The copy filmed here has been reproduced thanks to the generosity of:

British Columbia Archives and Records Service.

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol $\rightarrow$ (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

British Columbia Archives and Records Service.

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole $\rightarrow$ signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents.

Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

2.—All entries must be made in the name of the producers or manufacturers only, and by such producers in person, or their agents, duly authorized. Any person making entries as an agent for more than one producer or manufacturer must pay the usual entry fee for each of such parties.

3.—The Exhibition Building will be open for the reception of exhibits one day before the commencement of the show. Any exhibit may be shipped to the care of the Secretary by exhibitors unable to be present and will be cared for and staged by the management.

4.—On the entry of each exhibit a card will be furnished the exhibitor specifying the Class, Division and Number of entry, which card must remain attached to the exhibit during the Exhibition.

5.—Exhibitors must at all times give the necessary personal attention to whatever they may have on exhibition, and at the close of the show take charge of same.

6.—Though the Directors will take reasonable precaution to insure the safety of the exhibits sent to the show, they wish it to be distinctly understood that the owners themselves must take the risk of exhibiting them, and should any exhibit be accidentally injured, lost or stolen, the Directors will give all the assistance in their power towards recovery of same, but will not make any payment for the value thereof.

7.—Non-members may enter any article on paying an entrance fee of 10 per cent. of the value of prize for which he competes.

10.—The Judges will report to the Secretary on the grounds.

11.—No person shall act as Judge in any Class in which he is an exhibitor. It shall be the duty of the Judges, before leaving the grounds, or city, to ascertain whether any protests have been filed against their awards in any class they have judged, in order that explanations may be duly represented to the Board.

CITY OF

Facts Abo

KASLO is situated on the west side of Kootenay Lake, B.C. and is bounded on the south by Kaslo River, both of which facts secure for the City an abundant water supply. Kootenay Lake is the third largest lake in British Columbia and has an area of 141,120 acres; this huge body of water, which never freezes, has a great influence in moderating Kaslo's temperature and no doubt the salubrity of her climate is indebted to her fortunate location.

Kaslo is an open port all the year round and splendid C.P.R. Steamer Lake Service. Holly and Ivy grow and thrive outdoors in Kaslo and latest official figures furnished by the Resident Weather Recorder give 41.2 as its mean temperature. She has a Launch Club with a fleet of fast launches, also several motor cars and many good saddle horses.

Kaslo's Financial Position

KASLO owns her own water works with a Reservoir capacity of 40,000 cubic feet; she also owns her Electric Light Plant, consequently the City is more brightly illuminated than many a Metropolis ten times her size. There are many cement side walks and more are contemplated.

Her Municipal finances are in good standing and per capita she is probably the wealthiest Town in B. C. as with a population of not more than one thousand her citizens last year (1918) purchased \$82,000 worth of Victory Bonds as well as helping liberally in the 1917 loan.

In 1897 Kaslo raised the first One Hundred Dollars for the endowment of the Victorian Order of Nurses in the whole Dominion of Canada.

Transportation Facilities

KASLO has rail and steamboat services, the former tri-weekly and the latter daily (except Sunday) By C.P.R. she connects with Revelstoke via Nakusp, and one can leave Vancouver at 4 p.m. today and arrive in Kaslo tomorrow.

OF KASLO

About Kaslo

row evening, a journey of only 27 hours. By C. P. R. Steamer you connect at Kootenay Landing with the Crow's Nest Pass Railway for Calgary, or any other point east on the main line of the C.P.R. or other lines, also by this route you can leave Kaslo in the morning and arrive in Spokane that same evening, a journey of 12 hours. Kaslo has one daily mail service, and tri-weekly, two services a day.

A Home City

KASLO is essentially a Home City surrounded by beautiful gardens. She has Anglican Catholic, Presbyterian and Methodist Churches with resident Clergymen. Her Public and High School has an ideal location, with sufficient acreage to accommodate a suggested Provincial Agricultural College, also play grounds.

The Queen Victoria Hospital is steam heated and well equipped and has a capacity of 20 beds, operating room, x-ray, as well as nurses annex consisting of 4 bedrooms with bath rooms, sitting and dining rooms.

Kaslo has a Tennis Court, Base Ball grounds Skating Rink, Drill Hall, and perfect bathing beach and parks.

Kaslo's Fruit

KASLO is supposed to be an Indian name meaning "Where plenty berries grow", assuredly it is well named as fruit grows in abundance and while "Kaslo Cherries" are getting to be quite famous other fruits from here have obtained first prize in world-wide fruit exhibitions. Small fruits are wonderfully abundant and an analytical report from the C. P. R. chemist states that certain properties exist in jam made from Kaslo fruit that makes it superior to any other purchased by them.
