WE TAKE PLEASURE IN PRESENTING
A LIST OF
DESIRABLE SPECIALTIES FOR FALL PLANTING

AMONG THEM ARE SEVERAL VALUABLE NOVELTIES.

Particular attention is directed to the following :

Bechtel's Crab. This is one of the finest flowering Crabs, and we strongly recommend it to planters.
PERFECTION CURRANT. New and valuable; very large, productive and mild flavored.
Josselyn Gooseberry. (RED JACKET.) Large, red, productive and good.
President Strawberry. Largest in size, and of good quality.
LEMOINE'S NEW DOUBLE LILACS. Novelties of rare excellence, and extraordinary beauty.
LEMOINE'S NEW HYBRID DEUTZIAS. New, very ornamental, and valuable additions to the list of Hardy Flowering Shrubs.
PEONIES, DOUBLE AND SINGLE. Carefully selected, meritorious varieties.
HARDY PHLOX. Extensive assortment, comprising the newest and best.
IRIS, GERMAN AND JAPAN. Of these we have a very choice selection, embracing the best sorts.

NEW RAMBLER ROSES (Climbing Varieties).

RUBIN. Bright ruby-red, showy flowers, unique.
Leuchstern. Single, rose with distinct white eye.
Philadelphia Rambler. An improvement on the much admired Crimson Rambler.
Psyche. Pale rosy pink.
Queen Alexandra. Beautiful pink, remarkably free blooming.
HELENE. Large individual flowers, very free blooming and vigorous.

NEW WICHURIANA ROSES AND HYBRIDS.

GOOD CLIMBING, RAMBLING AND TRAILING ROSES.

Farquhar. Finely formed pink flowers.
Dorothy Perkins. Pink, beautiful, destined to great popularity. Admirable companion for the Crimson Rambler.

NEW HYBRID PERPETUAL ROSES.

FRAU KARL DRUSCHKI. A charming novelty. Best rose of recent years; beautiful in bud and when fully open; hardy and free blooming.
BEN CANT. Deep crimson, vigorous.

NEW RUGOSA ROSES.

This group is particularly valuable on account of its great hardiness. We have several choice varieties, among which Conrad F. Meyer can be recommended most strongly, as also Mrs. Waterer and Atropurpurea.

NEW DWARF PERPETUAL FLOWERING CRIMSON RAMBLER

MADAME NORBERT LEVAVASSEUR.

ALSO CALLED BABY RAMBLER.

One of the most important additions to the list of New Roses. It is a true perpetual, and a remarkably free bloomer, and it will prove of great value as a house plant and for bedding out.

THE NEWEST LILACS.

DOUBLE AND SINGLE.

For years we have been collecting from various sources the best Lilacs, and take pleasure in now offering a selection embracing the best varieties known. We have imported annually the introductions of the celebrated French raiser, Mr. Lemoine, and have in stock the cream of his offerings.

The improvement in the Lilac, especially in the double sorts, during the last ten years is marvelous, and all lovers of this flower will be delighted with these novelties. In size, form and color they far surpass the old favorites and we confidently recommend them to our patrons. Nothing that has been introduced recently is likely to prove so popular as the New Lilacs.

NOTE—Plants of the New Varieties will be of medium size.

HERBACEOUS PEONIES.

It is surprising that so noble a flower, almost rivaling the Rose in brilliancy of color and perfection of bloom, and the Rhododendron in stately growth, should be so neglected. Amateurs seem to have lost sight of the many improved varieties introduced within the last few years, and our finest gardens, perfect in other respects, are singularly deficient in specimens of the newer kinds. The first point in their favor is hardiness. It may be truly said of them that they are "hardy as an oak." In the severest climate the plants require no other protection than that which they afford themselves. Then their vigorous habit and healthy growth, freedom from all diseases and insects are important arguments in favor of their cultivation. Growers of roses know well that their flowers are obtained by great vigilance and care. Not so with the Peony, which, when once planted, all is done. Each succeeding year adds to their size and beauty. The foliage is rich and glossy and of a beautiful deep green color, thus rendering the plants very ornamental, even when out of flower. The newer varieties produce very large, handsome, regularly formed cupped blooms resembling large roses. No other flower is so well adapted for large, showy bouquets. The Peony may be planted either singly on the lawn or in borders. Where the lawn is extensive a large bed makes a grand show, surpassing a bed of Rhododendrons. It is really a flower for the million. They blossom early in June. Our collection has been made with great care and includes the best and most distinct varieties.

HARDY PHLOX.

One of the finest autumn flowers. It is of vigorous habit, easy culture, and produces in great profusion during a long season flowers of fine form and substance, and of bright and varied colors. As regards their culture, it may be briefly stated that they succeed in any good garden soil, but they are greatly improved by being liberally manured, and an occasional supply of liquid manure during the growing season will greatly increase the size of their trusses. When in flower they should be watered freely every evening. The Phlox usually flowers in July and August, and in order to render it autumnal flowering, it is necessary to pinch the shoots about the first of June and again in July. The plants will then flower in September. For early flowers some of the plants may be left unpinched. When two years old the finest trusses are produced. The third year the plants flower tolerably well, but they will not keep thrifty and healthy after that. The old plants should then be lifted in the fall, divided and transplanted. But the better plan is to keep up a succession of young plants from cuttings by securing a fresh collection every year. We annually introduce all new and desirable varieties of home and foreign production. The best time to plant them is in the autumn. Our plants are large and fine.

Lævigata. (Kämpferi.) Flowers differ from the German Iris in being broad and flat. They exhibit a wonderful variety of colors and shades, appear later than the others, and succeed best in a moist soil; July. 25 cents each; \$2.50 per dozen; \$15.00 per 100.

ORIENTAL POPPY.

Very showy and useful plants for the garden.

Oriental Poppy. Flowers large; deep scarlet. 25c.

PERENNIAL SUNFLOWERS.

- Helianthus Multiflorus Maximus.** A showy plant, growing five to six feet high, and producing single, golden yellow flowers six to eight inches across. August and September. One of the finest. 25c.
Helianthus Multiflorus Meteor. Another distinct and showy variety, very desirable for garden decoration. 25c.

HARDY YELLOW ROSES.

- Harrison's Yellow.** Golden yellow; medium size, semi-double. A freer bloomer than Persian. 50c.
Persian Yellow. Bright yellow, small, nearly full. 50c.

MOSS ROSES.

- Blanche Moreau.** Pure white, large, full, and of perfect form. 50c.
Common Moss. Pale rose; very beautiful buds. 50c.
Comtesse de Murinais. White, tinged with flesh. 50c.
Crested Moss. Deep pink colored buds, surrounded with a mossy fringe and crest. A fragrant, very beautiful rose. 50c.
Crimson Globe. Large, full, deep crimson, perfectly globular. A fine variety. 50c.
Gracilis. Deep pink buds, surrounded with delicate fringe-like moss. The most beautiful of all the Moss Roses. 50c.
Princess Adelaide. Pale rose, of medium size and good form. 50c.
Salet. Light rose, large, full, pretty in bud. 50c.
White Bath. White, sometimes tinged with flesh; attractive in bud and open flower. The best White Moss. 50c.

MISCELLANEOUS ROSES.

- Madame Plantier.** Pure white, above medium size; full. Produced in great abundance early in the season. Foliage rather small, seven leaflets. One of the best white roses for hedges and for massing in groups. 50c.
Magna Charta. Pink, suffused with carmine; full, globular. Foliage and wood light green, with numerous dark spines. A fragrant, excellent rose. Valuable for forcing. Very hardy. 50c.
Multiflora Japonica. A charming species from Japan. It is exceedingly free-blooming, and towards the end of June the plant is covered with great clusters of small white, single, fragrant flowers, in which the golden-colored anthers make a charming contrast with the snowy-white petals. It is extremely hardy and grows rapidly, and is a valuable shrub. 50c.

LORD PENZANCE'S HYBRID SWEET BRIARS.

Apart from their extreme beauty they are most interesting, being crosses between common Sweet Briar and various other roses. Like their parent, the common Sweet Briar, the foliage is deliciously scented. The flowers are single and of the most beautiful tints.

- Amy Robsart.** Lovely deep rose. 50c.
Anne of Geierstein. Dark crimson. 50c.
Brenda. Maiden's blush or peach. 50c.

Clusters large, showy, and of a beautiful pink color.

WICHURIANA ROSE AND HYBRIDS.

(RAMBLING AND TRAILING.)

- Wichuriana** syn. **Rosa Luciae**. **MEMORIAL ROSE**. A distinct and valuable variety from Japan; it is a low trailing species, its stems creeping on the earth almost as closely as the Ivy. The flowers are produced in the greatest profusion in clusters on the end of every branch, after the June roses are past, from the first week in July throughout the month. They are pure white, 1½ to 2 inches across, with yellow stamens, and have the strong fragrance of the *Banksia* rose. It is quite hardy, with the exception of the latest immature growth, which may be cut back to some extent. This variety has proved valuable as a covering for banks, rockeries, etc., and for use in cemeteries. 50c.
- Evergreen Gem**. Foliage fine, rich bronze color, flowers yellow, buff in bud, opening to almost white, perfectly double, and of a delightful sweet briar fragrance. 50c.
- Gardenia**. Flowers bright yellow, and when open cream color, delightfully fragrant, and produced freely. 50c.
- Jersey Beauty**. Foliage leathery. Flowers large, single, pale yellow, fragrant, and produced in great profusion. 50c.
- Manda's Triumph**. Large clusters of double pure white flowers. 50c.
- Pink Roamer**. Flowers single in close heads, nearly 2 inches in diameter; color bright, rich pink, orange red stamens; fragrant. 50c.
- South Orange Perfection**. Double flowers in great profusion; about 1½ inches in diameter; color soft blush pink at the tips, changing to white. 50c.
- Universal Favorite**. Double flowers of a beautiful rose color; fragrant. 50c.

HYBRID PERPETUAL ROSES.

- Alfred Colomb**. Brilliant carmine crimson; very large, full, and of fine globular form; extremely fragrant, a superb sort. One of the most useful of all sorts for general cultivation. 50c.
- Anne de Diesbach**. Carmine, a beautiful shade; very large. A superior garden sort; fragrant; one of the hardiest. Valuable for forcing. 50c.
- Baron de Bonstetten**. Rich velvety maroon; large, full. A splendid sort. 50c.
- Baroness Rothschild**. Light pink; cupped form; very symmetrical; without fragrance; beautiful. Very hardy and a late bloomer. 50c.
- Captain Hayward**. Flowers very large; color bright carmine crimson; vigorous and free-flowering. 50c.
- Charles Lefebvre**. Reddish crimson, very velvety and rich, but fading quickly; large, full and beautifully formed. 50c.
- Clio**. Flowers large, of fine globular form, flesh-color shaded in the center with rosy pink; growth vigorous; handsome foliage. One of the best roses. 50c.
- Countess of Oxford**. Bright carmine, fading in the sun; very large and full; not fragrant; foliage very handsome, large and distinct. Fine in the bud. 50c.
- Earl of Dufferin**. Brilliant velvety crimson, shaded with dark maroon; finely formed; delightful fragrance. One of the finest dark roses. 50c.
- Eugene Furst**. Velvety crimson shaded with deep crimson; large and full, of good shape; fragrant. A fine dark rose. 50c.
- Fisher Holmes**. Deep glowing crimson; large, moderately full, and of imbricated form. A superb rose. 50c.
- Francois Levet**. Cherry red; medium size; well formed; very free bloomer. Valuable on account of its vigorous habit. 50c.
- Francois Michelin**. Deep carmine rose; very large, full, and of fine globular form; fragrant and a free bloomer. Habit very erect. 50c.
- General Jacqueminot**. Brilliant crimson; not full, but large and extremely effective; fragrant, and of excellent hardy habit; forces well. 50c.
- Jean Liabaud**. Crimson maroon, illumined with scarlet; large, full, fragrant. A beautiful dark rose. 50c.
- John Hopper**. Bright rose with carmine center; large and full. A profuse bloomer. 50c.
- Jubilee**. Flowers large; color intense crimson maroon red; fragrant; large. 50c.
- Lady Helen Stewart**. Bright crimson scarlet; large, of perfect form, highly perfumed. A valuable variety. 50c.
- Mabel Morrison**. White, sometimes tinged with blush. In all, save color and substance of petals, this variety is identical with *Baroness Rothschild*. 50c.
- Madame Gabriel Luizet**. Beautiful pink, distinct, very large, cupped-shaped, somewhat fragrant. One of the choicest. 50c.
- Madame Victor Verdier**. Carmine-crimson; large, full, very fragrant; excellent. 50c.

HYBRID PERPETUAL ROSES—Continued.

- Marchioness of Lorne.** Large, full, cupped-shape; buds long and handsome, rich and fulgent rose-color, shaded with vivid carmine. 50c.
- Marchioness of Londonderry.** Flowers of great size, perfectly formed, and carried on stout stems. Color ivory white; petals of great substance, shell-shaped and reflexed; free flowering; highly perfumed; foliage very handsome. One of the finest roses. 50c.
- Margaret Dickson.** Of magnificent form; white, with pale flesh center; petals very large, shell-shaped, and of great substance; fragrant; foliage very large, dark green. A vigorous grower and one of the best white roses. 50c.
- Marguerite de St. Amande.** Bright rose, very beautiful in the bud state; blooms in the autumn. One of the most valuable roses. 50c.
- Marie Baumann.** Brilliant carmine crimson; large, full; of exquisite color and form; very fragrant. Extra. 50c.
- Marie Rady.** Vermillion, shaded with crimson; large; of fine globular form. A fragrant, superb sort. 50c.
- Marshall P. Wilder.** Flowers large, semi-globular, full, well formed; color, cherry carmine. It continues to bloom profusely long after the others are out of flower. Undoubtedly the finest of its color. 50c.
- Maurice Bernardin.** Bright crimson; large, moderately full; a good free blooming sort, generally coming in clusters. 50c.
- Mrs. John Laing.** Soft pink; large and of fine form, produced on strong stems; exceedingly fragrant; one of the best varieties for forcing, and flowers continuously in the open ground. One of the most valuable roses. 50c.
- Mrs. R. G. Sharman Crawford.** Color deep rosy pink, outer petals shaded with pale flesh, white at base of petals; flowers large, of perfect imbricated form, and freely produced; growth vigorous. A very valuable rose. 50c.
- Oakmont.** Deep bright rose color; blooms freely; delightfully scented; continues in bloom all summer. 50c.
- Paul Neyron.** Deep rose color; good tough foliage; by far the largest variety in cultivation; a free bloomer; very desirable as a garden rose; valuable for forcing. 50c.
- Pierre Notting.** Deep maroon, illumined with bright crimson; large globular form; highly scented. A superb dark rose, often at its best in the autumn. 50c.
- Prince Camille de Rohan.** Deep velvety crimson; large, moderately full. A splendid rose. 50c.

- Helene.** Flowers large; pale violet rose; with yellowish-white center and borne in clusters; a strong grower and very free bloomer; effective. 50c.
- Leuchtstern.** Flowers single, in large clusters; bright rose with a distinct white eye, like a Cineraria; foliage and habit resembling Crimson Rambler. A very distinct and valuable variety. 50c.
- Philadelphia Rambler.** An improvement on the famous Crimson Rambler, flowers being larger, much more double, and of a lighter crimson color. \$1.00.
- Purple East.** Flowers large, semi-double, rosy crimson and vivid purple; very vigorous and free blooming. \$1.
- Queen Alexandra.** Flowers rosy pink, produced in clusters, a strong grower and free bloomer. Extra fine. \$1.
- Rubin.** Resembles Crimson Rambler, but has larger flowers of a deep red or ruby color. Very attractive. One of the finest of the class. 50c.
- Psyche.** A seedling from Crimson Rambler. Color pale rosy pink, suffused at base with salmon and yellow; blooms freely in bunches of eight to twenty-five blooms each. 50c.
- The Lion.** Flowers large, single; deep rich crimson, with white eye. A fine pillar rose. \$1.00.
- Waltham Rambler.** An attractive variety, bearing large panicles of rosy pink single flowers, slightly paler in the center, and showing the yellow stamens. A strong grower. \$1.00.

NEW HYBRID WICHURIANA ROSES.

(Rambling and Trailing.)

The Hybrid Wichuriana varieties are a most interesting class, and will be esteemed especially on account of their rapid, elegant growth, bright glossy foliage and handsome flowers.

- Alberic Barbier.** Flowers semi-double or double, in clusters, two to three inches in diameter; creamy white, canary yellow in center, darker yellow in bud; fragrant. A strong grower. \$1.00.
- Dorothy Perkins.** Flowers large for a rose of this class, very double, of a beautiful shell pink color, sweetly scented, and borne in clusters of thirty or forty. One of the best. 50c.
- Edwin Lonsdale.** Flowers double; pale lemon white, with a delicate fragrance. A profuse bloomer. \$1.00.
- Farquhar.** Flowers large, double, bright pink, in clusters, on long stems. \$1.00.

NEW HYBRID RUGOSA ROSES.

- Atropurpurea.** Single; very dark purple. One of the best. \$1.00.
- Conrad F. Meyer.** Flowers large, 3½ to 4 inches across, bud well formed, color silvery rose; fragrant; very valuable on account of its hardiness and vigor. \$1.00.
- It has all the good points of the best of the rugosas with the color of Mme. Gabriel Luizet.—*The Garden*, London.
- Mrs. A. Waterer.** Large; semi-double; deep crimson; in clusters; very fragrant; an excellent variety. \$1.00.

NEW HYBRID PERPETUAL ROSES.

- Ben Cant.** Flowers large and finely formed, deep clear crimson, darker in center, sweet scented, thoroughly perpetual; very promising. \$1.00.
- It is undoubtedly one of the finest Hybrid Perpetuals of its color ever raised.—*The Garden*, London.
- Frau Karl Druschki.** Flowers very large, beautiful, pure white. This promises to be the best white Hybrid Perpetual yet introduced and one of the best novelties of recent years. \$1.00.
- Of the varieties distributed in 1900, Frau Karl Druschki, although new to the analysis, takes up a position at No. 17. This is in itself a remarkable performance for any new rose, and only shows what a general favorite with exhibitors this beautiful pure white, H. P. has already become. Years ago we had to be content with Mme. Lacharme, which came out as a white H. P. in 1873, and since then we have welcomed in turn Mabel Morrison (1878), Violette Bouyer (1881), Merveille de Lyon (1882), White Baroness (1888), Margaret Dickson (1891), and Marchioness of Londonderry (1893), but none nearly as warmly as we now welcome this sterling acquisition—Frau Karl Druschki. In the first place it is pure white, which none of its predecessors can lay claim to be, added to which it has a good, vigorous habit, and is, moreover, one of the freest flowering, if not the most continuous flowering, of all the H. P's. The raiser of this remarkable Rose—and all honor to him—is Peter Lambert of Trier, in Germany.—*The Garden*, London.
- "It is universally admitted to be the best white Hybrid Perpetual in cultivation."
- Unmistakably this Rose is the finest novelty of the last few years.—*The Garden*, London.
- Suzanne Marie Rodocanachi.** Flowers of fine form, color soft pink. Not a new variety, but one which should be grown. \$1.00.

APPRECIATION

Every year we receive hundreds of letters from patrons expressing their pleasure at the manner in which their orders have been cared for. We cannot publish them all, but print here extracts from a few of them.

CHICAGO, ILLS.

"It is refreshing to deal with a good house that will regard a small order in the same way that they will a large one."

MORRISTOWN, IND.

"I have found your prices slightly higher than those made by other nurseries, but the quality of the goods I have received more than makes up for it."

CRAGSMOOR, N. Y.

"Trees received this day; the best lot I have ever had from anybody."

LYNCHBURG, VA.

"I desire to express to you for myself and friends, the appreciation we feel for the eminently satisfactory manner in which you filled our order."

BALTIMORE, MD.

"The 300 Kieffers I got from you last year are in fine condition to all appearances, and I did not lose a single tree."

YORK HARBOR, ME.

"I was in Boston when the carload of trees was unloaded and heeled in, but on my return I find them in every way most satisfactory. I thank you for your promptness in shipping them."

POUGHKEEPSIE, N. Y.

"I am happy to report that not one of the 250 White Pine trees died, and I have lost barely six of your roses in spite of bad winters."

CARLISLE, PA.

"It may be interesting to you that in 1876 my father, at College Point, L. I., bought an assortment of trees, shrubs, etc., and as everything was of such excellent quality, I naturally turn towards you."

FAYETTEVILLE, ARK.

"My Roses reached me in excellent condition, and I wish to thank you for the careful way in which they were packed. The Roses are the largest and finest I have ever seen. I am delighted with them."

KNOXVILLE, TENN.

"I bought some trees of you about 25 years ago and are all O. K. to-day. I am fixing up a new home for one of my sons, and want some of the old stock."

BELLAIRE, PA.

"Every one of the 329 trees are in No. 1 condition and free from Crown Gall or any disease of any kind, and as fine as trees can be grown."

MEXICO, N. Y.

"The trees are fine, in fact the best I ever have received from any nursery, and I have dealt with many."

SAN DIEGO, CAL.

"The shipment of Grape vines by Wells Fargo Express arrived in splendid shape. Accept thanks for the fine stock at such low price."

NEWARK, N. J.

"I have always found your stock so well grown and so true to name that I have come to rely on your firm almost exclusively and especially in the matter of young fruit trees."

OUR CATALOGUE

Is everywhere recognized as a standard
guide on matters pertaining to Trees, Shrubs
and Hardy Plants. Read what is said of it.

UNITED STATES DEPARTMENT OF AGRICULTURE,
WASHINGTON, D. C.

"It gives me great pleasure to acknowledge receipt of your Catalogue, which will be of much aid in reference work here."
G. B. BRACKETT, Pomologist.

PITTSBURG, PA.

"I have your very artistic and well arranged Catalogue, and thank you for it."

SELLERSVILLE, PA.

"Find it the most valuable Catalogue in every respect of any received."

GROTON, CONN.

"It is the best Catalogue which I have received."

NORMAL, ILLS.

"It is by far the finest Nursery Catalogue I have ever seen—a gem, a real prize, both in description and illustration."

WASHINGTON, D. C.

"Personally I wish to congratulate you upon having presented such a creditable work. The Botanic perfection, and reference arrangement, make the book of library dimensions."

DANVILLE, ILLS.

"It is a work of art, but none too good to do justice to the quality of the Nursery Stock which you have for sale."

SONYEA, N. Y.

"It is the most beautiful Catalogue of this kind that I have ever seen."

OTTAWA, KANS.

"We have always esteemed your Retail Catalogue very highly as authority on a very large number of varieties of fruit and ornamental trees. These descriptions have been a great help to us many times."

AGRICULTURAL EXPERIMENT STATION,
LA FAYETTE, IND.

"We have numerous inquiries and desire to have your publications on file, for our own use and also in order that we may refer our correspondents to them."

HAGERSTOWN, MD.

"I must tell you that your Catalogue is the most charming I have ever seen, being so evidently the work of some one who does not regard trees and flowers merely as articles of barter and sale, but who really loves them for themselves. I thank you for the pleasure it has given me."

A VALUABLE NEW ROSE

Madame Norbert Levavasseur

(BABY RAMBLER)

A HARDY, DWARF, PERPETUAL
FLOWERING CRIMSON RAMBLER

THIS new rose is a cross between Crimson Rambler and Glory of Polyanthas, and may be described as a dwarf form of the widely known and popular climbing rose, Crimson Rambler, being hardy, vigorous and perpetual flowering. The flowers are large, well formed, of a crimson red color, and borne in clusters. For growing in pots in the house, or as a bedding variety, it will be found invaluable. **\$1.00.**

AMERICAN CUT-LEAVED ELDER (NEW).

(*SAMBUCUS CANADENSIS ACUTILOBA*)

A rapid growing, hardy, beautiful, cut-leaved shrub. Novel and highly ornamental.
