Root Crops, Fruits, etc.; and all about Stock, Farm Machinery, etc., etc.

Price, \$2.50, post-paid. *It is also given free as a premium on orders from this Catalogue amounting to \$30.00, if asked for with the order.*

Garden and Farm Topics. Contains essays on some special Greenhouse, Vegetable and Bulb, Fruit and Farm Crops. Fully illustrated; 244 pages. Price, \$1.00, post-paid.

It is also given free as a premium on orders from this Catalogue amounting to \$10.00, if asked for with the order.

A New Book "**Injurious Insects and Plant Diseases, with Remedies.**" by PROF. BAILEY, chief of Cornell Experiment Station, gives the latest preventives and treatments from practical tests and experiments, including the latest apparatus for applying fluid and powder insecticides. It gives all in plain, concise manner. Price, 25 cents, or given free as premium on all orders from this Catalogue amounting to \$4.00 and over, if asked for with the order.
