NOTICE.

The undersigned has much pleasure in offering his present stock of Roses, which are this season of finest quality. He refers with satisfaction to his rich collection, which contains, not only all the well established varieties, but the novelties of the past season ('72.)

The collections are principally on their own roots—some of the newer kinds which have not been sufficiently long on hand to have established plants in that way can be supplied on Manetti. These we shall propagate on own roots as speedily as possible.

After many years' experience in packing and forwarding plants to distant countries, he flatters himself he can pack both economically and safely for any distance. Orders to the amount of five dollars and upwards will be packed free of charge.

Orders are expected to be accompanied with a remittance, or the articles will be forwarded C. O. D., at the purchaser's option.
