SELECT PEARS.

The number of varieties of this fruit, both of American and Foreign origin, has increased so rapidly within the last few years, that it has become necessary to limit the kinds cultivated. The following list comprises such as have been well tested and proved, any of which the amateur may plant without risk of disappointment.

Those designated by an * are of American origin.

Price—Two and three years, dwarfs, 40 cents each, \$25 per 100.

Extra sized trees, extra prices.

Standard trees, two and three years, 50 cents each, \$30 per 100.
