Rosa Hugonis Worth Getting Next!

"Golden Rose of China"

In actual use for more than ten years, Hugonis has proved all we claim for it—completely hardy, exceptionally early bloomer, beautiful flowers and foliage, wide range of usefulness. No matter how much you have liked to handle other Roses, you will be mighty well-pleased with the practical money-making results Hugonis will bring you.

You run no risk. The leaders among American Nurserymen have handled Hugonis regularly, from the first, getting their supply here. This last Fall brought repeat orders by the score. Hugonis must be good—it must be **SELLING BIG**. The plants now for sale are freshly dug, own-root, field grown and mighty nice stuff.

In the last ten years the supply has sold out early, in spite of increased production. Better get yours ordered today. Will be pleased to take care of you!

卐 CANNAS—AMERICA'S BEST

Green foliage except as noted

The Cannas from which the (卐) is omitted are the only varieties we offer that were not originated by the late Antoine Wintzer and introduced by us.

New Beauty Dominates Canna World

For more than 30 years buyers of Cannas have turned confidently to West Grove, finding in the work of the late Antoine Wintzer, the best varieties in commerce. Good Cannas, one by one, appeared from the skillful hands of this master-producer. But still his clients waited eagerly, unsatisfied, expecting the one superior variety. Suddenly, with a burst of splendid luck, he introduced the best pink Canna of his whole 30 years' hybridizing—卐 Mrs. Pierre S. duPont. In the tremendous wave of approval that followed, Canna-men recognized at last the long-looked for, much-anticipated variety.

Where, except in this wonderful Canna, will you find such pure rich color—a vivid watermelon pink? A large flower head with ruffled petals. Firm, erect stem, gigantic foliage. A sturdy grower standing up well under hot sun. Truly, leaders in the Canna World are delighted with this attractive-growing eye-catching variety.

The roots we offer you are extra heavy, plump 2 to 3 eye divisions. Prices are at a new low level. Follow the judgment of keen business men—make up your order for Mrs. duPont now.

--plan to see our Nursery at West Grove, Pa.

The Exposition in Philadelphia offers you a wonderful opportunity. You have the chance to see, not only the various exhibitions for the occasion, but the entire City, full of historical interest, is open for your observation. Remember, this is the "City of Brotherly Love," made famous by Wm. Penn, Benjamin Franklin and Betsy Ross. See Independence Hall and Fairmount Park! Valley Forge and other famous places of Revolutionary times are also close by. Atlantic City is only three hours away.

To make your trip even more worth while, why not plan to see the National Capitol at Washington. If you do this, watch for the big sign with "Star Roses, The Conard-Pyle Co." It is in front of our Nursery at West Grove, where you may see no less than 1000 varieties of Roses growing or on trial. This is on the main road from Philadelphia (40 mi.) to Baltimore (60 mi.) and Washington (100 mi.). West Grove is easy to reach from the Lincoln Highway, too. It has also excellent train, 'bus and trolley connections. Write for details and maps. Plan to visit us! We'll welcome you most heartily! Do come!
