ROSES, CANNAS, SHRUBS } FOR THE
TRADE

From **The Conard & Jones Co.** West Grove
Penna.

"Antoine Wintzer, the dean of Canna hybridizers in America, has 3000 Canna Seedlings on trial this season. Of these fully 300 have been marked for further trial. His efforts in securing promising varieties are more than usually successful; the experience of 17 years, aided by a favorable season, has produced splendid results. A flower that would have been considered an improvement ten years ago is scarcely noticed now; size, substance, color, form, foliage, each and all must be better than in some existing variety, or the claimant is discarded."—Extract from the "Weekly Florists' Review," Sept. 23, 1910, describing a visit to our Nurseries.

"YOU HAVE THE

Finest Cannas in the World

I CONGRATULATE YOU"

recently remarked the late Mr. George H. Brown, landscape gardener in charge of the United States Public Buildings of Washington, D. C.

Ten thousand C. & J. Cannas planted on the White House and Public Grounds at our Nation's Capitol attest to his sincerity, and give to Conard & Jones Cannas the stamp of Government approval.

At a recent two-year international test of Canna Lilies made by the Royal Horticultural Society of England, in competition with Germany, Italy, France, and England, *we were the only firm representing America*. From 220 varieties tested the English judges gave to ourselves 40% of all the awards; furthermore, Conard & Jones Cannas were *the only ones to win out in every color class represented*.

Note Also the Opinion of a Prominent American Florist.

"To Antoine Wintzer, Vice-President of The Conard & Jones Co., belongs the credit of producing the finest Cannas in existence, excepting only King Humbert. His Venus was a revelation to everyone who planted it."—(From the paper by E. G. Hill before the Illinois State Florists' Association, at Urbana, Feb. 9, 1911.)

Evidence like this marks our Improved Cannas as of unquestioned superiority.

"The greatest breeder of new American Cannas is Mr. Antoine Wintzer, who has raised nearly 40,000 crosses."—From "Garden Magazine."

A Tip For the Future

KEEP YOUR EYE
ON THESE

(They are scarce yet, and "there is a reason")

Halley's Comet.—Blazing Scarlet, yellow throat.

B—Minnehaha.—Gold and cream.

Rosea Gigantea.—Rose Pink; immense.

Meteor.—Deep crimson; unsurpassed.

Duke of Marlboro.—Dark velvety crimson; greatly in demand.

Mont Blanc (Improved).—Almost pure white.

B—Wm. Saunders.—Bright scarlet. Very large truss. A great favorite.

2 OF OUR NEWEST

WINTZER'S NEW CREATIONS

MRS. CARL KELSEY (6 to 7 ft.)—Here is a Queen indeed; tall, stately plants, all decked in green and crowned most royally. Named for a lady who picked it out from among hundreds of unnamed kinds. Foliage green with a narrow edge of purple, and with erect, full heads of enormous flowers, each one wider than this page. The color is an orange scarlet wondrously flaked and striped with golden yellow, and the petals are wavy edged. We know of no other Canna so marvelously marked. (See cut, page 3.)

\$5.00 per dozen; \$20.00 per 100.

GLADIO-FLORA (3½ ft.)—Remarkable for the unusual shape of the flowers, which look like large gladiolus. Petals are not long and tongue-shaped, but short and rounded and so wide they overlap each other, thus giving a very attractive, rounded appearance to the flowers. Color is crimson, changing to carmine rose with an uneven edge of gold to each petal.

\$2.50 per dozen; \$15.00 per 100.

The demand for Wintzers' New Improved Cannas is such that *it will pay you to lay in a stock*. If you would avoid disappointment, **ORDER EARLY**.

C. & J. AMERICAN PEDIGREE CANNAS

GIANT ORCHID-FLOWERING VARIETIES

INDIANA (6 ft.)—The foliage of this variety forms a solid mass of green 3 to 4 feet high, above which the flower spikes shoot up to a height of six feet, each one bearing fine, big clusters of orchid-like flowers. Color is a glistening golden orange, daintily marked and striped with red. Single blossoms are often 7 inches across.
75c. per dozen; \$5.00 per 100.

GRAND PRIZE CANNA "LOUISIANA" (7 ft.)—At the Louisiana Purchase Exposition, St. Louis, 1904, where all the finest Cannas were on exhibition—"Louisiana" was pronounced the finest orchid-flowering kind in existence. The plant is a vigorous grower, producing a thick mass of glossy green foliage; its flowers are like beautiful orchids; size often more than 7 inches across, and every inch a vivid scarlet. It blooms tremendously, often 4 or 5 stalks flowering at once. You cannot conceive of anything more gorgeous. Its intense beauty and brilliancy are simply indescribable.

75c. per dozen;
\$5.00 per 100.

UNCLE SAM (6 ft.)—Rich orange, becoming red; yellow, spotted with red at the throat; truss good; flowers large, petals broad and smooth. Foliage very broad, glaucous green with distinct crimson edge. A huge bed of this Canna decorated the White House grounds at Washington, D. C., and was greatly admired by everyone.

90c. per dozen; \$7.00 per 100.

B—WYOMING (7 ft.)—This is one of the most majestic Cannas in the orchid-flowering class, with the additional attraction of having a luxuriant growth of rich, purple foliage. Above this are borne great plumes of massive orange-colored blossoms, true orchid shaped, with large rounded petals that flap and flutter in the breeze like glistening silken flags.

75c. per dozen; \$5.00 per 100.

Mrs.
Carl Kelsey

See Description page 2

PENNSYLVANIA (6 ft.)—The flowers are pure deep scarlet of immense size. Makes a strong growth, flowers freely, and is very attractive.
75c. per dozen; \$5.00 per 100.

NOTE.—B indicates bronze foliage.

Unless otherwise noted, all Canna prices are for dormant roots, by express collect. Potted plants of most varieties after May 15th, 3c. each more than roots.

B—NEW YORK
(6 ft.)—Truly an acquisition.

The size and vigorous habit of the plant, the more than ordinary beauty of its quiet, purple foliage, and the size and brilliancy of its torch-like flower heads, combine to place it immediately in the front rank of the giant plants with orchid flowers. The foliage is deep green, heavily veined, and marked with a rich purple plum color that would make the plant itself attractive even if it had no flowers; but it has 5 or 6 stalks of them at once on every well-fed plant. Flowers with five petals 5 to 7 in. across, intense carmine, and all above the foliage.

90c per dozen;
\$7.00 per 100.

C. & J. AMERICAN PEDIGREE CANNAS

B—EGANDALE (4 ft.)—A fine bronze-leaved variety; pretty cherry-red flowers, borne well above the foliage; handsome.

GEORGE WASHINGTON (3½ ft.)—Deep velvety crimson, beautifully shaded; flowers large.

75c. per doz.; \$4.00 per 100.

GIANT CRIMSON (4½ ft.)—One of the brightest and best, good for center of beds.

60c. per doz.; \$3.00 per 100.

B—MOUNT ETNA (4 ft.)—Magnificent dark purple foliage, large, bold erect trusses, flowers intense brilliant crimson; exceedingly fine for single specimens.

75c. per doz.; \$4.00 per 100.

B—JUPITER (6 ft.)—Furnished right down to the base with an abundance of deep purple foliage; some leaves 1 foot wide and 3 feet long, and nearly as dark as Black Beauty; rich red flowers.

75c. per doz.; \$5.00 per 100.

PHILADELPHIA (3 ft.)—One of the most satisfactory crimson Cannas yet introduced, richly covered with fine large flowers the whole season.

60c. per doz.; \$3.00 per 100.

PILLAR OF FIRE (6 to 7 ft.)—The giant of its class; flowers, bright crimson scarlet, borne in erect spikes like blazing torches; continuous bloomer, invaluable for center of beds, etc.

60c. per doz.; \$3.00 per 100.

TRIUMPH (3 ft.)—A handsome shade of deep rich crimson, large erect flowers on fine well-built trusses, borne erect on strong stems. A good vigorous grower and constant bloomer.

60c. per doz.; \$3.00 per 100.

PINK AND VARIEGATED SHADES.

DUKE OF YORK (4½ ft.)—One of the largest and blooms prodigiously. Color, crimson with creamy throat and edged with a border of gold.

75c. per doz.; \$5.00 per 100.

B—HIAWATHA (3 ft.)—Variegated foliage. Large flowers with broad crimped petals. Color delicate rosy pink, with border of clear cerise.

75c. per doz.; \$5.00 per 100.

MARTHA WASHINGTON (3 ft.)—The flowers are extra large, often measuring over five inches across. Color clear, bright rose pink. It is a healthy, vigorous grower, and prodigious bloomer.

75c. per doz.; \$4.00 per 100.

VENUS (4 ft.)—The color is a gay, rosy pink with a mottled border of creamy yellow. It blooms splendidly with heads erect and flowers bright, because the old ones drop off as fast as the new ones come. Has a good constitution, *unsurpassed for bedding*.

\$1.00 per doz.; \$7.00 per 100.

WEST GROVE (4½ ft.)—Rich coral pink flowers; a good bloomer, withstands rain and heat.

75c. per doz.; \$4.00 per 100.

Dear Sirs:

Last spring, on the advice of Mr. Edward Kress, our local florist, I wrote to you and sent an order for three dozen Cannas—the finest I ever saw.

Thanking you for the pleasure these gave me and my friends, in the number and gorgeousness of their blooms, I am,

Very truly,
M. E. E., Baltimore, Md.
