ASPARAGUS PLUMOSUS NANUS

Dreer's Famous American Asters

All our Asters have been grown under our own supervision, and we know that the quality in every case is unsurpassed.

Astermums.

This strain of Giant Comet Asters was first exhibited at the Florists' Convention in 1912, and their immense size and Chrysanthemum-like appearance created quite a sensation. The stock we offer was grown from seed procured from the originator and has been, we believe, improved under our care, the colors which were somewhat mixed being carefully trued up. They closely resemble Crego's Giant, but come into bloom fully two weeks earlier. We offer three colors.

	Trade pkt.	Oz.
White Astermum	50	\$2 50
Pink "	50	2 50
Lavender "	50	3 00

Crego's Giant Comet Asters.

Magnificent fluffy flowers, averaging over 5 inches across, with long strong stems, the finest of this type. Comes into bloom in August, continuing well into September, and unlike most of the Comet sorts, stands when cut and is a good flower to ship. We offer five colors, our own saving, of the highest quality.

	Trade pkt.	Oz.
White. Purest white	30	\$1 50
Pink. Delicate shell pink	30	1 50
Purple. Bright purple	30	1 50
Rose. Rich deep rose	30	1 50

Giant Branching Comet Asters.

Finest Mixed. Of tall strong growth, with long stems and fine for cutting. 25 1 00

CREGO'S GIANT
ASTER

Dreer's "Crimson Giant" Aster.

A superb new late-branching variety, with perfect double flowers of rich rosy crimson, full of fire. Fine for cutting, showing up well under artificial light. 30 cts. per trade pkt.; \$1.50 per oz.

Electric White Aster.

A most distinct and distinguished looking flower, being made up of long thread like quilled petals of snowy whiteness, borne on long, strong wiry stems, and rarely under 5 inches across. 30 cts. per trade pkt.; \$1.50 per oz.

Improved "Daybreak" Aster.

One of the best bedding varieties and equally valuable for cutting, forms symmetrical plants 15 to 18 inches high, bearing as many as fifty perfectly double flowers of a delicate La France pink color. Blooms from August until October. 40 cts. per trade pkt., \$2.00 per oz.

Improved "Purity" Aster.

Identical in every way to Daybreak except in color, which is purest white. A very useful variety for making up designs, etc. 40 cts. per trade pkt., \$2.00 per oz.

ASTERMUM

Dreer's Famous American Asters

Dreer's Superb Late Branching Asters.

The finest Asters for late August and September blooming.

The plants form strong, branching bushes, 2 to 2½ feet high, bearing on long strong stems their handsome Chrysanthemum-like flowers, which, under ordinary cultivation, averages 5 inches across. The form of the flowers, together with the length of the stems, places them at the head of Asters for cutting. They come into bloom from two to three weeks after the average type, usually being at their best during September, and filling in the gap between the general run of Asters and Chrysanthemums. We offer eight beautiful and distinct colors, viz.:

DREER'S SUPERB LATE-BRANCHING ASTER

King Asters.

The "King" Asters form a distinct class or type, and have many sterling qualities to recommend them to lovers of fine Asters. They are of strong, sturdy habit, growing fully 18 inches high, and bear from August to October very large double blossoms, the petals of which are more or less quilled, forming very attractive flowers.

Trade pkt. Oz.

Dreer's Crimson King.	A brilliant new color in this type, which originated with us and offered last year for the first time. It is the richest and deepest crimson variety known to us	50	\$3 00
Pink King.	An attractive shade of delicate shell-pink	40	2 00
Rose King.	A beautiful brilliant rose variety.	40	2 00
White King.	Of purest glistening white, flowers very large	50	3 00

Lavender Gem Aster.

One of the most beautiful early flowering Asters. Of Comet type, with large, artistic loosely-arranged flowers of the most charming shade of lavender imaginable. 50 cts. per trade pkt.; \$2.50 per oz.

Mikado Asters.

Very similar to Crego's Giant but dwarfer and earlier. Flowers of largest size rarely under 5 inches across, borne on good long stems, we offer two colors.

Trade pkt. Oz.

Mikado Pink or Rochester	30	\$1 50
Mikado White	30	1 50

KING ASTERS

Dreer's Famous American Asters

Dreer's "Peerless Pink" Aster.

This grand Aster may be briefly described as a glorified late branching shell-pink or Mary Semple. It has the same strong, sturdy habit of growth; comes into bloom a little earlier, bears freely almost globular flowers rarely under 4 inches across and frequently over 5 inches. The color is rich shell-pink, similar in shade but more decided than the late branching. The centre petals are prettily incurved, while the wide outer petals reflex, making a most artistic and finely finished flower, and stands cut longer than any other. 50 cts. per trade pkt.; \$2.50 per oz.

Dreer's "Pink Beauty" Aster.

A magnificent cut-flower variety, in bloom from early August until well on in September; 24 to 30 inches high; flowers average 4 inches across, on long, strong stems. Color a delicate blush pink, and pronounced by experts to be the finest pink midseason sort yet introduced. 40 cts. per trade pkt.; \$2.00 per oz.

Queen of the Market Asters.

The most useful and dependable of the early flowering sorts, blooms from early July on, of good branching habit, large flowers and strong stems.

Crimson	20	75	
Mixed	15	65

DREER'S PINK BEAUTY ASTER

New Red Aster "Sensation"

This is the reddest of all Red Asters, the color being a rich garnet or ox blood red which glistens in the sunshine like a live coal. The plants are of free-branching habit about 18 inches high; the very double flowers, averaging $3\frac{1}{2}$ inches across, are borne freely on stems a foot long from early in August till the close of September. The intense color shows up well when cut, and makes a very brilliant bit of color in a bed or border. 50 cts. per trade pkt., \$2.50 per oz.

White Fleece Aster

Large and most perfect flowers, 5 inches and over across, formed into a plummy globe of glistening white. Blooms in August. 40 cts. per trade pkt., \$2.00 per oz.

Balsam

These are highly useful, the stemmed flowers of the White Perfection and Prince Bismarck being excellent for making up.

Dreer's Fine Sweet Peas

We aim to confine our list of Sweet Peas to the very best varieties and only those which can be used by florists for cutting.

Spencer or Orchid-flowered Sorts.

This type is distinguished from the standard or grandiflora sorts by the extraordinary size of their flowers and by the standard being crinkled and wavy. They usually bear four blossoms on a stem, and are as easy to grow as the commonest sorts. Owing to their being shy seeders they will always be higher in price than the grandifloras, but a fair crop the past season enables us to offer them at prices much lower than ever before.

DREER'S FANCY LEAVED CALADIUMS

We carry an immense stock of these beautiful variegated leaved Caladiums, they are good sellers, but they deserve even greater popularity, there being so many different purposes for which they can be used. Grown 3 to 5 bulbs together in 7 or 8-inch Azalea pots they make most useful summer decorative plants, no other variegated foliage plant will make a similarly attractive display in the Florist's window during the summer months and stand so well in such exposure; grown singly in 4 or 5 inch pots they make excellent material to use in porch or window boxes, and even for outdoor bedding; in the partially shaded border, protected from the noon-day sun they will make an excellent showing.

NEW CANNAS FOR 1915

TYPICAL SPIKE OF NEWER CANNAS

Ten New French Cannas.

The modern large-flowering Cannas originally were the achievement of French hybridizers. One of the first introductions to attract universal attention was Mme. Crozy, a beautiful variety which we still grow extensively, followed later by Souvenir de Antoine Crozy, Louis Reverchon, and many other beautiful sorts. The ten varieties now offered are all distinct and interesting.

Arc-en-ciel. Exceedingly floriferous, producing great quantities of rosy-salmon flowers. The color and form are unique and very attractive; 3 to 3½ feet. 35 cts. each; \$3.50 per doz.

Claude Montel. A very early, free-flowering variety with pale blood-red flowers with narrow golden margin; 3 to 3½ feet. 35 cts. each; \$3.50 per doz.

Falsan dore. A variety with pretty bronze foliage surmounted by apricot-carmine flowers with golden sheen; an unusual and striking color; 3½ feet. 35 cts. each; \$3.50 per doz.

Francis Bertie. An unusually pretty shade of carmine, flowers large, of perfect form, and freely produced; one of the most promising; 3 to 3½ feet. 35 cts. each; \$3.50 per doz.

Firebird (Oiseau de Feu). A remarkable novelty with perfectly formed flowers, 7 to 8 inches in diameter, of a brilliant cardinal-red; the foliage is of heavy, leathery texture; requires rich soil for best development; 4 feet. 60 cts. each; \$6.00 per doz.

Marcel Ricard. Very compact trusses of salmon-rose flowers which are carried well above the bronze foliage; 3 to 3½ feet. 35 cts. each; \$3.50 per doz.

Mlle. Gabrielle Miguel. Large, delicate pink flowers that are very attractive; 3 feet. 35 cts. each; \$3.50 per doz.

Nadir. Very vigorous growing, with large carmine-rose flowers, with bronzy foliage; 4½ feet. 35 cts. each; \$3.50 per doz.

Niemen. Pale creamy-yellow produced in large trusses well above the foliage; 3½ feet. 35 cts. each; \$3.50 per doz.

Prince de Galles. Very large flowers of good substance, of a clear cerise with rosy-carmine centre. 35 cts. each; \$3.50 per doz.

We will supply one each of the set of 10 French varieties for \$3.50.

Dreer's Three New Cannas.

(Produced at our own Nurseries.)

Eureka. A number of meritorious white Cannas have been introduced during the past decade, but one fault common to all of them has been a lack of vigor. It is, therefore, a particularly satisfactory achievement to have produced a white Canna which is as strong and free a grower as the best varieties in the other colors. Eureka is also a free bloomer, and its great trusses of perfectly formed, creamy-white flowers stand nicely above the dense green foliage on stiff, upright stems. Its superior merits have been acknowledged by all who have seen it, and we unhesitatingly proclaim it the best white variety yet introduced; 4 feet.

Orange Bedder. This is a particularly useful and attractive bedding variety, of a bright orange with just enough scarlet suffusion to intensify the dazzling mass of color when the wide, branching stems are covered with flowers. A very free bloomer that we heartily recommend as a bedding variety of particular merit; 4 feet.

The Gem. This is an entirely distinct and very pretty variety of the spotted type. The immense trusses of flowers are borne on upright, branching stems well above the foliage. In color it is a deep cream or straw-yellow, dotted and spotted with pale carmine. A vigorous grower, free-flowering, producing a most refined effect; 4½ feet.

Any of the above varieties 50 cts. each; \$5.00 per doz.

One each of the set of 3 sorts for \$1.25.

Five New American Cannas.

While European growers gave us the first modern Cannas, it must be credited to American skill and patience that the Canna has arrived at its present high state of perfection and has become so popular as a bedding plant.

We offer five sterling novelties, which have been thoroughly tested and found worthy.

Jane Adams. Color a deep rich yellow with a touch of red at the throat; a clean, vigorous grower of upright habit and very free-flowering; 4½ feet. 50 cts. each; \$5.00 per doz.

Loveliness. A bright ruby-carmine; the perfect florets are produced in very large heads, which are borne erect on stout stems; very free; 3 feet. 35 cts. each; \$3.50 per doz.

Mrs. Woodrow Wilson. A rich but soft crimson-pink, with very large flowers with broad, overlapping petals. A robust grower and free bloomer; 4 feet. 75 cts. each; \$7.50 per doz.

Panama. The color and markings of this splendid Canna are unusual; the rich orange-red face of the petals is bordered with a broad edge of golden-yellow; the florets are large and round and produced very freely; 3 feet. 35 cts. each; \$3.50 per doz.

Wintzer's Colossal. This is the largest-flowering Canna we have yet seen, individual florets often measure 8 inches across. The color is a bright scarlet. The plant is a strong, vigorous grower and very free-flowering; it is of the Italian or Orchid-flowered type and is an unusually striking novelty; 5 feet. 35 cts. each; \$3.50 per doz.

We will supply one each of the 5 New American Cannas for \$2.00.

Six New German Cannas.

German horticulturists have in the past given us some marvellous Cannas. They have been particularly successful in producing free-flowering and effective garden varieties.

The six varieties described below are distinct and possess some marked feature which makes them desirable additions.

Fanal. An intense, fiery cinnabar-red that compels attention, foliage deep green with narrow brown border; flowers produced very freely throughout the season. The introducers claim this to be one of their best; 4 feet. 35 cts. each; \$3.50 per doz.

Goethe. This variety has during the past two seasons been one of the most conspicuous and attractive in our fields. It grows about 4½ feet high with massive, beautiful green foliage; the flowers are borne high above the plant in large, graceful trusses, and are of an effective, beautiful, bronzy-orange-yellow. 60 cts. each; \$6.00 per doz.

Graf M. Tolstol. Immense trusses of brilliant scarlet flowers held well above the bronze foliage. One of the best, with bronze-colored leaves; 4 to 4½ feet. 35 cts. each; \$3.50 per doz.

Königin der Gelben. A very free-flowering pale canary-yellow, with large trusses well above the foliage; 3½ to 4 feet. 35 cts. each; \$3.50 per doz.

Rheinstein. A very distinct, refreshing, clear, bright carmine in good compact trusses; 3 feet. 35 cts. each; \$3.50 per doz.

Terisa. A compact grower with massive dark green leaves and compact, shapely trusses of flowers of a bright fiery-red with golden throat and border; 3 feet. 35 cts. each; \$3.50 per doz.

We will supply one each of the set of 6 German Novelties for \$1.75.

New Cannas for 1915

(Continued)

Five New Hungarian Cannas.

We are indebted to Hungaria for the magnificent pink Canna "Hungaria," which is one of the most beautiful and refined in our collection. Koros and Maros, both important varieties, also came from this source. In the five varieties now offered there is a great variety of novel coloring and markings, and we feel confident they will be found interesting.

Czuczor. A dwarf, compact grower, producing large trusses of florets of a very delicate pink shade with cream-colored throat and border; 3 feet.

Meyerbeer. Very free-growing with large truss and individual flowers. The ground color is a pale yellow, dotted and splashed with pale carmine; 3½ feet.

Petofi. Creamy-white flowers with faint lilac dots, produced on vigorous, but dwarf, compact plants: the best white of European origin; 3 feet.

Rossini. Large rose-colored flowers with lilac reflex. The throat and the edges of the petals are golden-yellow, very pretty; 3½ feet.

Schopenhauer. Very free, but not heavy growth. The flowers are produced very freely, color a bright red with yellow throat; 3 feet.

Price. Any of the Hungarian varieties, 35 cts. each; \$3.50 per doz. One each to the set of 5 Hungarian varieties for \$1.25.

SELECT STANDARD CANNAS Up-to-date Varieties AT POPULAR PRICES

Why grow such old varieties as Florence Vaughan, Mlle. Berat, Richard Wallace, Alphonse Bouvier, J. D. Eisele, Chas. Henderson, and other old timers, when better, newer, improved sorts can be had at the same prices. If you are not familiar with these newer sorts simply specify the type and color that you desire and we will make a selection for you with which we know you will be pleased.

The prices are for strong divisions in dormant condition.

All have green foliage unless otherwise specified.

TWELVE VALUABLE CUT-FLOWER DAHLIAS

For the most up-to-date list of Dahlias, embracing all promising recent introductions together with all good standard sorts, see Dreer's Garden Book for 1915, also our General Wholesale Catalogue.

CACTUS DAHLIA, CANDEUR

Candeur (Cactus). A wonderful pure white, which in the fully developed flower more closely resembles an incurved Chrysanthemum than any other sort.

Field roots, 15 cts. each; \$1.50 per doz.; \$12.00 per 100.

Delice (Decorative). The most popular pink variety. Its beautiful soft, yet lively color, a glowing rose-pink, together with its perfect shape, stout, stiff stems, and the fact that when cut it retains its freshness for a long time, makes this one of the most valuable for cutting.

Field roots, 10 cts. each; \$1.00 per doz.; \$8.00 per 100.

Flamingo (Decorative). As a cut flower this ranks in the same class with Delice, and it is the first of its type to flower, not only flowering early but continuously, and holding up in good shape to the end of the season. While it frequently shows an open centre this rather adds to its attractiveness; In color it is a glowing rose-pink.

Field roots, 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Galathea (Cactus). A medium-sized flower appreciated for its delicate color, which is an even, tender soft pink.

Field roots, 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Lavine (Cactus). White, with just a suggestion of blush as the flower matures; one of the best.

Field roots, 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Mont Blanc (Decorative). The best all around white for cutting, flowers of good size, of good form, on good stems and very free flowering.

Field roots, 10 cts. each; \$1.00 per doz.; \$8.00 per 100.

Miss Minnie McCullough (Decorative). One of the most popular autumn tints, rich bronze with yellow suffusion.

Field roots, 10 cts. each; \$1.00 per doz.; \$8.00 per 100.

Mme. A. Lumiere (Decorative). Ground color white, suffused with red, the tips pointed with bright violet-red.

Field roots, 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Nerthus (Cactus). Rich, glowing, bronzy, orange-yellow, passing to a carmine-rose at the tips, the whole suffused with a glowing golden color.

Field roots, 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Pink Pearl (Cactus). Mallow-pink at base of petal, gradually shading to white at tips; a good flower.

Field roots, 15 cts. each; \$1.50 per doz.; \$10.00 per doz.

Rheinkönig (Cactus). Pure snow white flowers of splendid form, 5 inches and over in diameter. These are of great substance, lasting splendidly when cut.

Field roots, 15 cts. each; \$1.50 per doz.; \$10.00 per doz.

Wodan (Cactus). Bold, large, but not coarse flower, frequently 7 inches in diameter, of a pleasing, delicate salmon-rose color, shading to old-gold in the centre.

Field roots, 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

DECORATIVE DAHLIA FLAMINGO

Nicely Finished Stock for Immediate Use.

A splendid lot of 6 inch pot plants. 75 cts. each.

The Glory Fern or *Ruhm von Mordrecht*.

Three and four inch pot plants of the Glory Fern are among the most decorative subjects to use in making up hampers, baskets, etc., better than Farleyense because they are harder and firmer, and at the same time in made up work producing as good an effect as the true Farleyense and this at a greatly reduced price.

Aspidium Taussemense Cyrtomium Rochfordianum
Pteris Adiantoides Pteris Alexandrae
Pteris Cretica Albo Lineata Pteris Magnifica
Pteris Ouvrardi Pteris Mayii
Pteris Victorlae Pteris Wilsoni
Pteris Wimsettii Multiceps

2¼ inch pots, \$3.00 per 100; \$25.00 per 1000.

The best strain procurable, well matured bulbs of good size.

In separate colors—Blue, Red, White, Spotted, Red with White Edge, Blue with White Edge, or in Choice Mixture. 60 cts. per doz. \$3.50 per 100; \$30.00 per 1000.

(Gloxinia Hybrida Imperialis)

This strain is the result of crossing *Sinningia Regina Hybrida* with the choicest strains of the *Gloxinia*, resulting in a plant which in addition to producing flowers equal in size as varied and brilliant in coloring as the *Gloxinia*, is also distinct and ornamental in its foliage, the leaves being of a reddish-brown, or bronzy color with strongly projecting white veins, while the flowers are all held erect thus showing to full advantage.

Strong Bulbs in choice mixed varieties. 85 cts. per doz.; \$6.00 per 100.

PALMS for DECORATION and COUNTER SALES

We note below only such varieties and sizes of Palms that are of special value either for retailing or for decorative use, the values we believe are better than ever at this season of the year and particularly so in the larger sizes of Kentias.

For a more complete list of varieties see our January Wholesale List.

COCOS WEDDELIANA

Areca Lutescens.

A nice lot of 3-inch pots, 3 plants in a pot, 12 to 15 inches high, \$1.25 per doz.; \$10.00 per 100.

Cocos Weddeliana.

We have nearly an acre of glass devoted to this most graceful of all Palms. Splendid, thrifty stock, of rich dark color.

New Hybrid-Tea Roses of 1913—1914—1915

Mme. Edouard Herriot or The Daily Mail Rose. (Pernet-Ducher.)

Winner of the Gold Cup which was offered by the *Daily Mail* of London for the Best New Rose exhibited at the International Horticultural Exhibition held in London, England, May, 1912, and to be known as the Daily Mail Rose. In competition with the world's greatest rosarians this much coveted prize was awarded to Pernet-Ducher for this wonderful novelty. It was again exhibited in London in May, 1913, when it was awarded the National Rose Societies Gold Medal.

Color in bud form coral-red with yellow at the base, while the semi-double open flowers are of a superb coral-red shaded with yellow and bright rosy-scarlet passing to shrimp-red. A glorious rose that appeals to everybody. Price 50 cts. each.

Killarney Brilliant (Dickson & Sons).

Has already made a reputation for itself as a forcing rose and has shown up splendidly in our open ground trials the past season. It is far more intense and richer in coloring than its parent, being almost a crimson of a rich glowing shade, larger in size and more double; a magnificent rose. 75 cts. each.

George Dickson (Dickson & Sons).

While not free-flowering, it is of such a gorgeous brilliant color, a velvety scarlet-crimson with brilliant scarlet reflexed tips, of globular shape and quite 5 inches in diameter, that we consider it one of Dickson's best introductions. 50 cts. each.

Willowmere (Pernet-Ducher).

This splendid introduction is of a coral-red color, suffused with carmine in the bud state, and opens to a large, full, handsome flower of a rich shrimp-pink, shaded yellow in the centre and flushed carmine-pink towards the edges of the petals. It may be described as an advance on the Lyon Rose, which it much resembles. 75 cts. each.

EIGHT PAGES OF SPECIALS IN HARDY PERENNIALS

For Complete List See Our General Wholesale Catalogue.

ANCHUSA ITALICA, DROPMORE VARIETY

The New Anchusas.

The Improved Varieties of Italian Alkenet or Bugloss.

These wonderfully improved Anchusas have proven most valuable additions to our limited list of blue flowering hardy perennials, and particularly so as they flower from May to July, a time when this color is only sparingly represented in the hardy border.

The habit of the plants while strong and vigorous is not at all coarse, they form many branched specimens from 3 to 5 feet high, each branch of which is terminated by a large, graceful, pyramidal spike of blue flowers.

Dropmore Variety. Rich gentian-blue } \$1.50 per doz.; \$10.00 per 100
Opal. A splendid lustrous light blue }

Anchusa Myosotidiflora.

A distinct new species from the Caucasian mountains, growing but 10 to 12 inches high, producing during April and May sprays of beautiful Forget-me-not-like flowers of rich blue. 35 cts. each; \$3.50 per doz.

Anemone Japonica (Japanese Windflower).

The stock which we are supplying is all in a growing condition in 3-inch pots, and has not been injured by freezing; it is in shape to at once produce a strong vigorous growth.

JAPANESE ANEMONE

New or Rare Hardy Asters (Michaelmas Daisies).

Beauty of Colwall. This is unquestionably one of the finest of the Michaelmas Daisies, of upright, compact growth, about 4 feet high, of free-branching habit, and literally covered during September with large semi-double flowers of ageratum-blue, a pleasing shade. \$1.50 per doz.

Feltham Blue. One of the most decorative free-flowering blue varieties, a pretty shade of aniline blue produced on freely branched plants during August and September. 2½ feet high. \$1.50 per doz.

Grandiflorus. Not a new variety but one of the finest of all and distinct in character and flower from all others. The flowers, of a lovely dark bluish-violet, frequently measure 2 inches in diameter. It is the latest flowering variety—October and November—and by lifting the plants can be flowered in connection with Chrysanthemums, where its effect is very beautiful. 20 cts. each; \$2.00 per doz.

Novi Belgii Climax. One of the most important additions to the Michaelmas Daisies, and we believe the forerunner of a new type. The plant is of strong, vigorous habit of growth, over 5 feet high; fully one-half of this consists of much branched pyramidal shaped flower stems which are filled with lively light lavender-blue flowers fully 1½ inches in diameter. The plant is in flower from the latter part of August to the middle of October. 35 cts. each; \$3.50 per doz.; \$25.00 per 100.

Novi Belgii St. Egwin. A bright pink in strong bushes, 2½ to 3 ft. high, during September and October. \$1.50 per doz.

Thompsoni. One of the most beautiful large-flowered sorts yet introduced. The flowers are not only of exceptional size, but of graceful, stellate form and of a pleasing Venetian blue color; grows 18 inches high, and blooms in July and August. \$1.50 per doz.

ASTILBE ARENDISI

Anthericum (St. Bruno's Lily).

Lillastrum Giganteum. A giant-flowering form of the St. Bruno's Lily, producing in May strong spikes of large white flowers, which forcibly remind one of a miniature form of the Lillium Candidum or Madonna Lily. A very attractive hardy plant. \$2.00 per doz.; \$15.00 per 100.

Arabis Alpina Flore Plena.

A most distinct and pretty double flowering form of the white early spring flowering Rock Cress. 3-inch pots, \$1.25 per doz.; \$8.00 per 100.

Astilbe Arendsi.

This new type is of very vigorous growth, producing many-branched, feathered heads of flowers. 2½ to 3 feet high.

Ceres. Delicate, light rose with silvery sheen.

Juno. Strong upright plumes of deep violet rose.

Salmon Queen. Beautiful salmon pink.

Venus. Deep violet rose.

Vesta. Light lilac rose.

White Pearl. Dense pyramidal plumes of silvery white.

30 cts. each; \$3.00 per doz.

Choicest Mixed Varieties of above, \$2.00 per doz.; \$15.00 per 100.

Hardy Border Carnations.

A lot of seedlings grown from a most select strain and while only a portion of them will produce double flowers the balance are equally beautiful in their single simplicity. 4-inch pots, plants that will flower freely this season, \$1.00 per doz.; \$7.00 per 100.

Large-flowering Hardy Chrysanthemums.

Fine large-flowering sorts of the hardiest type, more dependable to stand the winter than the Pompon sorts.

Sœur Melanie. Pure white.

Sunshine. Bright golden yellow.

The Hub. Fine white.

Trojan. Maroon, with yellow centre.

Victor. Rosy crimson.

Cimicifuga Simplex.

Most valuable by reason of its extreme late flowering, beginning in September and attaining full perfection about the middle of October, a time when flowers are scarce. Its flowering stems are from 2½ to 3 feet high, terminated with a dense spike of white flowers, which, when cut, last in perfection a long time. Strong roots 25 cts. each; \$2.50 per doz.

New White Perpetual Flowering Delphinium "Mærheimi"

This is one of the real good things, a pure white flowering variety, of strong robust growth, frequently five feet high, the lateral or side shoots two and a half feet high. The flowers are of the purest white, without any shading and the plant is perpetually in flower from June until freezing weather. A desirable cut flower and a valuable acquisition for the border. Strong plants 20 cts. each; \$2.00 per doz.; \$15.00 per 100; \$125.00 per 1000.

GYPSOPHILA PANICULATA FL. PL.

Funkias (Plantain Lilies).

Subcordata Grandiflora. The large showy white variety flowering in August and September, lily-like fragrant flowers, strong roots. \$1.25 per doz.; \$8.00 per 100.

Minor Alba. Grows only about 15 inches high and produces its rather large Lilium Candidum like flowers in July, a most effective plant. \$1.50 per doz.; \$10.00 per 100.

Undulata Media Picta. A pretty variegated form, with green and creamy white variegated foliage, not only useful as a plant for the hardy border, but it is attractive and sells well as a pot plant. \$1.25 per doz.; \$8.00 per 100.

Robusta Elegans Variegata. With larger variegated leaves than the preceding sort, a stronger grower and very desirable. Strong roots \$1.25 per doz.; \$8.00 per 100.

Gypsophilla Paniculata Flore Plena

(Double Flowering Baby's Breath).

This valuable recent introduction is already a firm favorite with many of the leading professional floral decorators, who quickly recognized its value for use with other cut flowers. The pretty little double rosette-like flowers are produced through the summer in large branching panicles 2 to 3 feet high, and are not only valuable for cutting for immediate use, but can be cut and dried, retaining their beauty for months, and in addition to its great value for cutting it is a most desirable plant in any hardy border.

The stock which we offer are not seedlings which are frequently offered very cheaply and a small percentage of which come true, every plant we send out may be depended upon to flower double. Strong plants 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Two Choice Heleniums.

Our own introductions.

Riverton Gem. Opening old gold and changing to a rich Wallflower red.

Riverton Beauty. Rich lemon-yellow, with large purplish-black cone.

3-inch pots \$1.50 per dozen; \$10.00 per 100.

Heliopsis Scabra Zinniaflora.

A new double-flowering form of the Orange Sunflower, growing about 24 inches high and producing golden-yellow flowers closely resembling a Zinnia in form; flowers during July and August; desirable for cutting.

\$1.50 per doz.; \$10.00 per 100.

NEW GIANT-FLOWERING
MARSHMALLOW**Two Handsome Hemerocallis.**

Queen of May (new). A splendid new hybrid, flower stems from 3 to 5 feet high, terminated with from 12 to 18 flowers of largest size of a rich Indian-yellow. The flowers begin to develop in May and continue for nearly two months; perfectly hardy. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Florham. A strong grower 3 to 3½ feet high, large trumpet-shaped flowers; rich golden yellow, with Indian yellow shadings. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

New Giant-Flowering Marshmallows (Hibiscus).

A wonderfully improved form of our greatly admired native Marshmallow or Rosemallow, in which not only the colors have been greatly intensified but in which flowers of enormous size, frequently 10 to 12 inches in diameter, have been developed.

These plants can be highly recommended for all kinds of plantings, they appear to be equally at home in all positions, having the same vigor in dry and wet ground and are perfectly hardy, they grow from 5 to 8 feet high and are very floriferous, blooming from early in July to late in Autumn. We offer three distinct colors, Red, Pink and White in strong two year old roots. 30 cts. each; \$3.00 per doz.; \$20.00 per 100.

Dreer's Superb Hollyhocks.

We have this season a fine lot of strong, clean, healthy, vigorous one-year-old flowering plants of the finest strain, as under.

BED OF PHLOX W. C. EGAN IN THE GARDEN OF MR. EGAN

HARDY PHLOXES—One of Our Leading Specialties

We are the largest growers of Perennial Phlox in the world, growing annually over a half million field-grown plants.

The collection offered below embraces every known color in this gorgeous race of Summer flowering plants, and we are prepared to furnish many of the rarer as well as the older standard varieties in large quantities at a low uniform price.

Note.—Special Price on Phlox for Orders Received before March 15th

The Phloxes here offered are all one year old field-grown plants. It is customary for us to pot these into three-inch pots after the middle of March for the Spring trade. To save this extra handling we will allow a special discount of twenty per cent. (20%) on all orders received before March 15th for immediate delivery, after which date our regular low prices will prevail.

Novelties and Recent Introductions

Europa. A white variety with very decided crimson-carmine eye; the individual flowers as well as the trusses are very large, entirely distinct.

Frau Anton Buchner. The finest white variety yet introduced, having the largest truss and individual flower; of dwarf habit.

Geflon. A new color in Phloxes, a tender peach-blossom pink with bright rose eye. \$1.50 per doz.; \$10.00 per 100.

Rheinlander. A beautiful salmon-pink with flowers and trusses of immense size, the color of the flower is intensified by a very decided eye of a deep claret-red. \$1.50 per doz.; \$10.00 per 100.

Riverton Jewel. One of our own introductions which it gives us great pleasure to recommend, a lively shade of mauve-rose illuminated by a carmine-red eye, a splendid improvement on the popular variety Asia. 30 cts. each; \$2.50 per doz.; \$18.00 per 100.

Thor. A most beautiful and lively shade of deep salmon-pink suffused and overlaid with a scarlet glow and a light almost white halo around its aniline-red eye. This variety will undoubtedly hold the same place among deep salmon colors that Elizabeth Campbell holds among the light salmon-pinks. \$2.00 per doz.; \$15.00 per 100.

W. C. Egan. One of the finest Phloxes yet introduced, and while the individual flowers according to the color-chart are of a delicate lilac color illuminated by a large bright solferino eye, the color effect as a whole is a delicate pleasing shade of soft pink. In habit of growth it is strong and vigorous, producing immense panicles of flowers nine inches long by seven inches in diameter, while the individual flowers are the largest known to us, frequently measuring 1½-inches in diameter. \$1.50 per doz.; \$10.00 per 100.

Widar. A splendid improvement on Edmond Rostand; in color a light reddish-violet, with very large white centre, which intensifies the color.

Tragedic. Deep brilliant carmine with blood-red eye. \$1.50 per doz.; \$10.00 per 100.

Wanadis. Entirely distinct, a mottling of white and light violet, reminding one of the native Phlox Divaricata Canadensis. The color is intensified by a bright reddish-purple eye, a strong grower producing trusses of immense size. \$1.50 per doz.; \$10.00 per 100.

Price. Any of the above varieties, except where noted, \$1.00 per doz.; \$6.00 per 100; \$50.00 per 1000.

Early Flowering Hardy Phloxes (P. Suffruticosa).

While this type does not contain the rich colors which are a feature of the other well-known sorts, it is invaluable on account of coming into bloom in May, or fully six weeks earlier than the others, and continuing throughout the season.

Miss Lingard. The grand, free-flowering early white.

Hercules. Bright rosy lilac.

Mrs. Dalrymple. White shaded rose; scarlet eye.

Ninon. Deep rosy lilac.

\$1.00 per doz.; \$7.00 per 100; \$60.00 per 1000.

NEW HARDY PHLOX ARENDSI

A New Race of Phloxes Phlox Arendsi.

At the great international exhibition held in London in May, 1912, where this new type of Phlox received an award of merit, no other new plant in the Hardy Perennial class attracted such great attention. This new type originated through the successful crossing of the early-flowering popular Phlox Divaricata Canadensis with the showy hardy herbaceous varieties of Phlox Decussata. The plants are of vigorous, branching habit, growing, according to the variety, from twelve to twenty-four inches high. Coming into flower during the latter part of May, they continue in good condition for nearly two months.

From a large number of varieties, the introducer has selected for us six of the most distinct sorts.

Amanda. The dwarfiest of the collection growing but 12 inches high, very bushy, flowers delicate lilac with deeper centre.

Charlotte. Grows eighteen to twenty-four inches high, flowers very large, pale lilac shaded pink, with a prominent dark eye; one of the best.

Grete. Plant of very branching habit, twenty inches high, producing great masses of medium-sized white flowers.

Helene. Of a beautiful lavender-blue color, similar to Divaricata Canadensis. Shapely plant, fifteen to eighteen inches high.

Kathe. Stems loosely branched, about twenty inches high, flowers purplish-rose, with a dark eye, surrounded by a lighter halo.

Lulse. A strong-growing variety, about two feet high, light lilac flowers with a carmine eye.

Price. 30 cts. each; \$3.00 per dozen; \$20.00 per 100.

Phlox Maculata Hybrida Alpha

A cross between our native species Maculata and some of the showier types of Decussata, and though its color is not rich, it being a soft amaranth-pink, it is so remarkably free flowering that it should find a place in every collection. It will be found especially useful in the Shrub border. Its habit of growth is very vigorous, forming bushy specimens from 2 to 2½-feet high, each shoot being terminated by a spike of flowers fully 10 inches long. These are produced continuously from early in June until freezing weather. 20 cts. each; \$2.00 per doz.

PYRETHRUM ULIGINOSUM (lower flower)

PYRETHRUM ULIGINOSUM STELLATA (upper flower)

Lythrum Roseum Perry's Variety.

A decided improvement on the old Rose Loose-Strife, having much larger flowers and longer spikes of a glistening cherry-rose color, it thrives in almost any position but develops best in low moist ground. Very strong plants. 25 cts. each; \$2.50 per doz.

New Oriental Poppy "Perry's White."

A sterling novelty and the most distinct break that has yet been made in Oriental Poppies, it being a pure satiny-white with a bold crimson blotch at the base of each petal; this is undoubtedly the most important addition to our list of hardy perennial plants this season. 35 cts. each; \$3.50 per doz.; \$25.00 per 100.

Pennisetum Japonicum (New).

(Hardy Fountain Grass).

In habit of growth somewhat heavier than *P. Rueppelianum*; grows about 4 feet high; foliage narrow, of a bright green, while the cylindrical flower heads, carried well above the foliage are tinged with bronzy-purple, the whole plant having a light, airy appearance, and should prove one of the most valuable hardy grasses either for use in beds, mixed borders or as specimens. \$1.25 per doz.; \$8.00 per 100.

Primula Veris Superba.

A splendid large flowering variety not only a good plant for the hardy border but makes a good subject to pot up for early spring sales as a pot plant. \$1.50 per doz.; \$10.00 per 100.

Pyrethrum Hybridum Flore Plena.

A splendid lot of named varieties in the various shades of Pink, Red, Crimson and White, 4 inch pot grown plants that are not sea-sick. \$2.50 per doz.; \$20.00 per 100.

TRITOMA PFITZERI

Pyrethrum Uliginosum Stellata.

A variety which originated in our nursery. It is a greatly improved form with long, narrow petals, forming a graceful and refined flower. The best and most useful Daisy for cutting during August and September. \$1.50 per doz.; \$10.00 per 100.

Sedum Spectabilis Brilliant.

An improvement on the popular variety Spectabilis, it being much more intense, a bright amaranth red, a most useful late summer flowering border plant. 4 inch pots, \$1.50 per doz.; \$10.00 per 100.

Thalictrum Aquilegifolium Album Compactum.

One of the best of the Meadow Rues, growing about 2½ feet high, with fine glaucous blue foliage and branching heads of pure white flowers. 35 cts. each; \$3.50 per doz.

Trollius Ledebouri.

A rare and most distinct species growing from 2 to 2½ feet high and producing large, rich orange colored flowers which open up like a Buttercup, the main crop of flowers is from May to July but it has some scattering bloom throughout the summer and fall. 35 cts. each; \$3.50 per doz.

Tritoma Pfitzeri.

The Everblooming Flame Flower. In bloom from August to October with spikes from 3 to 4 feet high, and heads of bloom of a rich orange-scarlet, producing a grand effect either planted singly in the border or in masses. \$1.25 per dozen; \$8.00 per 100; \$75.00 per 1000.
