Autumn 1903 Catalogue

DREER'S
Giant Crocus
See page 19.

Henry A. Dreer
The attention of our customers is respectfully called to the following directions, which will, if followed, be an aid to purchasers as well as to ourselves:

**ORDER EARLY.**—It will greatly facilitate shipments if orders are sent in early. We aim to send off all orders the same or next day after receipt, but during the busy season it is nearly impossible—hence the advisability of ordering early.

**TIME OF SHIPMENT.**—The majority of Fall Bulbs are ready to ship by the second week in September; a few sorts, which are noted in Catalogue, do not mature until October and November. Unless otherwise instructed, we will send the early Bulbs as soon as ready, and the late-maturing sorts when in good condition to ship.

**FORWARDING.**—We deliver, postage paid, to any post-office in the United States, Bulbs, Vegetable and Flower Seeds in packets, ounces and pounds, at catalogue prices, except where otherwise noted; but it will be much cheaper to the purchaser if goods are ordered to be sent by Express or Freight at their expense, when desired in any quantity. Agricultural Seeds, Implements and other bulky and heavy goods can only be sent by freight or express at purchaser's expense.

**PLANTS.**—Small plants can be sent by mail if so desired, but we strongly advise our customers to have their plants sent by express at their expense, as larger and finer plants can be sent in this way, and "extras" are added to help defray charges, and we always ship in this way unless instructed to the contrary. Heavy plants, such as Azaleas, Camellias, Shrubs and similar large stock cannot be sent by mail. Seeds, Plants and Bulbs are now taken by the Express Companies at a reduction of twenty per cent. from the regular rates for merchandise.

**CANADA POSTAGE.**—Vegetable and Flower Seeds in packets and ounces mailed free. On everything else remit for postage, 1 cent per ounce.

**LOCAL DELIVERY.**—We deliver goods free in Philadelphia, Germantown and Chestnut Hill. We also deliver free of charge by Package System (Baggage Master) to all points where this system is in operation, such goods as will be received by them.

**PACKING.**—No charge is made for boxes or packing, nor for Delivery to Freight Depots or Express Offices in Philadelphia.

**REMITTANCES.**—Should be made by Post-office Money Order, Drafts on Philadelphia or New York Banks, or Express Money Orders. We disclaim all responsibility when remittances are not made as above directed. Where it is not possible to obtain these, the letter should be registered. Postage stamps will be found a convenient method of remitting for small amounts, and can be used by us to advantage. Coin should not be sent by mail.

**CASH WITH ORDER.**—Please send money with the order sufficient to cover the whole bill, to facilitate the execution of your orders. During the busy season, to make out bills for customers, charge and in a few days receive the money, make the proper credit and send receipt, require more work than we can readily perform. We decline sending goods "Collect on Delivery" unless remittances be made on account to guarantee acceptance.

**ERRORS.**—We exercise the utmost care in filling orders, striving to do a little more than we offer; yet in the press of business, errors sometimes occur, in which event we wish to be promptly notified of the fact, and will make such corrections as will be satisfactory. Please keep copies of all your orders for comparison.

**SAFE ARRIVAL OF PACKAGES.**—We endeavor to secure the safe arrival of packages of Seeds, Bulbs and Plants in good condition in every case. If a package is injured or lost, by Express, we will replace it as soon as informed of the fact. Frequently it happens that orders never reach us, or are without signature. When customers fail to receive their packages in a reasonable time, they should inform us, and at the same time send a copy of their order and any other information necessary to trace the goods. Complaints must be made on receipt of goods.

**NAME AND ADDRESS.**—Please remember to write your Name, Post-office, County and State; also give number of Street or P. O. Box, as distinctly as possible; also the nearest Express Office, if on a Stage route, send us special directions, giving us the name of the Express Company delivering goods.

**PLANT ORDERS.**—Should be separated from the Bulb and Seed orders; the departments are separate, but shipments of bulbs, seeds and plants are made in one parcel, to avoid additional express charges.

**NON-WARRANTY.**—Most of the failures with seeds, plants and bulbs are due to causes entirely beyond our control, such as unfavorable weather and soil conditions, too deep or too shallow planting, etc., which render it impossible for us to guarantee success, and although we take all possible care to supply only such stock as will, under proper conditions, produce satisfactory results, we still give no warranty as to description, quality or productiveness of any of the seeds, plants or bulbs we send out, and will not be in any way responsible for the crop, and every order for articles named in this catalogue will be executed on these conditions only. It must, however, be plain to every one who gives the matter the slightest thought, that it is to our best interests to send out only such stock as will not only grow but prove true to name and description.

**HENRY A. DREER,**

714 Chestnut Street,

PHILADELPHIA, PA.

**CROCUS AND CYCLAMEN**

Shown in colors on the cover of this Catalogue are among the most popular of Spring-flowering bulbous plants.

A list of the best varieties of both is offered on page 19.
CATALOGUE 16

INDEX.

BULBS AND ROOTS.

PLANTS—Winter-flowering, Decorative, Hardy, Small Fruits, Shrubs, etc.

SEEDS—Flower, Vegetable and Agricultural.

MISCELLANEOUS.
To succeed with bulbs it is necessary to begin right, by getting sound bulbs of good size, and we would warn intending purchasers—especially this year, when good stock is scarce—against buying cheap, undersized bulbs and expect the fine results obtained from such as we offer. Our sources of supply are the best in this country and abroad, the leading growers of the world having for years supplied us with their choicest stock.

A FEW CULTURAL HINTS.

To the lover of flowers there is no class of plants so much prized as those which are produced from bulbs. The reason is easily found, because within the bulbs are stored all the future glory of leaves and flowers, only requiring the simplest culture to develop them in their highest perfection. Success is therefore the rule.

Another reason why bulbs are prized so highly is that a large number of them produce their flowers in very early spring, when the rest of Nature is asleep. Then it is that a clump of Snowdrops, Scillas, or Chinodoxas impart to the garden an air of warmth and cheer that cannot be accomplished in any other way. Following these modest flowers come the showier Crocus, Narcissus, Hyacinths, Tulips, etc., in all their dazzling colors, keeping up a continuous display well into the summer. With no other material can be secured such a wealth of charming flowers of infinite variety of form and coloring, with so little trouble and at so small an outlay.

WHEN TO PLANT.—To the beginner we would particularly emphasize the fact that Autumn and not Springtime is the time to plant all kinds of spring-flowering bulbs. The larger part of the bulbs offered in this Catalogue reach us from Holland in September, and the sooner they are planted after that the greater will be the measure of success; therefore, ORDER EARLY.

OUTDOOR CULTURE.—As a general rule, the bulbs should be planted in October and November, so that the roots may make a good growth before the cold weather sets in, but they can be set out even later if the bulbs remain sound and the ground is not frozen. They require a moderately rich soil that has been well manured for previous crops, or else apply well-rotted cow or sheep manure or bone-meal; fresh manure is injurious to bulbs. The soil should be well drained, and no good results can be obtained without free drainage. A small quantity of sand or fine coal-ashes at the base of each bulb when planted in stiff soil will be beneficial. In planting, the bulbs should be placed from an inch to four inches below the surface, according to the size of the bulb.

When the ground freezes hard the bed should be covered with three or four inches of leaves or litter, which should be removed in early spring. Too early and heavy covering starts the tops prematurely, which are frequently injured in March by freezing and thawing. After flowering, if the beds are wanted for late spring plantings, take up the bulbs, tops and roots, and “heel in” in some corner of the garden until the bulbs mature. After which they should be spread out in an airy room to dry, and kept in a cool, dark place until time for replanting the following autumn.

INDOOR CULTURE.—Bulbs intended for blooming during the winter can be planted from September until November—the earlier the better—in pots, pans or boxes, and be left in the open air, covered with a few inches of ashes or soil, until the earth begins to freeze, and then be placed in a cool greenhouse, cellar or room, at a temperature of 50°. They will need, occasionally, moderate watering after they are brought inside. Or the pots, pans or boxes may be placed at once after potting in a cool, dark cellar, watering well and covering the same as above. The whole success of pot culture depends upon getting the roots well established in the pots, at a low temperature of say 40° to 50°, before you begin to force the tops at 60° or over.

After this the bloom is easily developed by giving light and water, and one can have a supply of flowers from Christmas until after Easter by regulating the time of bringing them to the light.

On the cover of this Catalogue we show two of the most beautiful Spring Flowering Plants. The Crocus shown on the front cover is indispensable in the hardy garden, while the Cyclamen shown on the back cover is equally so in the window garden or conservatory. Both are offered on page 19.
DUTCH HYACINTHS.

The Hyacinth is so well known and esteemed that any description of its many good qualities is needless. The list now offered includes nearly every shade of red, white, blue, yellow, etc.

Outdoor Culture.—The bulbs may be planted any time from October to December—the earlier the better. They succeed in any good, well-drained garden soil. Set the bulbs so that the tops will be 3 or 4 inches below the surface and 6 to 10 inches apart. Before very severe weather comes on, cover the beds with straw, leaves or manure to protect them from the frost, but care should be taken that this covering is not too thick, as the bulbs are as likely to be injured by being kept too warm as by freezing; this should be removed in March, or when danger from hard frost is past.

Pot Culture.—Plantings may be made at any time from September to December, though October is the best time. A light, rich soil with a mixture of well-rotted cow or sheep manure is most suitable. Use a 4 or 5-inch pot, and have the top of the bulb just above the surface. After potting give a good watering and set away in a cool cellar or outhouse and cover over with coal-ashes or some litter, until thoroughly rooted; they may then be brought as wanted for a succession of flowers into a moderately warm, light room.

Culture in Glasses.—When it is desired to grow Hyacinths in water, they should be placed so that the base of the bulb merely touches the water. The glasses should then be set in a cool, dark closet, or in the cellar, until filled with roots, when they may be brought into the light. Give as much fresh air as possible without letting the plants stand in a draught, and as nearly as possible at a temperature of sixty degrees until the spikes are developed. To put them at once into a room with a temperature of say 70 degrees would cause them to flower prematurely.

HYACINTHS, MIXED SORTS, IN SEPARATE COLORS.

These are selected unnamed sorts, and are chiefly used for outdoor planting, but can also be used for pot culture, although we advise using the selected first and second size named varieties offered on the next pages for this purpose. We recommend the single-flowering sorts as giving the best and most uniform results:

MINIATURE OR DUTCH ROMAN HYACINTHS.

The little single-flowering Dutch Hyacinths are excellent for growing in pots, pans or boxes, blooming early and freely. They may be planted close together in the pots, pans or boxes, or in beds in the open ground, with charming effect. We offer choice named varieties as under:

(For French Roman Hyacinths see page 6.)

Charles Dickens. Exquisite soft rose.
General Pelissier. Bright scarlet.
Gertrude. Deep rosy red.
Gigantea. Soft shell pink.
Baroness Van Thuyll. Purest white.
Grandeur A'Merveille. Blush, tinted white.
La Grandesse. Finest pure white.
Mme. Van der Hoop. Pure white.
Czar Peter. Light porcelain blue.
King of the Blues. Fine dark blue.
Queen of the Blues. Light silvery blue.

Price, any of the above; 5 cts. each; 50 cts. per dozen; $3.50 per 100.

If wanted by mail, add 5 cts. per dozen on Miniature Hyacinths for postage. Single bulbs mailed without additional cost.

The latest addition to the list of Easter-flowering tuberous plants is DAHLIAS. See what we say regarding them on page 20.

**Selected First Size Single Named Hyacinths.**

The varieties enumerated below have been selected for their distinct coloring and free-flowering qualities, and are all *selected first size bulbs*, specially suited for growing in pots or glasses or high-grade bedding.

*If wanted by mail, add 15 cts. per doz. on selected first size Hyacinths for postage. Single bulbs mailed free at prices given.*

### EXHIBITION HYACINHTS.

We have imported a limited quantity of these "Exhibition" or "Mother" Hyacinth bulbs. They have been selected out of thousands of bulbs, and may be said to be the "cream of the crop," and are intended for those who wish extra fine bulbs for pot culture. We can furnish the following 18 grand varieties.

**Red and Rose.** Gertrude, Gigantea, Lord Macaulay, Morena, Norma, Roi des Belges.

**White and Tinted.** Baroness van Thuyll, Grandeur a Merveille, L’Innocence, La Grandesse, La Franchise, Mme. van der Hoop.

**Blue and Purple.** Czar Peter, Grand Maitre, King of the Blues, Marie, Piemenan, Queen of the Blues.

**Price.** 20 cts. each; $2.00 per dozen; by mail, $2.20 per dozen.
Fine Second Size Single Named Hyacinths.

These are smaller than the selected first size bulbs, but are fine flowering stock, and admirably adapted for pot culture and bedding where distinct shades of color are desired—better in every way than mixtures. We can furnish them in the following fine varieties.

Blue, Lavender and Purple. Baron Van Thayll, Charles Dickens, Czar Peter, Grand Maitre, King of the Blues, La Peyrouse, Queen of the Blues.

Price, any of the above, 8 cts. each; 75 cts. per doz.; $6.00 per 100.

If wanted by mail, add 10 cts. per doz. to the price of second size Hyacinths for postage. Single bulbs mailed at prices given.

Selected First Size Double Named Hyacinths.

While Double Hyacinths do not, as a rule, produce as fine spikes as the single sorts—especially when grown in water—yet they are exceedingly handsome, and deserve extensive cultivation. The varieties listed below are those which we have found by actual tests to be the most satisfactory.

If wanted by mail, add 15 cts. per dozen for postage. No charge for mailing single bulbs.

</table>
Early Flowering French Roman Hyacinths.

A charming class of Hyacinths from the south of France (quite distinct from the Dutch Hyacinths), producing graceful, delicately perfumed spikes of flowers. They force readily in the house. Three bulbs can be put in a 4-inch, or six bulbs in a 6-inch pot, and as each bulb produces several spikes it makes a beautiful plant for conservatory or house decoration. Their treatment is identical with the Dutch Hyacinths (see page 3), except that we do not recommend them for outdoor planting.

**Early White.** Pure white, one of the most valuable plants for cut flowers. Millions of these are annually forced in the United States. If potted at intervals from September to October can be had in flower from November till March.

Selected bulbs, 5 cts. each; 50 cts. per doz.; $3.50 per 100; $30.00 per 1000.

Extra selected bulbs, 6 cts. each; 60 cts. per doz.; $4.00 per 100; $35.00 per 1000.

**Early Dark Rose.** Semi-double, deep pink. 5 cts. each; 40 cts. per doz.; $3.00 per 100.

**Early Light Rose.** Double, beautiful pale rose. 5 cts. each; 40 cts. per doz.; $3.00 per 100.

**Early Blue.** Light blue, a fine contrast to the other colors. 5 cts. each; 40 cts. per doz.; $3.00 per 100.

**Early White Italian or Parisian.** A little later in flowering than the Romans. Much larger spikes. 5 cts. each; 40 cts. per doz.; $3.00 per 100.

*Add 8 cts. per dozen for postage on Roman Hyacinths, if wanted by mail. Single bulbs mailed free.*

HYACINTH GLASSES.

It is most interesting to watch the development of Hyacinths growing in water in glasses. We have the glasses in three styles and five colors. viz.: Blue, Green, Amethyst, Crystal and Amber.

**Tye, or Squat Pattern.** 18 cts. each; $1.75 per doz.

**Tall, or Belgian Pattern.** 18 cts. each; $1.75 per doz.

**Patent, or Double.** This is made with an inner crystal glass tube, making it easy to remove the bulb and roots when giving fresh water. (See illustration.) 25 cts. each; $2.50 per doz. Tubes only 10 cts. each; $1.00 per doz.

NOTE.—Hyacinth Glasses cannot be sent by mail, but will be forwarded by Express or Freight at purchaser's expense. No charge for packing.

Collections of Choice Named Hyacinths.

Dreer's Selection of Hyacinths for Growing in Water.

Many varieties do not succeed grown in this way. This selection is made up of sorts which are specially adapted for the purpose. For culture, see page 3. 12 distinct single and double varieties, our selection, $1.00, or by mail, $1.15.

Dreer's Selection of Hyacinths for Pot Culture.

A selection of magnificent sorts, each of distinct coloring. These may confidently be expected to produce spikes of exceptional size. For culture, see page 3. 12 distinct single and double varieties, our selection, $1.00, or by mail, $1.15.

Choice Named Hyacinths

Comprising only sorts of highest merit, and each of a distinct color.

12 distinct double and single varieties, our selection .................................. $1.00
25 distinct double and single varieties, our selection ...................................... 2.00
50 distinct double and single varieties, our selection .................................... 3.75

(If by mail, add 15 cts. per dozen for postage.)

**COLLECTIONS OF HYACINTHS FOR BEDS**

A few bulbs can be used for bedding with such good effect as Hyacinths, and every spring they form one of the features of the principal public parks, and, considering the little trouble necessary for their care and the low cost of planting a good-sized bed, it is a matter of comment that larger plantings are not seen in private gardens. While mixed Hyacinths in the separate colors (offered on page 2) are well adapted for bedding purposes, yet where a special design is wanted in which the colors must be sharp and distinct, we advise using the named varieties. Not only do you then get the requisite colors, but at the same time much finer individual spikes of flower, which well repays for the slight increase in cost.

Cultural directions will be found on page 3. We might add that Hyacinth bulbs in some soils do well for a number of years without lifting or replanting. When through flowering, the beds may be sown or planted with shallow-rooting plants, such as Petunias, Verbenas, Portulaca, etc., which will keep the beds bright throughout the summer and in no way hurt the bulbs.

The size of the following beds are 6 feet in diameter; plant outside row 3 inches from edge of bed; each bed requires 108 bulbs, planted 6 inches apart each way.

**“CIRCULAR” BED OF HYACINTHS “A.”**

| 1st row (outside) | 33 Rois des Belges. Bright red. |
| 2d | 27 Baroness van Thuyll. Pure white. |
| 3d | 21 La Peyrouse. Blue. |

**“INDEPENDENCE” BED OF HYACINTHS.**

Spaces No. 1. 32 Mad. Van der Hoop. Snow white.

| 2 | 38 Rois des Belges. Bright red. |
| 3 | 38 King of the Blues. Deep blue. |

Price, $6.25.

As the above Collections are too heavy to be sent by mail, they will be forwarded by express or freight at customer’s expense.

The combinations of colors in any of the beds will be changed, if so desired, at the same cost.
SINGLE EARLY TULIPS.

THE Tulip is always attractive from its beauty and brilliancy of color, and is one of the popular early spring flowers. A few bulbs scattered here and there produce but little effect, but when planted in masses, or in small groups, they become at once grand and brilliant, and eclipse, in variety of coloring and picturesque effect, almost any other flower. Our collection is unusually fine, embracing all the choicest varieties. Tulips require cultural treatment similar to Hyacinths; the bulbs, being smaller, should not be planted so deep. All the varieties named below are well adapted for pot culture, especially the Dac Van Tolh sorts, which can be forced into bloom for Christmas with but little trouble. Put 3 bulbs in 4-inch pot.

The figures prefixed indicate the average height in inches of each variety.

If Tulips are wanted by mail, add 5 cts. per dozen for postage.

SINGLE MIXED TULIPS.

Dreer’s Superb Mixture. Only such varieties as flower together and grow to the same height have been put in this mixture. The variety of colors will be found much superior to ordinary mixtures. 20 cts. per doz.; $1.00 per 100; $5.00 per 1,000.

Fine Quality Mixture. This is a first-class mixture, and equal to the best sent out by many. 15 cts. per doz.; 75 cts. per 100; $6.50 per 1,000.

COLLECTIONS OF Single Early Tulips.

A border planted with one of the following collections forms one of the most interesting and educational features of the garden during April.

3 each of the 38 named sorts for $2.75
6 each of the 38 named sorts for $5.00
12 each of the 38 named sorts for $9.00

If Tulips are wanted by mail, add 5 cts. per dozen for postage.
May-flowering or Cottage-Garden Tulips.

The varieties offered under this head are quite distinct from the early-flowering sorts offered on the preceding page, coming into bloom in this latitude from the middle to the end of May, and prolonging the show of Tulips fully two weeks. They are of free and graceful habit, growing from 18 to 24 inches high, and bearing their large flowers of elegant outline on long, strong stems, and of such brilliant and odd colorings as to make them indispensable in any garden. As cut flowers they are far superior to the early sorts, standing for a week or more in good condition. They can be used with a grand effect in beds, while every permanent border and old-fashioned garden should have a liberal quantity interspersed through it, being perfectly hardy and improving each season.

If wanted by mail, add 5 cts. per doz. to the price of Tulips for postage.

**GIANT GESNERIANA (True).** The tallest, largest-flowered and showiest of all Tulips. Grand for cutting; color rich, dazzling crimson scarlet, with metallic blue-black centre. 25 cts. per doz.; $1.75 per 100; $15.00 per 1,000.

**Bouton d'Or.** The richest and deepest golden-yellow Tulip, 25 cts. per doz.; $1.50 per 100; $12.00 per 1,000.

**Maiden's Blush or Picotee.** Large flowers of purest white, distinctly edged with clear pink. Very dainty. 40 cts. per doz.; $3.00 per 100.

**Summer Beauty.** A superb and showy sort, bearing large, perfectly formed flowers; in color a bright rosy-scarlet, striped and flaked on a white ground. 75 cts. per doz.; $5.50 per 100.

**Shandon Bells.** On first opening the flowers are a delicate primrose flushed with pink, changing to a bright rosy-carmine. 40 cts. per doz.; $2.50 per 100.

**Yellow Crown.** Large flowers, yellow edged crimson, pointed petals. Very showy. 25 cts. per doz.; $1.50 per 100; $12.00 per 1,000.

**Golden Eagle.** This might be called Yellow Gesneriana, similar in every way except color, which is deep yellow. 25 cts. per doz.; $1.50 per 100; $12.00 per 1,000.

**Bizarres.** Varieties with deep yellow grounds, marked with orange, scarlet, crimson, brown, black, etc.; mixed sorts. 25 cts. per doz.; $1.50 per 100; $12.00 per 1,000.

**Darwin.** This fine type of the late flowering Tulip is of strong, robust growth—usually over 2 feet high—producing very large finely formed flowers in an immense variety of solid or self colors, many of which are shades rarely seen in the floral world—such as slate, claret, mahogany, cherry, heliotrope, etc., etc. Finest mixed varieties, 30 cts. per doz.; $2.00 per 100; $18.00 per 1,000.

**Violet Byblemens.** Mixed varieties, having white grounds with black, violet, purple to pale lilac markings. 25 cts. per doz.; $1.50 per 100; $12.00 per 1,000.

**Rose Byblemens.** Mixed varieties, having white grounds with delicate pink and rose shades to bright scarlet and deep crimson markings. 25 cts. per doz.; $1.50 per 100; $12.00 per 1,000.

**Collections of LATE FLOWERING TULIPS.**

One of the following collections makes a very showy and attractive border, and furnishes excellent material for cutting:

3 each of the above 11 sorts . $ 0.80
6 " " " 1.50
12 " " " 2.85
25 " " " 5.50
100 " " " 18.00
DOUBLE TULIPS.

While not equal to the single in brilliancy, the double varieties last much longer in bloom. The early varieties, such as Duc Van Thol, Murillo, Titian, Imperator Rubrorum, and the Tournesols, are excellent for forcing. The later sorts will not bear forcing, but are very effective in beds or borders. A combination bed of the pure white and bright scarlet varieties La Candeur and Rex Rubrorum is especially effective. The average height of each in inches is prefixed.

If Tulips are wanted by mail, add 5 cents per dozen for postage.

DOUBLE MIXED TULIPS.

Dreer’s Superb Mixture. A grand mixture of early-flowering sorts, growing the same height and blooming together; a large variety of colors. 20 cts. per doz.; $1.00 per 100; $2.00 per 1000.

Fine Quality Mixed. A mixture of the cheaper sorts. 15 cts. per doz.; 75 cts. per 100; $7.00 per 1000.

Double Late Mixed. These come into flower from a week to 10 days later than the above; many of this section bear immense flowers of brilliant colors. 20 cts. per doz.; $1.25 per 100; $2.00 per 1000.

COLLECTIONS OF DOUBLE TULIPS.

PARROT OR DRAGON TULIPS.

Very large flowers of singular and picturesque forms and brilliant colors, very beautiful and interesting. The petals are curiously fringed or cut. They form extravagantly showy flower beds or borders, are of endless variety of form and color, stand a long time when cut, and should be grown in every flower garden in quantity. (See cut.)

Constantinople. Orange-scarlet, black markings, yellow base.

Cramoisle Brilliant. Brilliant carmine.

Lutea. Clear yellow feathered with red and green.

Markgraaf. Yellow striped scarlet.

Perfexta. Striped yellow and red.

Price, any of the above, 25 cts. per doz.; $2.50 per 100.

Parrot, Mixed Colors. In great variety; a border of these resembles an Oriental rug in coloring. 20 cts. per doz.; $1.25 per 100; $2.00 per 1000.

TULIPA GREIGI.

An exceptionally handsome and distinct early-flowering species. The beautifully formed flowers are of large size and of a gorgeous orange-scarlet color, so brilliant as to at once attract the attention. The plant is quite ornamental on account of its broad, spotted foliage; very choice. 15 cts. each; $1.50 per doz.; $10.00 per 100.

Parrot or Dragon Tulips.
Collections of Tulips for Beds.

WHAT we say on page 7 about the Hyacinth as a bedding plant is equally true of the Tulip. Many brilliant color effects are possible with Tulips that cannot be produced with any other plant. The culture is the same as for the Hyacinth, only, being perfectly hardy, they do not require to be covered so heavily through the winter, but merely enough to keep the frost from throwing them out of place. When through flowering, the bulbs may be lifted and dried off, and used another year, or they may be left in the ground and the beds filled in the same way as suggested for Hyacinth beds.

The following Beds are 6 feet in diameter and require 156 bulbs, planted 5 inches apart each way:

"POPULAR" BED OF TULIPS—Combination No. 1.
Sections 1 and 3. 78 Belle Alliance, Scarlet.
" 2 and 4. 78 Chrysolora, Yellow.
Price, $2.80.

"POPULAR" BED OF TULIPS—Combination No. 2.
Section 1. 39 Joost van Vondel. Deep blood-red.
" 2. 39 Yellow Prince. Yellow.
" 4. 39 Pottebakker. Scarlet.
Price, $2.80.

"FAIRMOUNT" BED OF TULIPS.

Section 1. 42 Rose Grisdellin. Pink.
" 2. 39 Chrysolora. Yellow.
" 3. 36 La Reine. White.
" 4. 39 Belle Alliance. Scarlet.
Price, $2.75.

"FRANKLIN" BED OF TULIPS.

Section 1. 40 Pottebakker. White.
" 2. 30 Belle Alliance. Scarlet.
" 3. 42 Princess Marianne. Pink.
" 4. 41 Chrysolora. Yellow.
Price, $2.75.

The combinations in any of the above beds can be changed, if so desired, at same cost.
As collections are too heavy to be sent by mail, they will be forwarded by express or freight at purchaser’s expense.

Designs and estimates on larger beds given on application.
NARCISSUS OR DAFFODILS.

There are no hardy bulbous plants which have more points of merit than the Narcissus. Perfectly hardy, growing and doing well in almost any and every position, sun or shade moist or dry. All conditions seem to suit it, and every vacant corner in the garden, amongst the grass, under the trees, etc., etc., could not be used to better advantage than by filling with Narcissus. They are equally desirable for pot culture for winter flowering. 3 or 4 bulbs can be put into a 5-inch pot, and, with the same treatment as given to Hyacinths, the dull winter and early spring months can be made bright with their exquisite gold and silver blossoms. But it is outdoors that Narcissus do best, and once planted need no further attention, the clumps multiplying and giving larger and finer results each year, and from an original planting of a few hundred bulbs in two or three years may be cut thousands of flowers without missing them.

LARGE TRUMPET VARIETIES.

This type is the showiest of the genus, and also the most useful, growing easily either indoors or in the open.

Albicans. "The Great Spanish Daffodil." Perianth white, large boldly primrose trumpet changing to pure white, elegantly fringed, 6 cts. each; 60 cts. per doz.; $4.50 per 100.

Ard Righ (Irish King). An extremely early flowering large golden-yellow trumpet variety. 7 cts. each; 70 cts. per doz.; $5.00 per 100.

Bicolor Grandee. Flowers of the largest size, with broad, pure white petals, and yellow trumpets, late flowering. 6 cts. each; 60 cts. per doz.; $4.00 per 100.

Empress. Perianth snow-white, trumpet rich yellow, serrated and flanged at the edges, large in outline, and of rare beauty for cutting. (See cut.) 7 cts. each; 70 cts. per doz.; $5.00 per 100.

Emperor. A magnificent flower; perianth deep primrose; trumpet large, rich yellow. The finest daffodil in cultivation when grown in rich, moist, well-drained soil. (See cut.) 7 cts. each; 70 cts. per doz.: $5.00 per 100.

Golden Spur. Large, spreading full, deep yellow perianth; trumpet golden-yellow. A charming, richly perfumed flower, and one of the very best of the Golden Trumpets. The flower stalks attain a height of 2 feet. 6 cts. each; 60 cts. per doz.: $4.50 per 100.

Henry Irving. Remarkable for its deep yellow, imbricated, wheel-shaped perianth and large trumpet of a lovely golden-yellow hue. 6 cts. each; 60 cts. per doz.: $4.50 per 100.

Horsfieldi. A Royal flower as to size and color; perianth pure white; trumpet rich yellow. It comes into bloom early, and is one of the very finest for cutting. 6 cts. each; 60 cts. per doz.: $4.00 per 100.

Maximus. "Hale's Vase of Beaten Gold." A grand deep golden-yellow flower. For cutting this variety is unexcelled. 7 cts. each; 70 cts. per doz.: $5.00 per 100.

Princeps. A magnificent flower, and one of the finest of the large trumpet type. As a forcing variety it is superior in every way; perianth pale sulphur; trumpet rich yellow. 3 cts. each; 25 cts. per doz.: $1.50 per 100.

Rugiobus. Sulphur perianth, with golden-yellow trumpet. This variety looks exactly like Emperor, only a trifle smaller. 4 cts. each; 35 cts. per doz.: $2.50 per 100.

Trumpet Major (Single Van Sion). A large and shapely flower of a rich yellow color; an excellent sort for forcing or bedding. 3 cts. each; 25 cts. per doz.: $1.50 per 100.

Nonsuch, Peerless, Chalice-cup or Star

NARCISSUS.

This class comprises some of the most beautiful and graceful forms. All are especially adapted for naturalizing.

**Barrii Conspicuus.** Perianth sulphur; broad spreading cup; magnificently illuminated with scarlet; a most distinct and beautiful sort; the admiration of everyone, and should be in every collection. 4 cts. each; 30 cts. per doz.; $2.00 per 100.

**Incomparabils.** Yellow, with orange cup. 3 cts. each; 25 cts. per doz.; $1.50 per 100.

**Cynosure.** Large primrose perianth; cup yellow; conspicuously stained with orange-scarlet; remarkably showy; a fine sort for cutting; 3 cts. each; 25 cts. per doz.; $1.50 per 100.

**Figaro.** Perianth lemon-yellow; cup large, spreading and stained orange-scarlet; a large and well formed flower. 3 cts. each; 25 cts. per doz.; $1.50 per 100.

**Leedsii.** Pure white perianth; cup lemon passing to white; an excellent sort for bouquets. 3 cts. each; 20 cts. per dozen; $1.25 per 100.

**Sir Watkin.** "Giant Chalice Flower" or "Big Welshman." A gigantic flower, the largest in this section; perianth sulphur yellow; cup slightly deeper in color and tinged with orange; fine for pot culture. (See cut.) 7 cts. each; 70 cts. per doz.; $5.00 per 100.

**Stella.** One of the first to bloom; flowers star-shaped; pure white with yellow cup; large, wonderfully free-blooming and one of the very best for general decoration or for cutting. 3 cts. each; 20 cts. per doz.; $1.25 per 100.

**HOOP PETTICOAT NARCISSUS.**

**Bulbocodium.** Exceedingly pretty flowers, of a rich citron-yellow. It is a gem for pot culture and edgings, and bears from 6 to 12 flowers to each bulb. 6 cts. each; 60 cts. per doz.; $4.50 per 100.

**Bulbocodium Thomophyllum (Clint).** Pure white; very early blooming. 7 cts. each; 70 cts. per doz.; $5.00 per 100.

**THE POET’S NARCISSUS.**

This is the old-fashioned favorite type, with white flowers, the cups margined with red and with rich, spicy odor. For indoor culture the Ornatus is best. All do well in the open border, are perfectly hardy, and once planted take care of themselves. (See cut.)

**Biflorus.** Pure white perianth, with soft yellow crown, 2 to 3 flowers on each stalk; late flowering; very sweetly scented. 20 cts. per doz.; $1.25 per 100.

**Burbridgei.** Pure white flowers, cup edged with rich cinnabar-red; earliest to bloom; much prized for cutting. 20 cts. per doz.; $1.25 per 100.

**Poeticus (Pheasant’s Eye, or Poet’s Narcissus).** Flowers large, snow-white, with beautiful cup suffused with bright orange-red; blooms in May; very fragrant. 15 cts. per doz.; 75 cts. per 100; $5.00 per 1000.

**Poeticus Ornatus.** The most perfect form of the Poet’s Narcissus. It is more symmetrical than the old Poeticus and blooms a month earlier; flowers large, pure white, cup margined with scarlet. 20 cts. per doz.; $1.25 per 100; $10.00 per 1000.

Double Daffodils.

No collection of Narcissus is complete without the double-flowering sorts. While not as attractive as many of the single varieties, they possess a charm peculiarly their own. All are perfectly hardy, and are much in demand for cutting.

Van Slon (Trilomonis plenus). The famous old Dutch Daffodil; flowers golden yellow, large and of fine form. This variety is used in enormous quantities for forcing, also excellent for bedding in conjunction with Hyacinths, flowering at the same time. In our climate the bulbs are only good for one year, usually producing greenish flowers the second season.

Extra Selected Double-nosed Bulbs, 4 cts. each; 40 cts. per dozen; $2.50 per 100; $22.00 per 1,000.

Selected Bulbs, 3 cts. each; 30 cts. per dozen; $2.00 per 100; $18.00 per 1,000.

Fine Bulbs, 3 cts. each; 25 cts. per dozen; $1.50 per 100; $13.00 per 1,000.

Incomparable (Butter and Eggs). Orange and yellow; of large size and good shape. 20 cts. per dozen; $1.00 per 100; $9.00 per 1,000.

Orange Phoenix (Eggs and Bacon). Light citron, with orange centre; an excellent flower for forcing. 4 cts. each; 30 cts. per dozen; $2.00 per 100.

Sulphur or Silver Phoenix (Codlins and Cream). Creamy-white, with pale sulphur centre. Considered the finest of the double sorts. 7 cts. each; 70 cts. per dozen; $5.00 per 100.

Alba Plena Odorata (Double Poet’s or Gardenia Daffodil). Double, pure white; very sweet-scented. This beautiful variety cannot be forced. It succeeds best planted on rather heavy soil, in partial shade, and where it will not suffer from lack of moisture. 3 cts. each; 20 cts. per dozen; $1.25 per 100; $10.00 per 1,000.

COLLECTIONS OF

DOUBLE DAFFODILS.

3 each of the 5 varieties, $0.45
6 " " 5 " 80
12 " " 5 " 1.50
25 " " 5 " 2.50

If wanted by mail, add 5 cts. per dozen for postage.

Jonquils.

(Narcissus Jonquilla and Odorus.)

All of the Jonquils are prized for their graceful, golden, fragrant blossoms and the ease with which they may be grown. Half a dozen bulbs can be put in a 5-inch pot, and with the same treatment as recommended for Hyacinths (see page 3) a fine display can be had from January to April. Their cost is so trifling that liberal plantings should be made outdoors. A clump of 50 or more bulbs put here and there among shrubbery or interspersed in the hardy border or naturalized in the grass gives an indescribably rich effect in the early spring, while a vase of the cut blooms will fill a room with the rich, spicy odor.

Single Sweet-scented (Narcissus Jonquilla). Rich yellow; not as large a flower as the others, but most fragrant. 15 cts. per dozen; 75 cts. per 100; $6.00 per 1,000.

Campernelle (Narcissus Odorus). A grand variety, producing freely large yellow flowers, sweet-scented. 15 cts. per dozen; $1.00 per 100; $7.00 per 1,000.

Campernelle Rugulosus. The largest flowering, a handsome flower, color pure yellow, very fragrant. 20 cts. per dozen; $1.25 per 100; $10.00 per 1,000.

Double. Full double golden-yellow. 4 cts. each; 35 cts. per dozen; $2.50 per 100.

COLLECTIONS OF JONQUILS.

12 each of the above 4 varieties, $0.80
25 " 4 of the above 4 varieties, $2.50
6 bulbs of one variety at dozen rates; 25 at 100 rates; 250 at 1,000 rates.
Polyanthus Narcissus.

Beautiful, free-flowering, deliciously sweet-scented flowers, of the easiest culture; suitable for forcing or for growing in water in the same way as the Chinese Sacred Narcissus. They bear tall spikes of bloom, with from 6 to 20 flowers each. Bulbs planted in the open border in October and November stand the winter with protection.

**Double Roman.** White, with orange centre; very fragrant. 4 cts. each; 30 cts. per doz.; $1.50 per 100.

**Grand Monarque.** Crown a lovely primrose shade; a very effective flower. 5 cts. each; 40 cts. per doz.; $2.50 per 100.

**Grand Primo.** Cup citron, perianth pure white; excellent for cutting. 5 cts. each; 40 cts. per doz.; $2.50 per 100.

**Grand Soleil d'Or.** A charming rich yellow flower, with deep, red-dish cup. Thousands of this variety are grown for sale in the London market. 5 cts. each; 40 cts. per doz.; $2.50 per 100.

**Paper White.** The principal early forcing variety; snow-white. Can be had in flower from November to March with a little care. 3 cts. each; 25 cts. per doz.; $1.25 per 100.

**Paper White Grandiflora.** An improved form of the Paper White. The flowers are star-shaped, very beautiful, and emit a delicious odor. (See cut.) 4 cts. each; 30 cts. per doz.; $1.50 per 100.

**Staten General.** White, with citron cup, fading to pure white. 5 cts. each; 40 cts. per doz.; $2.50 per 100.

**White Pearl.** Large, pure, satiny white; beautiful. 5 cts. each; 40 cts. per doz.; $2.50 per 100.

**Mixed Polyanthus Narcissus.** 3 cts. each; 25 cts. per doz.; $1.50 per 100.

**Collections of Polyanthus Narcissus.**

3 each of the 8 named varieties, 70 cts.
6 each of the 8 named varieties, $1.25.
12 each of the 8 named varieties, $2.25.

If *Polyanthus Narcissus* are wanted by mail, add 10 cts. per dozen for postage; single bulbs mailed free at prices given.

**Narcissus in Mixture.**

For planting among shrubbery, in unused corners, or for naturalizing in grass, where they may remain undisturbed for years, these are, without doubt, one of the best hardy bulbs, coming into bloom early and supplying an unfailing source of cut flowers. Both the single and double sorts deserve extensive planting in every garden. (See cut.)

**Single Varieties.** Mixture does not contain the very cheapest sorts, and will be found very fine. 15 cts. per doz.; $1.00 per 100; $8.00 per 1,000.

**Double Varieties.** A fine mixture. 15 cts. per doz.; $1.00 per 100; $9.00 per 1,000.

*If wanted by mail, add 5 cts. per dozen for postage.*

**Chinese Sacred Lily.**

(See Sin Far, Joss Flower, or Flower of the Gods.)

This is the *Narcissus Orientalis*, and the variety grown by Chinamen for decorating their temples or Joss-houses on their New Year’s Day, which occurs in February. For the most part they are grown in water in fancy bowls, with just enough pebbles around them to keep them from toppling over. (See illustration.) They can also be grown in pots in soil, sand or moss; in fact, they usually do much better when grown in this way than in water. We annually import from China a large quantity of the finest quality bulbs, and if planted on arrival (about October 1st) they will flower by Christmas, and a succession of flowers can be had by making several plantings. The white and yellow flowers are borne in clusters and are highly scented. *Large bulbs*, 10 cts. each; 3 for 25 cts.; 90 cts. per doz. Original baskets containing 30 bulbs, $2.00.

*If wanted by mail, add 3 cts. per bulb for postage.*

**Lily Bowls,** for Chinese Sacred Lilies.

*Imari.* Fine Japanese ware, highly decorated in red, blue, green, etc.; exceedingly attractive (see cut). To hold 1 bulb, 15 cts. each; for 2 bulbs, 25 cts. each; for 3 bulbs, 35 cts. each.

*Imitation Cut Glass.* To hold 1 bulb, 10 cts. each; for 2 bulbs, 15 cts. each; for 3 bulbs, 20 cts. each.

**Pebbles,** for filling Lily Bowls, 10 cts. per quart.

Lily Bowls and Pebbles cannot be sent by mail.
...Miscellaneous Bulbs and Roots...

Unless otherwise specified, all Bulbs and Roots are ready for delivery in September.

ACHIMENES.

Tropical plants for summer blooming; the scaly tubers must be preserved entirely dry during the winter. In early spring pot in peat, sand and a little light soil. They delight in heat, moisture and shade while growing, but in a cooler temperature when in bloom. Do not water the foliage. Excellent for baskets. (Ready in December.) Ten distinct named varieties, 10 cts each; $1.00 per dozen.

AGAPANTHUS (African Lily).

Splendid ornamental plants, bearing large clusters of bright blue and pure white flowers on long flower stalks, and lasting a long time in bloom. There is no finer plant than this for outdoor decoration, planted in large pots or tubs on the lawn, terrace, or piazza. It does well in the house or greenhouse in winter, requiring but slight protection. It is a rapid grower and gross feeder, and the chief point in its cultivation is to divide the plants before the pots or tubs become overcrowded with roots. Strong clumps. (See cut.)

Umbellatus. Bright blue.
— alb. Pure white.
— Mooreanus. Of dwarfer, more compact habit than the type and much finer flowering, even the smallest plants throwing up strong flower spikes, with large umbels of 30 to 50 beautiful dark blue flowers. Should find a place in every garden. Any of the above 15 cts. each; $1.50 per doz.

ALSTROMERIA.

Chilensis (Chilian Lily). A tuberous-rooted plant, 2 feet high, with spikes of showy flowers, varying from rose-white to deep orange and red, flowering from July till September, and in exposed situations requires protection. (Ready in October.) 10 cts. each; $1.00 per doz.

AMARYLLIS (Knight's Star Lily).

Splendid flowering bulbs, suitable for greenhouse, room, or garden cultivation. For indoor use they should be grown in pots, well-drained, in a soil of equal parts of peat, leaf-mold and loam. After flowering, the bulbs must be digged off by discontinuing water as the foliage shows signs of dying. When at rest, store away in a dry, cool place, leaving the bulbs in the pots. (Ready in October.)

Aulica Platypetala (Lily of the Palace). Immense flowers of intense crimson, tipped green. 75 cts. each; $7.50 per doz.
Belladonna Major (Belladonna Lily). Beautiful silvery white, turning to soft rose as the flower ages. 15 cts. each; $1.50 per doz.
Defiance. A grand strong growing variety, often blooming several times in a season. Very large flowers, of a deep crimson striped with white. 60 cts. each; $6.00 per doz.
Equestre (Barbados Spice Lily). Bright orange scarlet, with a white star-shaped centre; quite fragrant. 20 cts. each; $2.00 per doz.
Formosissima (Jacobean Lily). Crimson; blooming early in the summer. 5 cts. each; 50 cts. per doz.; $3.00 per 100.
Johnsonii. Very large flower, of a rich crimson-scarlet color, striped with white. Fine bulbs, 25 cts. each; $2.50 per doz. Extra large bulbs, 50 cts. each; $3.50 per doz.
Prince of Orange. Large flowers; orange intermingled with white and green. 60 cts. each; $6.00 per doz.
Solandriflora conspicua. Striped white, green and rose. 75 cts. each; $7.50 per doz.
Vittata Hybrids. Beautiful striped, flaked and feathered varieties; grown for us by the leading specialists. 50 cts. each; $5.00 per doz.
One each of the above 9 Amaryllis, a splendid collection, all extra strong bulbs, for $3.50.
ANEMONES.

These charming hardy spring flowers are becoming better known and more popular as a garden flower. Both double and single are equally desirable, and no garden should be without them. They are suitable for pot or border culture, and when planted in masses are most effective. They succeed best in a light, rich, well-drained loam. Plant in October or November, or as soon as the ground can be worked in the spring. If planted in the autumn, they should be covered with leaves, straw, or long manure on the approach of winter. For pot culture, fill with any rich, porous compost, with good drainage, planting 4 roots in a 5-inch pot; place in a cold frame, or any moderately cool situation, giving very little water until the plants appear, then remove to the greenhouse or sitting-room window.

DOUBLE ANEMONES.

Duchess of Lorraine. Deep blue. Dissected. $0.50 each, 100 for $40.00.
Ceres. White tinged rose. $1.50 each, 100 for $15.00.
Rosette. Delicate rose. $2.50 each, 100 for $25.00.
L'Eclair. Scarlet. $3.00 each, 100 for $30.00.

Price, any of the above, 4 cts. each; 40 cts. per dozen; $2.50 per 100.

Double Mixed. All colors. 3 cts. each; 25 cts. per dozen; $1.50 per 100.

100.

ANEMONE FULGENS.

The Anemone Fulgens is one of the most attractive and desirable flowers for winter forcing or early spring blooming. Its dazzling vermilion flowers are very pretty, and are borne in profusion. 3 cts. each; 30 cts. per dozen; $2.00 per 100.

BABIANA.

A charming genus with leaves of darkest green, thickly covered with downy hairs, and bearing showy spikes of flowers. They should have the protection of a cold frame, and are very successfully grown in pots. Height, 6 to 9 inches.

Mixed Varieties. 4 cts. each; 40 cts. per dozen; $3.00 per 100.

CALOCHORTUS.

(flumphyllum)

Very beautiful California bulbs, blooming in summer. The flowers are of rich and brilliant colors in various shades of white, purple and yellow, borne on stiff, slender stalks, 8 to 20 inches high, from a few to 15 or 20 flowers a stalk. (See cut.)

Mixed. A selection of the hardiest varieties. 3 cts. each; 30 cts. per dozen; $2.00 per 100.

CLIVIA.

(flumphyllum)

Miniature. A pretty lily-like plant of the easiest culture, and most desirable house plant; it flowers during the spring and summer months, remaining in bloom for a long period. The flowers are about 2 inches long, and are borne in dense clusters of from ten to twenty flowers on each; in color it is of a fine orange-red shading to buff. Extra strong plants in 6-inch pots, 75 cts. each.
CHIONODOXA.
(Grace of the Snow.)

These are among the most beautiful of our early spring flowering bulbs, coming into flower soon after the snow is gone. Grows well in any garden soil, and when once planted requires no further care. Looks best when planted in lines or clumps of 25 or more bulbs.

Lucille. Flowers of a brilliant sky-blue color, with white centre. 15 cts. per doz.; $1.00 per 100; $8.00 per 1,000.

Lucille Gigantea. A very distinct and beautiful species, with very large flowers of soft lavender-blue, with white centre. 25 cts. per doz.; $1.50 per 100; $12.00 per 1,000.

Sardensis. A strikingly beautiful, brilliant gentian-blue flower. A gem among spring bulbs. 15 cts. per doz.; $1.00 per 100; $8.00 per 1,000.

Tsoutsu. Very large flowers of deep indigo blue. 25 cts. per doz.; $1.50 per 100.

CROWN IMPERIALS.

Very showy and stately early spring-blooming plants. The flowers are bell-shaped, and are borne in a whorl at the top of the plant, which grows from 3 to 4 feet high. The Crown Imperial will grow well in any good garden soil, and if it can be said to have preferences, it is for a deep loam. At the time of planting the soil should be deeply trenched and well manured. They should be planted 2 or 3 in a clump, 6 inches deep, and then left alone for years. When established they flower abundantly, and the stems should not be cut off, but allowed to decay naturally. A slight covering during the winter is beneficial. (See cut.)

Superfine F1xed. Including red, yellow and shades of orange. 10 cts. each; $1.00 per doz.; $7.50 per 100. Add 2 cts each for postage.

DIELYTRA.
(Ready in November.)

Spectabilis (Bleeding Heart). A well-known beautiful plant, which blooms early in spring, producing racemes of delicate white and pink heart-shaped flowers. 15 cts. each; $1.50 per doz.; by mail, 5 cts. each extra.

Eximia (Plumy Bleeding Heart). A dwarf-growing species, with finely cut ornamental foliage, growing about 15 inches high, and producing its showy pink flowers from April to August. 15 cts. each; $1.50 per doz., by mail, 5 cts. each extra.

CALLA LILIES.

White Calla (Richardia Ethelctica). The White Calla, or Lily of the Nile, is a well-known plant of easy culture, and in winter is one of our best window plants. To add profuse blooming keep them dormant from the middle of June to last of August, repot in good rich soil, using a 6 to 8-inch pot, give water, light and heat in abundance, and the result will be most satisfactory. (See cut.) Good roots, 10 cts. each; $1.00 per doz. Extra large roots, 15 cts. each; $1.50 per doz. Mammoth roots, 25 cts. each; $2.50 per doz.

"Little Gem." A miniature variety of the White Calla, growing from 9 inches to 1 foot in height; it is very free-flowering and fine for pot culture. The flowers are less than one-half the size of the common variety, and can be used in bouquets, etc. 10 cts. each; $1.00 per doz.

Black (Arum Sanctum). This interesting variety from the Holy Land resembles in habit and foliage the White Calla, with flowers of a rich purple color over a foot in length and 4 to 6 inches across; the spike or spadix is about 10 inches long, and of an eloncy-black color. 12 cts. each; $1.25 per doz.

Spotted-leaf (Richardia alba maculata). The leaves of this variety are deep green, with numerous white spots, which give the plant a very ornamental appearance. The flowers are white, with a black centre, they grow freely either indoors or out. (Ready in October.) 10 cts. each; $1.00 per doz.

Golden Yellow (Richardia El liottiana). Entirely distinct and unlike all other forms of yellow Callas; it has the same habit of growth as the ordinary white variety, with flowers of same size and shape, but of a rich, clear, lustrous golden-yellow color; the foliage is dark green, with a number of translucent creamy-white spots, which add much to its beauty. Strong bulbs, $1.00 each.

One each of the 5 Callas, strong roots, for $1.25.

CROCUS.

Shown in colors on the front cover of this catalogue.

This brilliant and universally admired spring flower will thrive in any soil or situation, but to be brought to the highest perfection it should be grown in an open bed or border of deep, rich, sandy loam. When planted in large groups or lines of distinct colors, the effect is very striking, and the bulbs are now offered so cheap as to justify their liberal use. They are invaluable for pot culture. To secure a succession of blooms commence planting early in October, 6 or 8 bulbs in a pot (the named varieties are best for this purpose), using rich soil, and planting about an inch deep. Place the pots on a surface of ashes, cover the top one inch deep with soil, until the leaves appear, when they may be removed to the house.

DREER'S GIANT NAMED CROCUS.

These are large bulbs of the best varieties, and are remarkable for richness of color and size of their flowers.

Cloth of Gold. Yellow, veined brown.
Ilium. White, striped lavender blue.
Lammoth Yellow. Golden yellow, very large bulbs and very free-flowering.
Mont Blanc. Large pure white.
Purpurea grandiflora. Richest purple.
Queen of the Netherlands. Purest white, large flower and very free.
Sir Walter Scott. White, striped with violet.

Price, any of the above in extra fine bulbs, 15 cts. per dozen; 70 cts. per 100; $6.00 per 1,000.

DREER'S GIANT CYCLAMEN.

Shown in colors on the back cover of this catalogue.

There are few winter-flowering bulbs more attractive than the Cyclamen, being an ideal plant either for greenhouse or window decoration. Not only are they beautiful when in flower, but the foliage is also highly ornamental, being beautiful and dotted, and they are therefore highly decorative even when not in flower. The Giant strain here offered is much superior to the old type; being of more robust growth and throwing the large flowers well above the handsome foliage.

It is often a hard matter to get dry bulbs started into growth. We have, therefore, concluded to send out only nicely started plants, which we feel sure will produce grand results, having been grown from our own choice strain of seed.

Pure White.
Blood Red.

Price, any of the above in extra fine plants, 25 cts. each; $2.50 per dozen.
Mixed. 20 cts. each; $2.00 per dozen.

If wanted by mail, add 5 cts. each for postage to Cyclamen.

DARHILAS FOR EASTER FLOWERING.

For a number of years our Dahlia grower has been experimenting with forcing Dahlias into bloom for Easter, and with the most gratifying results. Other growers who, at our suggestion, have given them a trial, report equally satisfactory experiences. Prominent among these is Mr. Wm. Falcower, whose Easter display at Schenley Park, Pittsburgh, is well known to be the most varied and extensive anywhere, wrote us under date of April 14, 1903, as follows:

"The Dahlias were a complete success and are now in beautiful bloom. I am sorry indeed that I did not get on this Dahlia wrinkle sooner, or I would now have from 250 to 500 of them in flower. The white one (Storm King) is the most striking; the pink one (A. D. Livoni) the most surprising. I thank you for bringing them to my notice."

We offer but four varieties, these having been found best adapted for forcing. The roots are being specially grown and prepared. Ordinary roots, which have flowered all summer, are unsuited for this purpose.

For full cultural directions sent out with each order. (Ready in November.)

Storm King. Pure white. 15 cts. each; $1.50 per dozen.
Camellia Alba. Snow white; very free. (See cut, page 18.) 15 cts. each; $1.50 per dozen.
A. D. Livoni. Beautiful soft pink. 15 cts. each; $1.50 per dozen.
Twentieth Century. This superb single Dahlia is the finest of all for cut-flower purposes. Color rosy crimson and white; very easy to force. 30 cts. each; $5.00 per dozen.
ERANTHIS HYEMALIS (Winter Aconite).

The Winter Aconite is a pretty yellow flower, valuable for its early blooming and contrasting well with the Snowdrops, which are the only flowers to keep it company at the early season in which it blooms. 20 cts. per doz.; $1.00 per 100.

EREMURUS.

Robustus. A noble and rare bulbous plant from Turkestan and one of the choicest subjects for the permanent hardy border. They thrive best in a well drained, sheltered, sunny position, and prefer a deep, sandy loam, to which has been added a liberal quantity of well rotted cow manure. Once planted they should not be disturbed, as the roots are extremely brittle and liable to injury. A covering of 4 or 5 inches of leaves or litter will be beneficial and save the young shoots, which start early, and are liable to be damaged by late frosts.

It produces immense flower stems, 6 to 10 feet high, bearing on their summit a dense raceme of rosy lilac flowers, each nearly 2 inches across. (See cut.)

Extra Strong Flowering Roots. (Ready in October.) $8.00 each.

ERYTHRONIUM GRANDIFLORUM.

A beautiful hardy plant, especially suited to moist, shady situations; the leaves are handsomely variegated, flower stems about a foot high, bearing 8 to 10 cream colored, lily-like blossoms; does well in pots. 3 cts. each; 30 cts. per doz.; $2.00 per 100.

FUNKIA (Plantain Lily).

(READY IN OCTOBER.)

Coeulea. Blue, broad green leaves.
Subcordata grandiflora. Pure white, lily-shaped fragrant flowers; borne in large clusters.
Undulata media picta. Green and white foliage, with purple flowers; fine for edging.
Thos. Hogg. Broad glaucous foliage, with a pretty white border; distinct and desirable.
15 cts. each; $1.50 per doz.; $10.00 per 100. If by mail, add 5 cts. each.

FREESIA.

This is one of the most beautiful of all Cape bulbs, possessing a peculiar grace of form, and its fragrance is most delightful, one pot of five or six bulbs being sufficient to perfume a whole house. As cut flowers they are extremely valuable; the unexpanded blooms, opening in water, fill the air with the most delicate perfume, and their endurance is really remarkable. They force very easily, and can be had in flower at Christmas, and continue in succession until June. When potted these should not be placed in a dark place like most other bulbs, but should be put directly in the light.

Refracta Alba. Pure white; delightfully fragrant.

MAMMOTH BULBS. 25 cts. per doz.; $1.50 per 100; $12.00 per 1,000.
SELECTED BULBS. 15 cts. per doz.; $1.00 per 100; $8.00 per 1,000.

LECHTLINII. Large, pure yellow; fragrant.

25 cts. per doz.; $1.50 per 100.

HEMEROCLALLIS (Day Lily).

Florham. A new hybrid, producing very large golden-yellow sweet-scented flowers during June and July; quite distinct in color and remarkably free-flowering. (See cut.) 50 cts. each.

Aurantiaca Major. A new Japanese variety of vigorous habit and very free-flowering, with large, sweet-scented, trumpet-shaped flowers, which on well-established plants measure 5 inches across, on stems 2 to 3 feet high; the color is a deep orange; requires a little protection; blooms in June and July, 50 cts. each.

Dumortieri. Soft, rich yellow, exterior bronze-orange; blooms in June and July.

Fulva (Turkys Day Lily). Tawny orange flowers, excellent for planting among shrubbery; blooms in July and August.

Flava (Yellow Day Lily). Large fragrant yellow flowers during July and August in the greatest profusion.

Kwanso (Double Orange Lily). A double-flowering form that deserves being planted very largely; large orange-colored flowers shaded copper; blooms during July and August.

Middendorfii. A handsome, deep golden-yellow variety; June and July.

Thunbergii. One of the latest flowering varieties, producing its sweet-scented lemon-yellow flowers in August and September.

15 cts. each; $1.50 per doz., except where noted; set of 8 varieties, $1.75.
Fritillaria.

Meleagris (Snake's Head, or Guinea Hen Flower). An elegant species, growing from 10 to 18 inches high, bearing in spring curious drooping bell-shaped flowers, most of which are very oddly marked, many being checkered and splashed white and purple, cream and maroon, etc., etc. Mixed colors, 3 cts. each; 25 cts. per dozen; $1.50 per 100.

Recursa. A beautiful and distinct sort from California, producing as many as a dozen brilliant, clear scarlet flowers spotted with orange in the throat on stalks 18 to 24 inches high; excellent for naturalizing. 5 cts. each; 50 cts. per dozen; $3.00 per 100.

Gladiolus,' The Bride.'

A lovely pure white form of the Gladiolus Colvilli. The flowers are freely borne on long stems, and can be forced into bloom at a time when flowers are scarce. Six bulbs can be planted in a 6-inch pot. Equally good for forcing or blooming in the open. (Ready in October) 20 cts. per dozen; $1.25 per 100; by mail, 25 cts. per 100 extra.

Helleborus (Christmas Rose).

Most valuable hardy plants on account of yielding with utmost freedom, at a season when flowers are scarce, their beautiful large—two or three inches across—blossoms. They succeed in any ordinary garden soil, but respond to any extra care which may be given them. They prefer a sheltered, semi-shaded situation. (Strong flowering clumps ready in November.) 50 cts. each; $5.00 per doz.

Incarvillea.

Delavayi. A new tuberous-rooted plant with fine fern-like foliage and beautiful trumpet-shaped flowers of a deep rose-carmine color, with yellow throat, borne in clusters on stems 18 inches high. Hardy with slight protection. (Strong flowering sorts ready in October.) 25 cts. each; $2.50 per dozen.

Ixias.

These charming half-hardy bulbs are very ornamental for indoor culture, or planted outdoors in well-drained and protected borders. They are graceful in growth. The flowers are of the most brilliant, rich, and varied hues. (See cut.)

Crateroides. Fiery scarlet, large blooms. 25 cts. per doz.; $1.75 per 100.

Mixed, All colors, 12 cts. per doz.; 75 cts. per 100.

Japanese Iris.

(1. Kanzuvarii.)

These magnificent Iris are among the most beautiful of our summer-flowering plants, and are becoming more popular every season. They commence blooming about the middle of June, and continue for five or six weeks. Many of these flowers measure from 10 to 12 inches in diameter, and rival the Orchids in their rich colorings and markings. The collection of 25 varieties here offered were selected, while in flower, from over 75 of the best Japanese introductions. While the Iris succeeds in almost any soil and conditions, they delight in a rich, deep, moist position, and should be abundantly supplied with manure and water.

(A whole page could be used in an effort to accurately describe these beautiful Iris. Below we merely give the general color effect. All have six large petals unless otherwise specified. Order by name or number.)

27. Fuji-jose. White, marbled with violet blue.
3. Hana-aori. The nearest to a true blue.
4. Iso-no-nami. Silvery-white, delicately veined with violet.
32. Oniga-shima. Royal purple, veined white.
33. O-torge. Light violet blue, veined white.
35. Senjo-no-hara. White, variegated with deep purple.
37. Shi-in-yoto. Light ground, densely veined deep violet; three petals.
38. Shuchikuwa. Crimson purple, veined white; three petals.
39. Taiheiraku. Crimson purple; 8 to 10 petals.
40. Uchlu. Bright purple, with crimson sheen and a few white veins; a close approach to a red.

Price, 25 cts. each; $2.50 per doz.; $15.00 per 100; set of 25 varieties for $4.00.

Extra Choice Mixed Varieties, 15 cts. each; $1.50 per doz.; $10.00 per 100.
IRIS (Flowering Flag—Fleur-de-Lis).

Hardy spring and summer blooming plants, bearing large, rich and various colored flowers. They are of easy culture, and thrive in any good garden soil. The whole family have claims on the attention of amateurs, on account of their excellent faculty of taking care of themselves if properly planted in the first instance. No garden should be without some of the varieties, especially as they are valuable for cutting.

SPANISH IRIS (Iris Hispanica).

These have appropriately been called "the Orchids of the Hardy Flower Garden," some of the choicer Orchids being their only rivals, and even they can hardly be said to exceed them in richness, variety and beauty. They are of the simplest culture, succeeding in almost any soil or position. The bulbs should be planted 2 to 3 inches deep and 6 inches apart, early enough in the autumn to allow them to make some growth before hard frost comes. For best effect, they should be planted in beds or groups of 25 to a hundred or more—Ibs.—the larger the number the finer the effect. They flower about the end of June, and the bulbs may either be lifted or allowed to remain for another season. They are also splendid for pot culture. Put 4 to 6 bulbs in a 5-inch pot, and treat the same way as Hyacinths, except that they should not be brought in for flowering much before March. We offer the following select sorts:

- Belle Chinoise. Golden yellow.
- British Queen. Fine white.
- Emperor. Violet and blue.
- Louise. Pale pearl blue.
- Chrysolora. Clear canary yellow.
- Sapho. Dark bronze brown.

Any of the above 15 cts. per doz.; $1.00 per 100.

MOURNING IRIS (1. Susiana).

In that wonderful combination of form and coloring of the rare sweet flower we call the Iris (eye of heaven) there is none so peculiarly beautiful as Susiana. It stands out in its own right as the grandest of all species. The groundwork of the flower is silvery gray, so mottled and veined and lined with dark chocolate and black as to leave one under the impression that its is only a silver lining showing through. It is hardy with slight protection in winter, blooming early in spring. No description can do it justice. It must be seen to be appreciated. 20 cts. each; $2.00 per doz.

GERMAN IRIS (1. Germanica).

The German Iris is one of the most desirable early spring flowering plants. The flowers are of large size and of exquisite color. No garden is complete without a collection of these beautiful "flags." We offer the following choice sorts:

- California. A fine dark yellow.
- Honorable. A fine yellow, lower petals brown.
- John De Witt. Light blue and dark purple.
- L’Innocence. Pure white, lower petals slightly veined orange.
- Pime. Chereau. Pearly white, daintily edged with lavender blue.
- Pillaca. Light blue and deep violet.
- Queen of Gypsies. Lavender and bronze, feathered rich plum, white and buff.
- Rembrandt. Light violet and dark blue.
- Shakespeare. Yellow and dark purple.
- Velveteen. Light yellow and velvety purple black.
- Virgale. A fine shade of mauve, lower petals purple lilac, with bronze markings.
- Walmeri. Lilac and dark blue.

Price, 15 cts. each; $1.50 per doz.; $10.00 per 100. Set of above 12 varieties for $1.50.

MIXED GERMAN IRIS. 10 cts. each; $1.00 per doz.; $8.00 per 100.

ACORUS.

Golden-yellow flowers; entirely distinct. 15 cts. each; $1.50 per doz.
LACHENALIA.

This beautiful genus of half-hardy bulbs is comparatively rare in this country. The few specimens exhibited at horticultural shows create quite a sensation, owing to their profusion of bloom and their bright, diversified colors, as well as their ornamental foliage. Of easiest growth; can be had in bloom at Christmas, and lasts for a very long time. (See cut.)

**Pendula.** Vigorous species; bright red, tipped with sea-green and purple. 15 cts. each; $1.50 per doz.

**Tricolor.** Very free-flowering; spotted yellow flowers, margined with green and red; early. 15 cts. each; $1.50 per doz.

**Nelsoni.** A beautiful and distinct variety with golden-yellow flowers; one of the best. 15 cts. each; $1.50 per doz.

LEUCOJUM VERNUM (Spring Snowflake).

 Pretty bulbous plants allied to the Snowdrop, but of much stronger and bolder habit, growing in rich soil from 1 to 2 feet high, and producing freely beautiful large white flowers distinctly tipped with green, excellent for cutting. When once planted they take care of themselves, and should have a place in all hardy collections; can also be grown in pots. 3 cts. each; 30 cts. per doz.; $2.00 per 100.

NERINE SARNIENSIS (Guerney Lily).

A beautiful and easily-grown variety of Amaryllis. Bulbs potted from September till November flower freely through the winter months. The lily-like blossoms are a brilliant crimson, and in sunlight appear as if sprinkled with gold-dust; decidedly one of the best winter-flowering bulbs. 20 cts. each; $2.00 per doz.

MUSCARIA.

(Grape and Feathered Hyacinths.)

**Botryoides** (Grape Hyacinth). One of the prettiest of early spring-flowering bulbs, growing about 6 inches high and throwing up numerous spikes of clear blue or white flowers, which resemble a miniature bunch of grapes. They are perfectly hardy, and once planted take care of themselves; in clumps or lines they are very effective. 5 or 6 bulbs in a 4-inch pot make a pretty plant for window decoration, blooming naturally about Easter time. (See cut.)

**Blue Grape Hyacinths.** 12 cts. per doz.; 75 cts. per 100; $6.00 per 1,000.

**White Grape Hyacinths.** 20 cts. per doz.; $1.00 per 100; $8.00 per 1,000.

**Monstrosum (Feathered Hyacinth).** An odd and interesting variety, growing a foot or more high, producing spikes of clear-colored flowers, which are cut up into wavy filaments in such a way as to resemble purple feathers; perfectly hardy and will grow anywhere. 20 cts. per doz.; $1.25 per 100.

LILY OF THE VALLEY.

One of the most charming of spring-flowering plants, bearing slender stems with tiny bells, deliciously fragrant. They are largely used for forcing in winter and spring, and can readily be flowered in the house. The pips or crowns are received each year from Germany during November, and they may be planted any time after their receipt, as long as they can be had in good condition.

The simplest method for indoor culture is to place a bundle of 25 pips in a 7 or 8-inch pot, filling it up with sand, moss or light soil, allowing the points of the pips to be about an inch above the surface. They should then be placed out of doors in a shaded place and subjected to frost, which materially helps in their quick flowering. The pots can be brought indoors as wanted, and if frozen should be thawed out slowly, after which they may be put in a shaded place in a temperature of about 70°, and when the spikes are 3 or 4 inches high they may be brought to where they are to perfect their flowers. The entire operation from the time of bringing them indoors until in flower does not take over a month. By having a number of pots and bringing in at intervals, a continuous display can be had throughout the winter and spring months. Pips we offer below are of the best quality.

**Selected Pips.** For forcing or planting out, but we recommend clumps as most suitable for outdoor planting. 25 cts. per doz.; bundles of 25 for 40 cts; $1.25 per 100; $14.00 per 1,000. If wanted by mail, add 5 cents per dozen for postage.

**Strong Imported Clumps.** For outdoor planting. 25 cts. each; $2.50 per doz.; $18.00 per 100.

Clumps can only be sent by express or freight, purchaser paying charges.

ORNITHOGALUM ARABICUM.

(Arabian Star of Bethlehem.)

A very showy and distinct species, bearing racemes of white flowers with a black centre, having a sweet aromatic odor; grows 1 to 2 feet in height, and succeeds either outdoors or in pots. Excellent for forcing, and largely used by florists for this purpose. Of the easiest cultivation. 4 cts. each; 40 cts. per doz.; $2.50 per 100.

If wanted by mail, add 10 cts. per dozen for postage.
DREER’S PERFECT PÆONIES.

The Herbaceous Pæonies have always held an important place among hardy plants, and with the wonderful improvements made during recent years have established themselves among the leaders for popular favor.

Their requirements are so simple—a good, rich, deep soil and an open, sunny position, if possible—which, however, is not absolutely necessary, as they thrive almost equally well in a partially shaded position, and a liberal supply of water during their growing season, being sufficient to give an abundance and wealth of flowers which rival the finest Roses in coloring, and produce during their flowering season a gorgeous effect not equaled by any other flower.

They are perfectly hardy, requiring no protection whatever even in the most severe climate, are not troubled with insect pests or disease of any kind, and once planted take care of themselves, increasing in size and beauty each year.

The roots may be planted at anytime during the autumn or spring months, but for best results they should be set out in autumn.

SIX CHOICE AND RARE DOUBLE HERBACEOUS PÆONIES.

**Duke of Wellington.** Ivory-white with creamy-white centre; very large.
**Festiva maxima.** The finest and largest white in cultivation, of perfect form and very free, pure white with a few small scarlet flakes in centre. 75 cts. each; ½.00 per doz.

**PRICE.—** Any of the above, except where noted, 50 cts. each; $5.00 per doz. One each of the six choice and rare sorts for $3.00.

**Peonia Tenuifolia.**
Interesting and handsome, not only on account of their rich crimson flowers, which resemble in color the Gen. Jaccuiminot Rose, but the fine, feathery foliage makes them a handsome ornamental plant, even if they never produced a flower. Always scarce and much sought after.

**Double - flowering,** 25 cts. each; $2.50 per doz.
**Single - flowering,** 25 cts. each; $2.00 per doz.

**Floral Treasure.** A superb large, clear pink, of perfect form.
**Golden Harvest.** The nearest approach to a yellow.
**Grandiflora Rubra.** Extra large; finely formed; blood-red.
**Victor Moorish.** An extra fine, large, double silvery pink.

**Paonia Officinalis.**
This type is the real old-fashioned “Peony,” and is especially valuable on account of its early-flowering coming into bloom from ten days to two weeks ahead of the general line of the herbaceous sorts. We offer three distinct colors, all of which are strong growers, with large, full, double, fragrant flowers.

**Rubra.** Brilliant glowing crimson.
**Rosa.** Bright rosé-pink
**Alba.** Blush-white.

**DOUBLE HERBACEOUS PEONY.**

---

**Twenty-five Standard Sorts Double Herbaceous Pæonies.**

| **Agida.** | Rich and glowing dark red. |
| **Argus.** | Light, soft pink. |
| **André Lauries.** | A late flowering deep-red. |
| **Christine.** | Soft pink, shading to lighter centre. |
| **Delaceille.** | Very late-flowering, rich, deep crimson. |
| **Edulis Superba.** | Fine bright rose. |
| **Elegansissima.** | Deep rosy pink with chamois centre. |
| **Festiva alba.** | A fine large pure white. |
| **Formosa.** | Fine light pink. |
| **Humei.** | Bright rosy pink with golden buff centre. |
| **L'Eblouissante.** | Rich dark crimson; a brilliant color. |
| **L'Esperance.** | A fine fragrant rose color. |
| **Marie Lemoine.** | Delicate flesh, passing to white when fully expanded. |

**PRICE.—** Any of the above strong roots, 25 cts. each; $2.50 per doz.; $18.00 per 100. Set of 25 sorts, $4.50.

**JAPANESE SINGLE-FLOWERING PÆONIES.**

No other plant flowering at the same season can vie with the Single Peony for beauty, and an established bed, when in full bloom, with the large, silky flowers measuring from 6 to 7 inches across, and appearing like immense single Roses, is simply gorgeous.

| **Apollo.** | Deep pink, shading lighter toward the edges. |
| **Diana.** | Blush, with creamy white centre. |
| **Exquisite.** | White, with yellow stamens. |
| **Fabiola.** | Delicate blush. |
| **Neptune.** | A fine shell pink. |
| **Opinir.** | Dark carmine. |
| **Miranda.** | Deep rose; a fine full flower. |
| **Mons. Rousseau.** | Soft rose shading to light centre. |
| **Pomponia.** | Large rosy pink, with salmon centre. |
| **Pottsii.** | Deep rosy red; late flowering. |
| **Prolifera Tricolor.** | White guard petals with sulphur yellow centre. |
| **Psyche.** | Outer petals rose, creamy sulphur centre. |
| **Purpurea Superba.** | Rich glowing purple; fine. |
| **Reevesiana.** | Outer petals deep rose, centre blush. |
| **Reine des Flandres.** | Late, dark rosy-pink. |
| **Rosa Superba.** | Fine full rosy-pink, extra choice flower. |
| **Rubra Triumphans.** | Intense rich glowing crimson. |
| **Victoria Tricolor.** | Deep rose guard petals, centre blush with chamois shadings. |
| **Saturn.** | Rosy pink, with yellow stamens. |
| **Souvenir.** | Flesh pink, creamy white centre. |
| **Titian.** | Soft, delicate pink. |
| **Topaz.** | Deep rose, shading lighter at the margin. |
| **Undine.** | Bright pink with darker shading. |
| **Vesta.** | Purplish red. |

50 cts. each. Set of 12 for $5.00.
OXALIS.

These are profuse bloomers, and very attractive in the greenhouse or conservatory during the winter. Plant 3 or 4 bulbs in a pot; the pot should be kept near the glass to prevent the foliage from growing too long.

Grand Duchess. New varieties of great beauty; of dwarf, stately growth, throwing their large, exquisite flowers well above the foliage. Extremely free-flowering, never being out of bloom from November till June. One of the most desirable for window culture. We offer them in three distinct colors, Pink, White and Lavender. Price, either color, 4 cts. each; 40 cts. per doz.; $3.00 per 100.

Bermuda Buttercup. Greatly improved selection from Oxalis Corna, grown in the congenial soil and climate of Bermuda until the bulbs have attained great strength, producing plants and flowers larger and more luxuriant than the common variety. It is one of the finest of winter-flowering plants for pot culture, of strong, luxuriant growth; one bulb is sufficient for a 6-inch pot. The great profusion of bloom produced in uninterrupted abundance for weeks is astonishing. The flowers are of the purest bright buttercup yellow. (See cut.)

Bowl. Brilliant rose.

Double Yellow (Lutea fl. pl.).

Rosea. Rose-colored.

Price of any of the above, except where noted, 3 cts. each; 25 cts. per doz.; $1.50 per 100.

Mixed, containing a large number of varieties. 3 for 5 cts.; 15 cts. per doz.; $1.00 per 100.

SCILLAS (Squills).

Sibirica. This is one of the prettiest of early spring blooming bulbs, of dwarf habit, with sprays of exquisite rich blue flowers. Grown in masses, in conjunction with Crocus, Chionodoxas and Snowdrops, the effect is charming. 25 cts. per doz.; $1.50 per 100; $12.00 per 1,000.

Campanulata. A beautiful spring-flowering bulb; spikes of bell-shaped flowers in blue, white and rose; fine for naturalizing in the woods, etc. Mixed colors. 20 cts. per doz.; $1.25 per 100; $10.00 per 1,000. If by mail, add 15 cts. per 100 for postage.

Peruviana (Cuban Lily). A charming variety for growing in pots, producing magnificent umbels of rich blue and white flowers; unlike the other sorts, this variety is not hardy. 10 cts. each; $1.00 per doz.

SNOWDROPS (Galanthus).

The charming Snowdrop is the first of all flowers to herald the approach of spring. It can frequently be seen in bloom when the ground is white with snow, as it takes every advantage, and hastens to display its graceful snow-white bells before the winter has disappeared. In conjunction with Chionodoxas and Scillas, a matchless effect can be produced. As the bulbs are small, they should be planted liberally in order to obtain immediate results. Banks, grassy slopes, edging, or rock-work will suit all of these bulbs. They should not be disturbed often if a fine display is desired.

Elwes' Giant. An exceedingly large and beautiful single variety; flowers snow-white, with emerald-green tube. 10 cts. per doz.; 75 cts. per 100; $6.00 per 1,000.

Single. Pure white graceful bells; early flowering. 15 cts. per doz.; 75 cts. per 100; $6.00 per 1,000.

Double. Flowers perfectly double, pure white. 25 cts. per doz.; $1.50 per 100; $12.00 per 1,000.

Giant Cassabah. Said to be the largest of all the single Snowdrops. Very showy. The bulbs we offer have been received from Asia Minor, its native habitat. 30 cts. per doz.; $2.00 per 100.

SPARAXIS.

A beautiful class of bulbs, allied to the Iris, and requiring the same treatment, producing spikes of flowers of the most exquisite and brilliant colors. Mixed varieties. 15 cts. per doz.; $1.00 per 100.

RANUNCULUS.

These beautiful dwarf-flowering bulbs delight in a cool, moist atmosphere and will repay extra care in cultivation. The curious, tooth-like bulbs may be kept out of the ground without injury for a long time, and if planted in spring in a cool, shady situation will generally give satisfactory results. They are also desirable for pot culture and for growing in frames in the spring.

Persian Mixed. Rose-shaped flowers; very double.

Turban Mixed. Peony-formed flowers, large and vivid colors.

French Mixed. Rare flowers of gorgeous colors. Price, any of the above, 20 cts. per doz.; $1.00 per 100.

Bermuda Buttercup Oxalis.
Sternberga Lutea.
(Autumn Daffodils.)
Pretty, hardy autumn-flowering bulbs that deserve to be better known. In appearance they resemble a fine yellow Crocus, and a clump of a dozen or more together with a corresponding clump of Autumn Crocus offered on page 19 gives a touch of spring to the garden in autumn. This is supposed by some writers to be the Lily of Scripture, as it grows abundantly in the Holy Land, from whence our stock was procured. 30 cts. per doz.; $2.00 per 100.

Tropaeolum.
Jarrattii. Graceful climbing plant for pot culture, producing richly colored flowers of scarlet, yellow and black in the winter months. 10 cts. each; $1.00 per doz.

Zephyranthes.
(Bezirr Flowers, or Fairy Lilies.)
Beautiful dwarf bulbous plants, somewhat resembling the Crocus in appearance; very effective for planting in the border in May, flowering with great profusion during the summer. They are also most suitable for pot culture. 6 bulbs clustered in a 6-inch pot in the autumn will give a fine display during the winter and spring. (Ready in October.)
Alba. Pure white. | Rosea. Large rose-colored flowers. Price, either of the above, 5 cts. each; 40 cts. per doz.; $5.00 per 100.

Lilies.
To the Lily must be awarded the first place amongst hardy bulbs; their beauty and fragrance are unequalled by any other class of plants. The genus embraces a vast number of species; we, however, confine our list to such as are of easy culture, and give the best results with the least care. They should be planted in any good garden soil, covering the bulb at least three times its own depth, and when hard frost sets in, 4 to 6 inches of leaves or litter should be placed over them; this should be removed in spring, when danger from hard frost is past. They do grandly planted among shrubbery, and in all cases it is well to mulch around the roots. When grown in pots it is advisable to begin with the smallest size pot in which the bulbs can be placed, and to shift into larger pots as the plant progresses. A cool temperature suits them best, and the plants should be liberally watered during the period of growth and flowering.

Lily bulbs will be forwarded as they mature. As a rule, we can furnish Candidum and Harritzi from August on, Crocus and Toumefoillum from September on, the entire balance during October and November.

Auratum (Golden Banded Lily.) Undoubtedly one of the finest. Its large, graceful, fragrant flowers are composed of six petals of a delicate ivory-white color, thickly studded with chocolate crimson spots, and striped through the center a golden yellow; 2 to 5 feet; July–Sept. 10, 15 and 25 cts. each; $1.00, $1.50 and $2.00 per doz.

Auratum Rubro-vittatum. This splendid variety has a band of red running through each petal instead of the gold band as in the type; 3 to 4 feet; August. 50 cts. each; $5.00 per doz.

Batemannii. Bright, apricot-tinted flowers; 3 feet; July. 15 cts. each; $1.50 doz.

Brownii. Large trumpet-shaped flowers, internally pure white; externally rich purple; 4 feet; July–August. 40 cts. each; $4.00 per doz.

Canadense. Bright crimson, with dark spots; 2 to 3 feet; June–July. 10 cts. each; $1.00 per doz.
LILIES—Continued.

**Candidum** (*Annunciation, or Madonna Lily*). This is one of the best known and most popular of garden Lilies. The flowers are pure snow-white and very fragrant, borne on long stems. It is also a valuable variety for forcing; should be planted early in the autumn, so that it may make some growth before frost; 3 to 4 feet; May-June. (See cut.) Large bulbs, 10 cts. each; $1.00 per doz.; $6.50 per 100.

**Croceum** (*Orange Lily*). One of the easiest Lilies to grow, bright orange, borne in an umbel of 5 to 10 erect flowers; 3 to 4 ft.; July. 10 cts. each; $1.00 per doz.

**Elegans** (*Umbellatum*). This class includes some of the most beautiful Lilies: flowers erect, borne in clusters; colors of the richest hues of yellow and red; fine for planting in masses. Mixed varieties; 1 to 2 feet; July. 12 cts. each; $1.25 per doz.

**Elegans Incomparable.** Intense deep red; one of the richest of this easily-grown group; 2 feet; July. 12 cts. each; $1.25 per doz.

**Excelsum.** This remarkable Lily produces from 8 to 12 nodding, rich, apricot-hued blooms; very sweet-scented; 4 to 6 feet; July. 50 cts. each, $5.00 per doz.

**Giganteum.** A splendid species of gigantic growth and very distinct; the stems grow 6 to 10 feet high, and frequently bear 12 to 20 large flowers 5 to 6 inches long; color creamy-white, with a purple throat; blooms in the summer. Immense bulbs; $1.25 each.

**Harrisii** (*Bermuda Easter Lily*). This magnificent Lily is undoubtedly the best for winter forcing, as it comes quickly into bloom. The flowers are trumpet-shaped, pure white, gracefully formed and delightfully fragrant. The bulbs should be potted in early fall in rich soil, and the pots plunged in sand, where they should be allowed to remain until the approach of cold weather. It can be forced into bloom at any desired time, and the freedom with which the flowers are produced is truly remarkable; even the smallest bulbs blooming freely.

First size bulbs, 5 to 7 inches in circumference, 7 cts. each; 75 cts. per doz.; $5.00 per 100.

Extra bulbs, 7 to 9 inches in circumference, 15 cts. each; $1.50 per doz.; $12.00 per 100.

Selected bulbs, 9 to 11 inches in circumference, 25 cts. each; $2.50 per doz.; $20.00 per 100.

Monster bulbs, 11 to 13 inches in circumference, 40 cts. each; $4.00 per doz.

**Humboldtii.** Flowers orange-red, with claret-colored spots; 3 to 5 feet; July; 25 cts. each; $2.50 per doz.

**Kramerii.** Large flowers, of a soft, beautiful rose color; 2 to 2½ feet; June-August. 15 cts. each; $1.50 per doz.

**Pardalinum.** Scarlet, shading to rich yellow, spotted with purple-brown; 3 feet; July-August. 15 cts. each; $1.50 per doz.

**Pomponium rubrum.** A fine free-growing species, flowers bright red; 2 to 3 feet; June-July. 15 cts. each; $1.50 per doz.

**Superbum.** A beautiful native variety; bright reddish orange, spotted; 3 to 6 feet; August. 10 cts. each; $1.00 per doz.

**Speciosum** (*Lancifolium*). The varieties of *Lilium Speciosum* comprise the most important group of any one species. They are of easy growth, and can always be relied upon to give satisfaction. The flowers are very beautiful, showy and distinct, and exquisitely fragrant. Magnificent as border plants, also excellent for pot culture; 3 feet; midsummer.

- **Album.** Large white flower of great substance, with a greenish band running through the centre of each petal. Fine bulbs, 12 cts. each; $1.25 per doz. Extra large bulbs, 20 cts. each; $2.00 per doz.
- **Rubrum, or Roseum.** White, heavily spotted with rich crimson spots. Fine bulbs, 12 cts. each; $1.25 per doz. Extra large bulbs, 20 cts. each; $2.00 per doz.
- **Telpomene.** Very large flowers, rich blood-crimson, heavily spotted. 15 cts. each; $1.50 per doz.
- **Tenuifolium** (*Coral Lily*). Bears in profusion medium-sized flowers of perfect form and of a dazzling orange-scarlet; 1 to 2 feet; May. 20 cts. each; $2.00 per doz.
- **Tigrinum** (*Tiger Lily*). Orange, spotted black; 2 to 5 feet; summer. 10 cts. each; $1.00 per doz.

**Washingtonianum Purpureum.** A grand variety from the Pacific slope; large, fragrant flowers, opening white, turning to purple as they fade; 8 to 10 feet; summer. 25 cts. each; $2.50 per doz.
Select List of Decorative and Winter-flowering Plants.

**ABUTILONS** (Chinese Bell Flower).
Most desirable free-flowering plants for the conservatory or window garden. We can supply in six distinct colors, viz.: White, yellow, orange, pink, red and carmine. 10 cts. each; $1.00 per doz.

**ACACIA.**
Armata. A most desirable house plant, succeeding under the same conditions as an Azalea or Camellia; the bright canary-yellow globular flowers are produced in March and April; very effective; fine specimen plants. 50 cts. and $1.00 each.

**ALLAMANDA.**
Williamsii. This handsome variety is entirely distinct from all others, being quite dwarf and forming a compact bush with trusses of bloom at every point. It continues flowering the whole summer, and, with proper management, in the winter also. The flowers are from 3 to 4 inches in diameter, of a very rich, yet delicate, tint of yellow, and are deliciously scented. Good strong plants, 25 cts. each; $2.50 per doz.

**ARALIA.**
Elegantissima. A most graceful species, with finely divided metallic green foliage; a useful decorative and exhibition plant, 4-inch pots. 15 inches high, $1.00 each; 6-inch pots, 20 inches high, $1.50 each.

**ARDISIA.**
Crenulata. A very ornamental greenhouse plant, with dark evergreen foliage, producing clusters of brilliant red berries; a first-class house plant in winter. 25 and 50 cts. each.

**ANTHURIUMS.** (Flamingo Flower.)
Pretty greenhouse plants that do not receive the attention they deserve, but which we are certain will, when their many good qualities are better known, become popular, not only as decorative plants, but as cut flowers, for which many of the varieties, on account of their peculiar-shaped flowers and rich colorings, which frequently last on the plant from two to three months, especially adapt them.

**Andreaenam Hybrids.** A fine collection of seedlings, from which we can select the following colors, all in large-sized flowers, salmon, red and rose. $1.00 and $1.50 each.

**Scherzerianum.** Brilliant scarlet flowers. 50 cts. to $1.00 each.
— Majus. A large, bright, scarlet-flowered form. $1.00 each.
— Album. White-flowered form of the above. $2.50 each.
— Purpuratum. Large, deep purple-crimson. $1.50 each.
— Rothschildianum. Creamy-white, spotted with crimson. $2.00 each.
— Salmonianum. Salmon-red. $1.00 each.
— Sanguineum. Rich crimson. $1.00 each.

**Crystallinum.** A handsome ornamental-leaved variety, with rich velvety-green foliage, the principal veins elegantly banded with pure crystal white.

The young leaves when first unfolded are of a bright violet-bronze. 75 cts. each.

**ARASCA.**
Excelsa (Norfolk Island Pine). The most popular of all the tender evergreens; is becoming a greater favorite every season. As a decorative plant for the house this is one of the handsomest and most serviceable. (See cut.)

**Excelsa Glauca.** This is identical with the above, except in the color of the foliage, which is of a beautiful bluish or glaucous color. 5-inch pots, 8 inches high, $1.00; 6-inch pots, 15 inches high, $2.00 each.

**Robusta Compacta.** This differs from *A. Excelsa* in its more robust, but at the same time more compact growth, producing even a more symmetrical plant; the color is a rich deep green. Strong plants, in 5-inch pots, 10 inches high, $1.50 each; 6-inch pots, 15 inches high, $2.00 each.

(28)
ASPARAGUS.

Sprengeri. Especially useful to grow as a pot plant for decorative purposes or for planting in suspended baskets; the fronds are frequently 4 feet long, of a rich shade of green, and most useful for cutting, retaining their freshness after being cut for weeks. 15 cts. each; $1.50 per doz.; extra strong plants, 25 cts. each; $2.50 per dozen; specimen plants, 50 cts. to $1.00 each.

Plumosus Nanus. This graceful climbing Asparagus has foliage finer than that of the most delicate fern, and will last for weeks after being cut; an excellent house plant. 15 cts. and 25 cts. each; $1.50 and $2.50 per dozen.

ASPIDISTRA.

Lurida. A very useful and durable decorative plant of strong growth; will succeed in any position; an excellent hall or corridor plant. 50 cts., 75 cts. and $1.00 each.

Lurida Variegata. A pretty variegated form of the above, the foliage being striped with white. 75 cts. and $1.00 each.

AUCUBA.

Japonica. An excellent decorative plant, especially adapted for use in halls or vestibules; it is of dense, shrubby growth, with dark green laurel-like foliage, which is spotted with bright yellow. Strong bushy plants, 18 inches high, 75 cts. each; 2 feet high, $1.50 each.

CHINESE AZALEAS.

These beautiful plants are deservedly becoming more popular every season for window and conservatory decorations. The ease with which they can be grown, their diversity in color and freedom of flowering, will always keep them in public favor.

The plants we offer are all beautifully trained specimens, and even when not in flower are fine decorative plants. Our collection comprises the cream of the best European establishments; all the sizes offered will flower freely in proper season.

First size, 30 to 45 inches in circumference, $1.50 each; $15.00 per dozen.

Second size, 36 inches in circumference, $1.00 each; $10.00 per dozen.

Third size, 30 inches in circumference, 75 cts. each; $7.50 per dozen.

Good bushy young plants, 50 cts. each; $5.00 per dozen.

An extra fine lot of specimen plants, 5 to 8 feet in circumference, $1.00 each; $45.00 per dozen.

THE LORRAINE BEGONIAS.

These are perfect gems, and undoubtedly the finest winter-flowering plants we now possess. They grow from 12 to 15 inches high, and naturally form graceful, bushy specimens, which from October until April are completely smothered with their soft, delicately colored flowers.

Gloire de Lorraine. Soft rosy-pink, of fine form.

Light Pink Lorraine. Of a lighter shade of pink.

BEGONIA REX.

(Ornamental Leaved.)

Many improvements have been made in recent years in this useful house plant. Our collection, which contains some twenty varieties, embraces all the good old varieties, as well as the best of recent introduction. 15 cts. each; $1.50 per dozen.

New Flowering Begonia, "Coral."

In Begonia "Coral" we have a real acquisition. It is a shrubby variety that flowers the whole year round. In habit of growth and foliage it closely resembles the old Begonia Fuchsioides, which is now rarely seen, but its flowers are of much larger size and of a beautiful coral-red color. 25 cts. each; $2.50 per dozen.

Alba Picta. A pretty species, of compact growth; the leaves are glossy green, freely spotted with bright, silvery white.

Argentea Guttata. Foliage of rich green, spotted with silver.

Haageana. One of the finest Begonias yet introduced. The flowers, which are of the largest size, are of a creamy-white, with just sufficient pink to give them a bright, cheerful glow; the foliage is a bronzy-green above and red below.

Metallica. A fine erect-growing variety, with dark, rough leaves; the surface is a lustrous bronze-green; veins depressed and dark red.

Rubra. Dark green leaves, flowers glossy scarlet rose.

Saundersoni. Scarlet flowers, in bloom continually.

15 cts. each; $1.50 per dozen; set of 6 sorts, 75 cts.

Extensively used in cool halls, corridors, or similar places where smaller plants than Bay Trees are required. (Ready December 1st.)

**BOUGAINVILLEA GLABRA SANDERIANA.**

This beautiful free-flowering variety has become very popular, especially as a plant for Easter decorations. It is of strong, rapid growth, and the brilliant rose-crimson blossoms are produced from early in March until midsummer; in fact, a plant will frequently flower the greater part of the year. Altogether a most desirable subject for the conservatory or window. 25 cts. each.

**BROWALLIA.**

Speciosa Major. A most desirable plant that flowers the year round, producing innumerable deep ultramarine-blue flowers. One of the best plants for the window garden. (See cut.) 15 cts. each; $1.50 per doz.

**Dreer's Prize Cinerarias.**

Our strain of Cineraria cannot be surpassed either for size of flowers or beauty of color. Many of the blooms measure 3 inches in diameter. We have received very flattering reports from florists and private gardeners of their success with our Cinerarias. Fine young plants, ready in October, 10 cts. each; $1.00 per doz.

**CAREX.**

Japonica Variegata. An ornamental Japanese grass which is extremely useful as a house plant, of easy growth, standing the dry atmosphere of heated rooms with impunity, and at the same time hardy if planted out in the garden in summer. 15 cts. each; $1.50 per doz.

**Clerodendron.**

Balfouri. A beautiful greenhouse climber, and admirably suited for house culture; flowering most profusely with bright scarlet flowers, enveloped in a creamy white calyx. 15 cts. each; $1.50 per doz.

**CAMELLIA JAPONICA.**

A choice assortment of 12 varieties. Fine, bushy plants, 15 inches high, 75 cts. each; $7.50 per doz. Stronger plants, 18 to 20 inches high, bushy, $1.00 each; $10.00 per doz.

**SELECT CARNATIONS.**

The following embrace the choicest varieties introduced:

**Armazindy.** Pure white, lightly penciled with scarlet.

**Ethel Crocker.** A fine deep pink.

**Flora Hill.** Fine large pure white.

**Gen. Placeo.** Intense scarlet maroon.

**Gold Nugget.** Yellow, striped red.

**Melba.** Pure clear rose-pink; sweet and pretty.

**G. H. Crane.** Fine rich scarlet.

**Mrs. Francis Joost.** A charming shade of pink.

**Mrs. Geo. H. Bradt.** White ground, striped with bright red.

**Mrs. Thos. W. Lawson.** The famous deep pink.

**Queen Louise.** Very free-flowering, pure white.

**Wm. Scott.** A soft but bright pink; very free.

Strong plants, prepared for winter flowering, 25 cts. each; $2.50 per doz.; $15.00 per 100.
CURMERIA WALLISII.
A beautiful ornamental stove plant, with foliage of a rich deep green, irregularly blotched with pale yellowish green. 50c. each.

DRACÆNAS.
Fragrans. Beautiful deep green leaves, lighter in the growth. Though having no variegations or markings in the foliage, this is one of the most admired. 30 cts., 50 cts. and $1.00 each.

Godseffiana. Of an entirely different habit and appearance from all other Dracaenas; of free-branching habit, forming compact, graceful specimens in a short time. Its foliage is of strong leathery texture; rich dark green in color, densely marked with irregular dots and spots of creamy white. Very hardy as a house plant. Nice plants, in 3-inch pots, 25 cts. each; $2.50 per doz. Fine plants, in 4-inch pots, 50 cts. each; $5.00 per doz.

Goldea. Deep green foliage with transverse, irregular blotches and stripes of a creamy-white. This is one of the finest foliage plants in cultivation, and should be in every collection. A limited lot of strong, thrifty plants in 4-inch pots, 10 to 12 inches high, $1.50 each.

Lindeni. A beautiful variegated form of Fragrans, with broad green foliage and golden yellow stripes on the edges of the leaves, 50 cts. to $1.00 each.

Lassangiana. Another variegated form of Fragrans, with the variegation through the centre of the leaf, instead of on the edges. 50 cts. to $1.00 each.

Sandera. A graceful variety, with small, glaucous-green foliage, which is edged with a broad border of creamy-white, 25 cts. each.

Terminalis. Rich crimson foliage, marked with pink and white. 50 cts., 50 cts. and $1.00 each.

EUCARIS.
Amazonica. A splendid hot-house plant, blooming nearly the entire season. It sends up stalks bearing several pure white, star-shaped flowers, 4 inches across, delightfully fragrant. It is very highly prized as a cut flower. 25 cts. each; $2.50 per doz.

EURYA.
Latifolia variegata. An evergreen shrub with rich dark-green foliage, which is beautifully variegated with creamy-white; an excellent plant for house decoration. Large, showy plants, 75 cts. each.

CROTONS.
Of this beautiful class of ornamental foliage plants we offer twelve of the finest varieties, 30 cts. to 50 cts. each; $3.00 to $5.00 per doz.

CYCAS REVOLUTA (Sago Palm).
Valuable decorative plants both for lawn and house decoration; their heavy, glossy, deep green fronds resist alike the gas, dust, and cold to which decorative plants are frequently exposed. We grow an immense stock of them, and have an exceptionally fine lot in popular sizes for house decoration.

Height of Stem. Number of Leaves. Length of Leaves.
4 to 6 in. 7 to 8 15 to 18 in. $1.00 each.
6 to 8 in. 10 to 12 18 to 20 in. 2 00
8 to 10 in. 12 to 15 18 to 20 in. 3 00

Specimen plants, sizes of which will be given on application, $7.50 and $10.00 each.

CYPERUS (Umbrella Plant).
Alternifolius. 15 cts. and 25 cts. each.
— Gracilis. 15 cts. each.

DIEFFENBACHIAS.
Handsome decorative plants, with bold ornamental foliage, useful for the warm conservatory.

Baraquiniana. Leaves bright, light green, irregularly spotted with white, midrib and stems shining clear ivory-white. 50 cts. to $1.00 each.

Bausel. Leaves yellowish-green, margined and irregularly blotched dark green and profusely spotted with white. 50 cts. to $1.00 each.

Bowmanni. Rich deep green leaves, irregularly blotched with light pea-green. 50 cts. to $1.00 each.

Magnifica. Shining sombre green leaves, thickly variegated with blotches and spots of white, stem and petioles also variegated. 75 cts. and $1.00 each.

Memorae Corsi. Beautiful leaves of a silvery white, with thread-like lateral veins of green. $1.00 each.

Picta. Light green with numerous white spots. 50 cts. each.

Splendens. Rich deep bottle-green, freely marked with whitish striated blotches. 50 cts. to $1.00 each.

Set of 7 sorts for $5.00.
Fine Ferns

Adiantum Bensoniana.

A most beautiful Maiden-hair, with large fronds and deep green pinnae, which, while closely overlapping, is not so dense as to make the frond appear crowded. It makes a very handsome specimen plant. 25 cts. and 50 cts. each.

Adiantum Farleyense.

This is the largest-leaved Maiden-hair, which is considered the choicest of the entire family. 25 cts., 50 cts. and $1.00 each, according to size.

Cyrtomium Falcatum.
(The Holly Fern.)

Rich, glossy, dark-green foliage, which is impervious to dust, making it one of the very best varieties in our collection for house culture. 15 cts. each; larger plants, 25 cts. each.

Gymnogramma Chrysoptylia Superba.

This is without doubt the finest "gold-fern" yet introduced; not only are the fronds liberally covered with golden-yellow dust, but the ends of the fronds are deeply and beautifully crested, thus making a fine specimen. Strong plants, 25 cts. each.

Lygodium Scandens.
(The Japanese Climbing Fern.)

Where a delicate, airy vine is wanted, either in the greenhouse, conservatory or window garden, nothing can equal the gracefulness of this climbing Fern, which is among the easiest varieties to manage. Strong plants, 15 cts. each.

Microlepia Hirta Cristata.

No description could give a fair idea of the beauty of this Fern, which is not only one of the quickest growing varieties in our collection, but also one of the most attractive and desirable for the amateur. 15 cts. and 25 cts. each.

The New Boston Sword Fern.
(Nephrolepis Piersoni.)

This most important addition to our list of Ferns in many years is supposed to be a "sport" from that most popular of all decorative plants, the Boston Fern. The plant possesses the same characteristic vigor of growth, with long fronds, but with each pinna or leaflet sub-divided, so as to form a perfect miniature frond. This is shown rather imperfectly in the illustration, though it conveys a faint idea of the grace and beauty of the featherly, plume-like fronds, which can only be compared to a magnificent ostrich plume. Owing to this fulness of the fronds, even small plants are well furnished, making much more symmetrical and beautiful plants than the Boston Fern, and when fully developed with fronds six inches across, the weight of which makes them arch gracefully, the effect is truly superb. The plant has been awarded several gold and silver medals.

Strong plants in 3-inch pots 50 75 each

" " 8 " " 5 00 "

Collections of Ferns.

The limited space of this catalogue enables us to offer but a few special varieties; for a complete list of the largest collection offered in this country see pages 132 and 133 of our Garden Calendar for 1903. We produce over one and a quarter millions of Ferns annually.

Alsophilla Australis.
A most desirable Australian Tree-fern, which, if liberally supplied with water, forms a beautiful specimen in a remarkably short time. Strong plants, 25 cts. each.

Asplenium Nidus Avis.
(Bird's Nest Fern.)

This beautiful Fern is always scarce, and it is only occasionally that we are in a position to offer it. It is a most useful species for the conservatory and makes a fine exhibition plant. 50 cts. each.

The Boston Fern.
(Nephrolepis Bostoniensis.)

This is not only the most popular Fern, but also the most popular decorative plant in cultivation at the present time. A plant that will thrive under the most adverse conditions.

$1.00 each

Alcicorne. 50 cts. to $1.00 each.
Hillii. $1.00 each.
Majus. $1.50 each.
Grande. $2.00 each.

Twenty-five Popular Ferns.

The following varieties are sorts that are specially suited for use in Fern-dishes for table decoration.

Adiantum cuneatum.
— grandiceps.
— Pubescens.
Aspidium Tsussimense.
Blechnum Braziliensis.
Cyrtomium Falcatum.
Davallia stricta.
Lastrea aristata Variegata.
— Chrysoloba.
Lomaria Gibba.
Lygodium scandens.
Nephrodium Hertipes.
Onychium Japonicum.

Polypodium aureum.
— Pteris Cretica alba lineata.
— Fraxinellifolia.
— magnifica,
Polystichum coreaceum.
— Serrulata cristata.
Pteris Adiantoides.
— Sieboldii.
— Argyrea.
— Tremula.
— Ouovardi.
— Wimsettii.

Any of the above 25 varieties, in 2½-inch pots, 10 cts. each;
$1.00 per doz.; $5.00 per 100.
3-inch pots, 15 cts. each; $1.50 per doz.; 10.00 per 100.

Polypodium aureum.
Pteris Cretica alba lineata.
— Fraxinellifolia.
— magnifica.
Polystichum coreaceum.
— Serrulata cristata.
Pteris Adiantoides.
— Sieboldii.
— Argyrea.
— Tremula.
— Ouovardi.
— Wimsettii.

Any of the above 25 varieties, in 2½-inch pots, 10 cts. each;
$1.00 per doz.; $5.00 per 100.
3-inch pots, 15 cts. each; $1.50 per doz.; 10.00 per 100.
GENISTA.

Fragrans. A most desirable spring-flowering plant, producing its fragrant, bright golden-yellow flowers in the greatest profusion. As a winter plant of the easiest culture it is unsurpassed. Especially desirable for Easter decoration. First size, 50 cts. each; $5.00 per doz.; second size, 30 cts. each; $3.00 per doz.

HELIOTROPES.

Six finest varieties, embracing all the best shades. 15 cts. each; $1.50 per doz.

IXORAS.

These are among the showiest of our stove-flowering plants. The foliage is pretty and attractive, while the flowers, borne in large terminal corymb, shaped somewhat like a Bouvardia, are of most brilliant colors.

Chelsioni. Bright orange salmon, shaded pink.

Javanica. Orange.

Dixiana. Deep orange.

Coccinea. Bright Red.

Elastica. The well-known India Rubber Tree, one of the very best plants for table or parlor decoration. 4-inch pots, 10 inches high, 50 cts. each; 6-inch pots, 15 inches high, 75 cts. each; 8-inch pots, 24 inches high, $1.00 each.

Radicans Variegata. A pretty, variegated trailing variety; an admirable plant for the warm conservatory or greenhouse; the leaves are bright green, freely and irregularly margined white, the variegations sometimes extending to nearly the entire leaf. 50 cts. each.

GARDENIA FLORIDA.

(Cape Jessamine.)

Beautiful greenhouse evergreen shrubs, with delightfully fragrant, pure white, waxy flowers, blooming from May to July, 3-inch pots, 25 cts. each; $2.50 per doz.; 4-inch pots, 50 cts. each; $5.00 per doz.; 5-inch pots, 75 cts. each; $7.50 per doz.; 6-inch pots, $1.00 each; $10.00 per doz.

Geraniums for Winter-flowering.

While undoubtedly the most popular of bedding plants, Geraniums deserve to be used more extensively for window and conservatory decoration, no other plants excelling or even approaching them for brilliancy and richness of color. We have aimed to make the selection below combine in the highest degree perfection of form and size of the individual florets, size of truss, purity of color, habit of plant and general excellence, and especially recommend them for the embellishment of the conservatory and window garden.

SIX BEST DOUBLES.

Alphonse Ricard. Bright vermilion scarlet.

Eulalie. Beautiful bright crimson.

Jean Viald. Bright rose-pink with white blotch.

Mme. L. Abbema. Exquisite shade of pink, shading to white.

Mme. Landry. Clear salmon, shading to copper on the edges; white eye.

15 cts. each; set of six sorts for 75 cts.

SIX BEST SINGLES.

Alice of Vincennes. Ground color rosy-pink bordered and veined scarlet.

Comtesse de Chantemerle. Exquisite fresh aurora salmon, shading paler to the edges; immense size.

General L. Wood. Bright crimson rose, with large white blotch.

Mrs. E. G. Hill. Fine large salmon.

Richmond Beauty. Brilliant crimson scarlet with large white feather in upper petals.

15 cts. each; set of six sorts for 75 cts.
MARANTA.
Valuable decorative stove plants, remarkable for the richness and beauty of their foliage.

Amabilis, 50 cts. each.
Goveiana, 50 cts. each.
Kerchoviana. Usually sold as Massangeana. 25 cts. each.
Thakoyana. 50 cts. each.

Massangeana (true), 50 cts. each.
Rosea Lineata, $1.00 each.
Van den Heeckel, 50 cts. each.
Vittata. 75 cts. each.

METROSIDEROS.

Floribunda (Bottle Brush). A greenhouse shrub, producing long cylindrical spikes of bright red flowers. $1.00 each.

OLEA FRAGRANS (Sweet Olive).

An old favorite greenhouse shrub, succeeding admirably as a house plant, producing small white flowers, which are of the most exquisite fragrance, continuing to bloom almost the entire winter. 50 cts. each.

OTAHITE ORANGE.
The best of the Oranges for house culture. It is of dwarf, bushy habit, and bears a profusion of fragrant flowers and edible fruit. Plants that will fruit the coming season, 25 cts. each.

DREER’S GOLDEN PANDANUS.
(Pandanus Sanderi)

This important new decorative plant is faithfully shown in colors and fully described on the insert which accompanies this catalogue. The stock will be ready for distribution about October 15th.

NOT collection of plants is complete without Palms. Their bold, majestic, yet graceful foliage lends a grandeur and magnificence that cannot be obtained by any other class of plants, and no decoration, whether in the conservatory, hall or sitting-room, is complete without them. Nearly all the varieties offered are of the easiest culture, succeeding under the most ordinary conditions. Our facilities for producing this class of stock are the most complete in this country. 35 of our largest houses—over three acres of greenhouse structure—being devoted to them alone, enabling us to supply all the leading and popular sorts at the most reasonable prices.

(Palms)

Areca Lutescens. One of the most graceful and beautiful Palms in cultivation; the foliage is of a bright glossy-green, with rich golden-yellow stems.

3-inch pots, 4 to 5 leaves, 12 to 15 inches high... $0.25 each.

CALAMUS INTERMEDIUS.
A tropical species, delighting in a high, moist atmosphere, finely feathered dark green foliage. Stems clothed with long, dark spines. 4-inch pots, 15 inches high, $1.00 each.

CHAMÆROPS HUMILIS.
A dwarf-growing Fan Palm with finely divided glaucous green foliage; a fine decorative sort, especially for use in the open air in summer. 7-inch pots, 24 inches high, $2.00 each.

PANDANUS (Screw Pine).

Utilis. This is one of the most useful of our ornamental foliage plants, excellent for the centre of vases and baskets.

PanDANUS VITCHELI.

Vittata. 75 cts. each.

OCOS DATAIL.

Similar in general habit to Cocos Flexuosus, but with longer, drooping pinnae. 9-inch tubs, 8 feet high, $15.00 each.

COCOS FLEXUOSUS.

A tall, slender-growing plant with finely divided pinnae, especially valuable for those sections of the country as Louisiana and California, where it may be grown planted out in the open air.

We offer a limited number of 9-inch pots, 8 to 9 feet high, with 3 to 4 leaves, at $10.00 each.

COCOS WEDDELIANA.

The most elegant and graceful of all the smaller Palms. Its slender, erect stem is freely furnished with its gracefully arching leaves, of a rich green color. Admirable for fern-dishes, as they are of slow growth and maintain their beauty for a long time. 3-in-pots, 12 inches high, 25 cts. each; specimen plants, 6-inch pots, 24 inches high, $2.50 each; 7-inch pots, 50 inches high, $3.50 each.
Dreer's Golden Pandanus
(Pandanus Sangoeri)

Introduced by
Henry A. Dreer,
Philadelphia.
1903

Among the many honors which have been awarded this plant may be mentioned:

Gold Medal. Great Quinquennial Show, Ghent, 1903.

Gold Medal. All-American Show, Kansas City, 1902.

Two Silver Medals. Pennsylvania Horticultural Society, 1902.

Silver Medal. Chrysanthemum Show, New York, 1902.

Silver Cup. American Rose Society, New York, 1901.

First-class Certificate by the Royal Horticultural Society of Great Britain, the highest distinction that can be given and one that is rarely awarded.

Also highest awards at

Great Quinquennial Show, Ghent, 1898.

Great Horticultural Show, St. Petersburg, 1899.

Great Horticultural Show, Hamburg, 1897.

N

Ever have we taken such pleasure in offering a new plant as we do in presenting this Golden Pandanus, without doubt the most important addition in many years to the comparatively small list of really first-class decorative plants, and one that must become valuable not only in all decorations, but as a plant for the conservatory, the window garden—in fact, for any position where a decorative plant is required, it giving a richness, life and glow of color which cannot be secured with any other subject, and its introduction has been looked forward to not alone in this country, but in Europe, the plant being well known on both sides of the Atlantic, it having been exhibited at many of the principal horticultural exhibitions in Europe and America during the past six years, and at all of which it was awarded the highest honors and was enthusiastically described by the horticultural press.

The colored plate on the reverse side gives a fair idea of its general appearance. In habit of growth it closely resembles P. Veitchi, excepting that its leaves are longer and more recurved, which gives the plant a more graceful appearance; but the main distinctive feature is its coloring, which, instead of being white, as in P. Veitchi, is a rich golden yellow, while the heart of the plant presents a bronze-orange coloring, which is brightest in the centre, gradually diminishing toward the tips of the leaves. The longitudinal striping of the foliage shows much the same character as P. Veitchi, being generally in alternate broader and narrower stripes of gold and green, while in some leaves one half is green and the other half gold. A strong feature in favor of the new variety is that the variegations in the foliage become stronger and more pronounced as they grow older, while in P. Veitchi the older leaves usually lose the variegations entirely.

The plant was discovered by a collector in one of the South Pacific Islands, where he had been sent by Messrs. Sander & Co., of England, for the purpose of collecting rare Orchids and other tropical plants, and who, with considerable difficulty, succeeded in sending the plant to England, where it was carefully nursed and propagated until the spring of 1901, when we succeeded in buying the entire stock, which then consisted of nearly one thousand plants, at a price far in excess of any ever before paid for a decorative plant of any kind. We have been very successful in propagating it, which enables us to offer it for delivery the coming autumn at prices which are remarkably low for such a grand novelty.

Prices:

Good, strong young plants, in 2-inch pots, 1.00 each.

Good, strong young plants, 15 inches high, in 4-inch pots, 1.50 "

Beautiful specimens, 20 to 24 inches high, in 6-inch pots, 3.00 "

KENTIAS.

Kentia Belmoreana and Forsteriana are the hardeist Palms in cultivation, and give better satisfaction as house plants than any other varieties. They are of slow growth, and are not affected by the dust and dry atmosphere of the house, and were we to select one Palm only, it certainly would be one of these. The two varieties are of similar appearance, the former being dwarfer and more spreading, and the latter of stronger growth, with broader, heavier foliage. We also offer several of the rarer varieties of this beautiful genus.

**KENTIA BELMOREANA.**

**KENTIA KIRSTENIANA.**

Entirely distinct from all other Palms, and most remarkable and unique. The pinnae is formed very similar to the dorsal fin of a shark, each leaf being veined and crimped in such a manner as to heighten the resemblance; very rare. Young plants in 3-inch pots, 21 inches high, $8.50 each.

**PHENIX CANARIENSIS.**

One of the hardiest of the Date Palms, with dark green feathery foliage, of strong growth, 11-inch tubs, 3½ to 4 ft. high, $7.50 each. 11 "4 to 4½" 10.00 "

**PHENIX RECLINATA.**

A strong growing form of the Date Palm, with dark green, glossy foliage, 4-inch pots, 10 to 12 inches high, 35 cts. each; 5-inch pots, 15 inches high, 75 cts. each.

**PHENIX RUPICOLA.**

This is one of the most graceful among the smaller Palms, with wide-spread, arching, plumate leaves, broadly lance-shaped in outline, with long, narrow pinnae. Good strong young plants, in 4-inch pots, 90 cts. each. Strong, 6-inch pots, 21 inches high, $2.00 each.

**Ptychosperma Alexandria.**

One of the most rapid growing varieties. Foliage light green on the upper side, with a silvery reflex; very graceful. 3-inch pots, 10 to 12 inches high, 25 cts. each; 5-inch pots, 18 inches high, 50 cts. each.

**RHAPIS FLABELLIFORMIS.**

7-inch pots, 36 inches high, with one or two small side shoots; $30.00 each. 12-inch tubs, fine bushy specimens, about 4 ft. high; $18.00 each.

**STEVensonIA GRANDIFOLIA.**

We offer a limited stock of this rare and beautiful Stove Palm in thrifty young plants in 3 inch pots, 50 cts. each.

**THRINAX PARVIFlORA.**

A dwarf variety, with small, graceful, deep green palmate foliage. 3-inch pots, 8 inches high, 25 cts. each.
PENTAS.
Lanceolata. A half-shrubby greenhouse plant, not unlike a Bouvardia, but flowering more profusely. It is valuable chiefly as a winter-flowering pot plant, being in flower all the time. The pure white flowers are produced in flat heads of 15 to 30 flowers each, and last in perfection a long time. 25 cts. each; $2.50 per dozen.

PEPEROMIA.
Maculosa. A pretty dwarf-growing ornamental foliage plant, exceedingly useful as a pot plant for the window or for planting in baskets or vases; it has thick, fleshy foliage of a bright green color, veined silvery white. 15 cts. each.
Metallica. A pretty addition to this class of plants; foliage of a metallic bronze color. 15 cts. each.

PLUMBAGO.
Capensis. Color light blue. — Alba. Color creamy-white. 15 cts. each; $1.50 per dozen.

Chinese Fringed Primroses.
Our collection of these well-known winter-blooming plants has been grown from our unrivaled strain of seed, and embraces all the leading shades of color. Strong plants, 15 cts. each; $1.50 per dozen.

SANSEVIERA
ZEYLANICA.
An elegant variegated plant, especially adapted for house decoration, the thick, leathery leaves standing the heat and dust of the house with impunity. 15 cts. each; $1.50 per dozen.

SCHISMATOGLOTTIS
PICTA.
A handsome plant for the warm conservatory, somewhat on the style of growth of the Dieffenbachia, but more vigorous; foliage deep green, with greyish white markings. 50 cts. each.

SMILAX.
A climbing plant unsurpassed in the graceful beauty of its foliage. Its peculiar wavy formation renders it one of the most valuable plants for bouquets, wreaths, festoons, etc. 10 cts. each; $1.00 per dozen; $5.00 per 10.

STEPHANOTIS FLORIBUNDA.
One of the most charming hot-house climbers, producing clusters of pure white, deliciously fragrant flowers. Strong plants, in 4-inch pots, 30 cts. each; extra heavy plants, in 6-inch pots, $1.00 each.

STIGMAPHYLON CHIATUM.
(Brazilian Golden or Orchid Vine.)
One of the prettiest tender climbing plants in cultivation, with large yellow butterfly-like flowers resembling that showy orchid Oncidium variecomum. The flowers are produced very freely during the entire summer months. It is especially adapted for training over the pillars or on the wall of a conservatory, but will do equally well in the open air. 75 cts. each.

SWAINSONA.
Alba. A most desirable ever blooming plant, with pure white flowers, produced in sprays, the individual blooms resembling a Sweet Pea. Its easy culture, freedom of bloom, and the grace and beauty of the flower and plant make it popular. Rosea. A pink-flowered variety; very pretty. 15 cts. each; 2 for 25 cts.; $1.50 per doz.

DOUBLE VIOLETS.
The Double Violets require the protection of a cold frame in the winter.
Lady Hume Campbell. A fine dark blue.
Marie Louise. Deep blue; very fragrant.
Swanley White. Pure white.

MAMMOTH-FLOWERING SINGLE VIOLETS.
The large-flowering Single Violets have been brought to a high point of perfection in the varieties offered below, and has placed them in equal favor with the double sorts, and as their culture is much simpler, we strongly recommend the amateurs to confine themselves entirely to this class, unless the facilities are at hand to give the double varieties the special treatment they require.
Admiral Avellan. Bright redish flowers; of large size; very fragrant.
La France. Rich violet-blue; a strong grower and very free-flowering; deliciously scented.
Luxanne. Rich but soft violet-purple, with stout stems; very sweet.

Price. Any of the above Double or Single Violets, 15 cts. each; $1.50 per dozen; $10.00 per 100.

VRIESIA.
Splendens. A beautiful Bromiliad with light green foliage, transversely marked with brownish-black bars. It throws up a tall spike of brilliant scarlet bracts, from which the yellow flowers are produced. The rich coloring of the bracts continues for a long time. An excellent house plant in every way, as it does not suffer from a dry atmosphere. 50 cts. each.
OLD-FASHIONED HARDY PERENNIAL PLANTS.
Varieties Suitable for Autumn Planting.

We offer on the following five pages an abridged list of varieties which years of experience have proven to be a success when planted in the autumn. A few sorts such as Japanese Anemones, Hollyhocks and similar plants, though hardy when set out in the spring, rarely survive the winter when disturbed in the fall, and spring planting is recommended. Our stock of Perennials is the largest and most complete in the country. We handle this class of plants as one of our most important specialties.

Achillea (Millesil or Yarrow).

Ptarmica f. pl. “The Pearl.” Pure white; flowers all summer; 2 ft. .......................................................... 50 15 $1.50
Ragged Robin (Yellow Form). golden yellow; flowers in July; 2 ft. .................................................. 15 1.50
Miletoccum Roseum (Rose Milfoil). Rosey pink, in dense heads all summer; 15 inches. .................. 15 1.50
Tomecuta (Wooly Form). flowers in June; 12 inches. .......................................................... 15 1.50
Encyblomus (Fern-leaved Yarrow). Brilliant yellow; July to September; 4 to 5 ft. .................. 15 1.50
Adonis Pyracaena. Orange-yellow; flowers June to October; 2 ft. .................................................. 25 2.50
Vernalis (Ox-eye). One of the earliest spring flowers; large yellow blossoms. .......................... 25 2.50
Asphatium (Mikado, or Helmet Flowers).

Barbatum. Cream-colored; July; 2 ft. .......................................................... 15 1.50
Napella. Large dark-blue; Aug. to Sept.; 2 ft. .......................................................... 15 1.50
Unciunatum. Deep purple; June and July; 2 ft. .......................................................... 15 1.50
Pulsatilla. Very large pale-blue flowers in September and October; 2 ft. .................. 15 1.50
Actaea (Baneberry).

Spicata Alba. White flowers and pure white berries on red stems; 2 ft. .......................... 20 2.00
Spicata Rubra. White flowers and bright scarlet berries, in long, dense spikes; 2 ft. .................. 20 2.00
Aspodum (Bishop’s Weed).

Podargaria. A rapid growing plant, of creeping habit; fine for border .................................................. 15 1.50
Agrostemma (Mullein Pink).

Coronaria. Bright crimson flowers and silvery white foliage; for cutting; 3 ft. .................. 20 2.00
Flos Jovis (Flower of Jove). Deep pink flowers and white foliage; June and July; 1 ft. .................. 20 2.00
Allysum. Bright golden-yellow flowers in June and July; 15 inches. .................................................. 15 1.50
Saxatile Compactum (Basket of Gold, or Gold Tart). Valuable for rockery or border, bright yellow flowers in early summer; 1 ft. .......................................................... 15 1.50
Amsonia Tabaremootan. Shrub-like, spikes of clear blue flowers in June; 2 ft. .................. 15 1.50
Aneamone Italicum (Alkanet). Large heads of deep blue flowers; the entire season; 4 ft. .................. 15 1.50
Anemone Pennsylvanica (Pennsylvanian Windflower). A fine plant for rockery or border; large white flowers in August; 1 ft. .......................................................... 15 1.50
Sylvestris (Sylvestis Arpin). Dense, drooping, branched, white flowers in spring; 15 inches. ............... 15 1.50
Arabia Alpina (Rock Cress). Most desirable for rockery; pure white flowers in early spring. ....... 15 1.50
Alpina Flore-Pleno. A distinct and double-flowering type of the above. .................................................. 15 1.50
Aquilegia (Columbine).

Corygyna. The beautiful golden-spurred “Columbine.” Flowers golden-yellow; 2 ft. .................. 15 1.50
Corysathra Alba. A pretty white-flowered form of the above; 2 ft. .................................................. 15 1.50
Corycata. Mixed colors; June to July; 2 to 3 ft. .......................................................... 15 1.50
Californica Hybrida. Mixed colors; 2 ft. .......................................................... 15 1.50
Hyladycus. A hybrid of “Corycata,” with large white corolla; 2 ft. .................................................. 15 1.50
Stern. A pretty yellow variety with scarlet spurs; 2 ft. .......................................................... 15 1.50
Valgaris f. pl. A fine mixture of double-flowering kinds; flowers in July; 1 ft. .................. 15 1.50
Armeria Maritima (Thrift, or Sea Pink). A neat and compact evergreen plant with bright rosy pink flowers in June; 1 ft. .................................................. 15 1.50
Formosa Alba. Pure white; during the summer; 12 to 18 inches. .................................................. 15 1.50
Artemisia Abrotanum (Old Man, or South-down). Fine dark green foliage, with pleasant aromatic odor; 2 ft. .......................................................... 15 1.50
Parsham. A fine white-flowered variety, suitable for edging .................................................. 15 1.50
Sedgeland (Old Woman). Deeply cut silvery foliage; dwarf .................................................. 15 1.50

Achillea, “The Pearl.”

Asclepias Tuberosa (Butterfly Weed). Compacted label of brilliant orange-colored flowers; July to September; 2 ft. .................................................. 80 15 $1.50
Anthemis Lutea (Yellow Achillea). En- grant Lily-like flowers; July and August; 3 ft. .................................................. 20 2.00
Aster (Michaelmas Daisy, or Starwort).

Aster Alba. Very large sprays of pure white flowers; September to October; 3 ft. .................................................. 15 1.50
A. Amethystinus. Lovely amethyst-blue flowers; September and October; 3 ft. .................. 15 1.50
Datschi. Feather sprays of pure white; a late flowering variety; 3 ft. .................................................. 15 1.50
Grandiflorus. The largest and finest of all flowers of a lovely violet-blue; the latest flowering variety in cultivation; 2 ft. .................................................. 25 2.50
Hystrix, Small, rose-like flowers; 2 ft. ........................................................................ 15 1.50
Mee, Soynousse. Free, bright rose-like; September; 15 inches .................................................. 15 1.50
Mrs. F. W. Raynor. Light purplish crimson; September; 3 ft. .................................................. 15 1.50
Pfeffermoe. Pure white, useful for cutting; August and September; 1 ft. .................................................. 15 1.50
Novus Anglica. Large bluish-purple, with yellow centre; September and October; 4 ft. .................. 15 1.50
Robert Parker. Beautiful lavender blue, with yellow centre; September and October; 4 ft. .................. 15 1.50
Snowflake. A compact grower, with pure white flowers; October; 2 ft. .................................................. 15 1.50
Baptisia Australis (Prize Indigo). Long spikes of dark blue; June and July; 2 ft. .................. 15 1.50
Ticoria. Bright yellow spikes; June and July; 1 ft. .................................................. 15 1.50
Bocconia Cordata (Pilea Poppy, or Tree Orandine). A noble perennial with beautiful foliage and pure white flowers; July and August; 6 to 8 ft. .................................................. 15 1.50
Boltonia Asteroides (Pheas Chamoisite). One of the showiest of our native perennials, with pure white Aster-like flowers; 5 to 6 ft. .................................................. 15 1.50
Latisquama. Flowers of bright pink, fragrant with lavender, in great profusion during late summer; 5 to 6 ft. .................................................. 15 1.50
Calimiscus Lucus (Shrub-a-saurus). Light-blue flowers during the summer; 12 to 18 inches. .............. 15 1.50
Calilhoe Volcaneca. An elegant trailing plant, producing large saucer-shaped flowers of a deep rose-crimson. 2 ft. .................................................. 15 1.50
Calla Palustris (Marsh Marigold). Large, bright yellow flowers in early spring; 1 ft. .................. 25 2.50
Palustris f. pl. The double-flowering Marsh Marigold; 1 ft. .................................................. 25 2.50

Phlox Subulata (Miss or Mountain Pink). An evergreen dwarf, low-growing, early spring-flowering type. We offer the following six varieties:

- **Alba.** Pure white.
- **Atropurpurea.** Purplish-red.
- **Lilacina.** Light Lilac.
- **Nelsoni.** Pure white.
- **Rosa.** Bright rose.
- **The Bride.** Pure white, with rose eye.

Phlox Amica. A dwarf, compact species, covered. Each. $1.00 per doz. Set of 6 for 50 cts.

**Divaricata Caucadensis.** Best of our native species, bright Lilac; April and May; 1 ft...

**Phlox Hardy Garden.** The old-fashioned dove-scented June Pink; 6 choice varieties, viz...

**Diamond.** Large, smooth, edged white.

**Her Majesty.** Purest white, large flower.

**Homer.** Rich rose-red, dark centre.

**Juliette.** White, hooded crimson.

**Laurel Wilmer.** White, purplish-maroon centre. **Souvenir de Sault.** Soft rose-pink.

**Plumbago Larpeutre (Leadwort).** A valuable dwarf plant, deep blue flowers during summer and fall...

**Polemonium (Jacob's Ladder).** **Cornus.** Terminal spikes of deep blue; June and July; 1 ft...

**Ceratostema Album.** A white-flowered form.

**Richardsonii.** A late-flowering variety, sky-blue; 1 ft...

**Polygonum Bispidatum (Giant Knot-weed).** A striking species, with long white clusters in August and September; 3 to 5 ft...

**Potentilla Formosa (Cinquefoil).** Showy red flowers in July; 18 in. **Hopwoodiana.** Deep rose shading to white; June and July; 18 in.

**Phlox.** Scarlet, marked with yellow...

**Primula (Primrose).** **Capitata.** Dense round heads of deep violet-blue in spring...

**Vels** (English **Primrose**). Enlarging a wide range of colors in early spring...

**Veris Superba.** Immense size, of pure yellow color and strong habit. **Vulgatus** (English **Primrose**). An old favorite, bright canary yellow in early spring...

**Pulmonaria Saccharata Maculata (Lungwort).** Beautiful foliage plant, with spikes of pink in June and July...

**Pyrethrum Uliginosum (Giant Daisy).** Large white Daisy-like flowers; July to Sept.; 3 to 4 ft.

**Ranunculus Acris fl. pl. (Butcher's Buttons).** A double-flowered form of the yellow Buttercup; May and June; 2 to 3 ft.

**Rudbeckia ( Coneflower).** **“Golden Glow.”** One of the finest perennials, with bright double yellow flowers in summer; 6 ft. **Maxima.** Broad foliage and immense flower of bright yellow; June to September; 3 to 5 ft. **Novum.** Dark orange, crimson, fine dwarf variety; 3 ft.

**Nitida or “Autumn Glory.”** A single-flowered form of Golden Glow; very pretty; August and September; 3 to 5 ft.

**Purpurea** (Giant **Purple Coneflower**). Very large reddish-purple flowers; June to October; entirely distinct; 4 ft.

**Sub-Tomentosa.** A mass of brilliant lemon-yellow flowers in September; 3 to 4 ft.

**Triloba.** Very attractive yellow flowers in September; 3 to 4 ft.

**Rheinich Carolina (3 yelow Beauty).** A handsome dwarf plant, rose-purplish blossoms in summer...

**Salvia Azurana Grandiflora** (Meadow Sage). **Sky-blue flowers in great perfection; August and September; 3 to 4 ft.**

**Pratensis.** Showy spikes of deep blue; June to August; 2 to 3 ft.

**Santolina Chamaepyrus** (Lavender Cotton). A dwarf evergreen, silvery foliage...

**Incana.** Like above, with denser foliage...

**Saxifra Crassifolia** (Mophead). Large, handsome evergreen foliage, with white or pink flowers in early spring; 1 ft; six varieties...

**Hardy Perennials—Cont. ed.**

- **Pentstemon** (Beard-tongue). **Pulcherrimus.** Bright rose-purple flowers; July and August; 1½ ft...
- **Pulchellus.** Attractive purple flowers; June; 2 ft...
- **Scouleri.** Lilac blue flowers; June and July; 3 ft...
- **Barbatus Torreyi.** Bright scarlet spikes; June to August; 3 to 4 ft...
- **Digtisitis.** Purple-white spikes in July and August; 2 to 3 ft...
- **Physostegia (False Dragon Head).** **Virginica.** Long beautiful spikes of bright, soft pink flowers in midsomer; 3 to 4 ft...
- **Virginica Alba.** Pure white variety...
- **Phlox.** Probably the most important and best known of the hardy perennial plants. Their flowers continuously from early summer until late in the fall, and embrace a wider range of color than can be found in any other species. We offer below a collection of 25 distinct varieties. Strong plants 15 cts. each; $1.00 per doz. Set of 25 varieties, $3.00.
- **Andreas Hoffer.** A fine early-flowering pure white.
- **Aquilion.** Carmine-rose, shaded salmon, crimson eye.
- **Bridesmaid.** Pure white, large crimson centre.
- **Bergen.** White suffused with pink, rose-like eye.
- **Champs Elysees.** Fine rich purplish-crimson.
- **Coppicidot.** A fine pure scarlet, with deep crimson eye.
- **Echinus.** Purplish-crimson, with white halo.
- **Engorge Donkausilier.** Lilac, with white edge.
- **Henry Murer.** Pure white, with bright rose eye.
- **Jeanne d’Arc.** A late-flowering pure white.
- **Jocelyn.** Dwarf, bright salmon-red.
- **Lilliput.** Bright magenta, with crimson eye.
- **La Vague.** Rose pink, with red eye.
- **La Fonda.** Purplish-crimson, with brilliant crimson centre.
- **Lothair.** Salmon-red, with carmine eye.
- **Matador.** Orange-scarlet, cherry-red eye.
- **Moliere.** Salmon rose, with crimson eye.
- **Michael Cervantes.** Pure white, distinct red eye.
- **Ornament.** Rose magenta, with crimson eye; dwarf.
- **Prof. Schlieman.** Salmon rose, with crimson eye.
- **Pantheon.** Deep salmon rose; very fine.
- **Semiramis.** Purplish magenta.
- **Simpson.** White, suffused with Lilac, with dark rose centre.
- **Sunshine.** Deep salmon-pink, with deep rose eye.
- **Thebaine.** Salmon-red, with crimson eye; dwarf and free.
DREER'S COLLECTION OF HARDY FLOWERS.

For such of our customers who are not acquainted with the different varieties we offer the following collections, that, when once planted, will, with very little care, keep the garden gay with flowers from the time frost leaves the ground until late in the autumn:

12 distinct species, or our selection.................................................. $1.50
25 " " " " .............................................................. 2.75
50 " " " " .............................................................. 5.00
100 " " " " and varieties, our selection.............................................. 9.00
Choice Hardy Shrubs.

We can furnish nice plants of the following after the early part of October.

Strong 2-year-old field-grown plants, 30 cts. each; $5.00 per dozen. Set of 26 varieties, $6.00.
POT-GROWN AND LAYER

STRAWBERRY PLANTS.

Pot-grown plants set out this Autumn will produce a good crop of berries next June. All of the varieties offered below are fully described in our "Mid-summer Catalogue," a copy of which will be mailed free on application.

SELECT LIST OF STANDARD STRAWBERRIES.

Mid-season Sorts. Bulach, Chas. Downing, Clyde, Duncan, Gladstone, Glen Mary, Kansas, New York, Nick: O’iner, Ruby, Sharpless, Star, Wm. Belt.

Late Sorts. Brandywine, Gandy’s Prize.

PRICE ANY OF THE ABOVE:

Pot-grown plants. 50 cts. per doz.; $3.00 per 100; $25.00 per 1,000.

Layer plants. 25 cts. per doz.; $1.00 per 100.

Small Fruits.

POT-GROWN STRAWBERRY PLANTS. For Fall Planting. Ready about Oct. 20th.

Fall is a good time to plant hardy Grapes, Blackberries, Raspberries, Currants, etc.; the plants being at that time dormant are less liable to injury in transplanting than when planted in spring. After planting, cover the roots with 2 or 3 inches of litter or manure.

BLACKBERRIES.

Blackberries respond generously to good treatment. They prefer a deep soil, inclining to sand, but will grow and fruit almost anywhere.

NEW VARIETIES.

Iceberg. A novelty from California, producing white berries.

Rathbun. A jet black variety of fine quality; very hardy and prolific.

Price, either of the above, 10 cts. each; 60 cts. per doz.; $4.00 per 100.

STANDARD VARIETIES.

Wilson Junior, Erie, Early Harvest, Kittatinny, Snyder.

Price, 50 cts. per doz.; $2.50 per 100; $15.00 per 1,000.

If Blackberries are wanted by mail, add 10 cts. per doz. for postage.

CURRANTS.

Currants do well in partial shade, but require rich soil and good culture. The following are the very best sorts, and are supplied in strong two-year-old plants:

Fay’s Prolific. Color rich red; the leading variety for home use. (See cut.) $1.00 per doz.; $8.00 per 100.

Cherry. Deep red. $1.00 per doz.; $6.00 per 100.

White Grape. Best white variety. $1.00 per doz.; $6.00 per 100.

Wildfire. A new red variety; fruit large, of fine flavor and a great yielder. $1.00 per doz.; $8.00 per 100.

Black Naples. $1.00 per doz.; $8.00 per 100.

If Currants are wanted by mail, add 15 cts. per doz. for postage.

GOOSERBERRIES.

We offer strong two-year-old plants of the following most desirable varieties:

Columbus. A new seedling, of the English type; fruit large, oval, greenish-yellow. smooth; foliage glossy; no trace of mildew. (See cut.) 15 cts. each; $1.50 per doz.; $10.00 per 100.

Industry. Of English origin; bears immense crops of large reddish berries. 15 cts. each; $1.50 per doz.; $10.00 per 100.

Pearl. A large pale green, of excellent quality. 15 cts. each; $1.50 per doz.

Red Jacket. A wonderfully prolific red variety of immense size. 20 cts. each; $2.00 per doz.
SELECT DOZEN HARDY GRAPES.

Agawam (Rogers' No. 15). Large, dark red, sweet.
Brighton. Resembles Catawba, with richness of the Delaware.
Campbell's Early. An improved Concord; very early.
Catawba. Red, sweet and rich, with pleasant musky flavor.
Concord. The most popular grape; succeeds everywhere.
Delaware. Light red, sweet, sprightly; fine flavor.
Lindley (Rogers' No. 9). Large, black, good quality.
Trends's Diamond. Delicate greenish-white with rich yellow
flavor. Prolific, early and hardy; of fine quality.
Moore's Early. Large, black, good quality.
Niagara. Berries large, light greenish-white, slightly ambered.
Pocklington. Bunch and berry large, golden-yellow.
Worden. Black, hardy, healthy, of fine quality.

Price: Strong, selected 2-year-old vines, 25 cts. each; $2.50
per doz.; $15.00 per 100.

FOREIGN GRAPE VINES.

Owing to the scarcity of these in American-grown stock, we
have made arrangements with one of the leading English growers
for a supply. While the prices at first glance may appear high,
the strength, size and quality of this stock is so much superior that comparison
cannot be made with the light cones usually sent out. We offer but 12 varieties,
but will be pleased to furnish a list of other sorts that can be supplied. Orders
booked previous to November 20th can be executed any time after January 1st.
Orders received after that date will be filled about March 15th.

BLACK VARIETIES.

Alnwick Seedling. An excellent late variety.
Black Alicante. Branches medium, berries very large.
Black Hamburgh. The most useful and popular grape.
Gros Colman. A very handsome grape, berries and bunches
of enormous size; hangs very late.
Lady Downe's Seedling. One of the best late grapes.
Black Muscat, or Muscat Hamburgh. An excellent and
richly flavored grape.
Madresfield Court. Berries very large; of rich flavor.

PRICE: Strong planting canes, $2.50 each; $30.00 per doz. Strong fruiting canes, $3.50 each; $40.00 per doz.

RASPBERRIES.

There are several remarkably fine new Raspberries on the market, both red and black. Of the newer reds, Columbian and
Miller are prominent, and of the black caps the Cumberland and Kansas.

Columbian. Large, dark red, strong, robust and productive.
Cumberland. A new black cap of exceptionally large size,
of extra fine quality.
Miller's Red. Hardy, prolific, fine flavor; berry large.
Kansas. One of the new black caps. Has produced fruits
that measured 15-16 of an inch in diameter.

PRICE: Any of the above, 50 cts. per doz.; $2.00 per 100. If raspberries are wanted by mail, add 10 cts. per doz.
for postage.

VEGETABLE PLANTS AND ROOTS.

Asparagus. We grow roots of these in immense quantities, and can
furnish the following varieties in two-year-old roots in extra fine condition.
Full details of culture are given in a circular which we will send on
application.

Argenteui (Var.idea). The popular Parisian variety. $3.00 per
100.

...A FEW SPECIALTIES IN...

VEGETABLE SEEDS—For Forcing.

English Forcing Cucumber ROCHEFORD'S MARKET.

We sent out this variety the first time in the fall of 1897; it was tried by most of the prominent forcers around Philadelphia, who pronounced it the best of all forcing sorts. Produces long, handsome fruits, and can always be depended upon to produce a good crop. Packet of 10 seeds, 25 cts.; per 100 seeds, $2.25.

We also supply seed of other leading English Forcing Cucumbers as follows: Covent Garden Favorite, Lockie’s Perfection, in packets containing 10 seeds, 25 cts. per packet; or 100 seeds for $2.25. Also Duke of Edinburgh, Sion House Improved and Telegraph (Rollison’s), in packets containing ten seeds, 20 cts. per packet; or 100 seeds for $1.75.

CRONSBY'S EGYPTIAN BEET.

An improved strain of the Egyptian Beet, specially recommended as an extra early sort. It is much thicker than the original strain, of better color and quality, besides being smoother. Tested alongside of many other strains of this popular Beet, ours has always been the best. Pkt., 5 cts.; oz., 10 cts.; ½ lb., 25 cts.; lb., 75 cts.

CRIMSON GLOBE BEET.

This Beet is remarkable for its smooth skin and fine shape. The flesh and skin are both very dark and quality fine, being sweet and tender. The tops are small and dark in color. We are confident that this Beet will please all who plant it. Pkt., 10 cts.; oz., 15 cts.; ½ lb., 35 cts.; lb., $1.60.

CRIMSON GIANT RADISH.

This is an entirely new variety, suitable for forcing or early planting out of doors. A remarkable feature of this Radish is that it will grow double the size of other round red forcing Radishes and still remain solid, not showing the least sign of becoming hollow. The seed is scarce, so that it can only be sold by the packet this season. Price per pkt., 15 cts.; 2 pkts., 25 cts.

The Best Forcing Tomatoes.

Best of All. The vines grow strong and healthy, and produce Tomatoes in heavy bunches at short distances all over the plant. The fruits grow to a good size, are very solid and firm, containing but few seeds; color deep scarlet. Pkt., 15 cts.; ½ oz., 30 cts.; oz., 50 cts.

Frogmore Selected. A forcing variety of great merit. The plants are healthy and very productive, the fruit growing in large clusters. Shape round, color deep bright red, and the tomatoes grow very smooth. Pkt., 15 cts.; ½ oz., 50 cts.; oz., 90 cts.

Lettuce for Forcing.

Big Boston. Resembles Boston Market, but nearly twice as large; desirable for forcing frames and for spring and fall outdoor planting. Pkt., 5 cts.; oz., 20 cts.; ½ lb., 60 cts.

Silver Ball. This is one of the best all-the-year-round Lettuce we know of. It is an excellent variety, as well for early spring and summer use as for winter forcing. The heads are silvery white, very firm and compact. Pkt., 5 cts.; oz., 15 cts.; ½ lb., 40 cts.

Early Dutch Butter, Spotted. Produces heads of excellent quality, and one of the best market sorts; also stands the heat well in summer. Pkt., 5 cts.; oz., 20 cts.; ½ lb., 50 cts.
VEGETABLE SEEDS
For Forcing and Fall Sowing.

For the convenience of our patrons in the South, we give an extended list of the leading Vegetable Seeds, to enable them to make their purchases in the fall, their sowing season being nearly over by the time our spring list is issued.

Vegetable Seeds mailed free in packets, ounces or pounds. If Beans or Peas are wanted by mail, add 8 cents per pint, 15 cents per quart for postage.

Grass Seeds for Lawn and Pleasure Grounds.

A LAWN AT WYNNEWOOD, PA., MADE WITH DREER'S GRASS SEEDS.

DREER'S PERMANENT PASTURE MIXTURE.

Fine mixture of Grass Seed and Clover for hay and permanent pasture. Adapted to different soils, and a splendid mixture for sowing in the fall. Sow 30 lbs. per acre. Price per lb., 15 cts. (by mail, 18 cts.); bu. (of 15 lbs.), $2.50; bu. (of 20 lbs.), $3.25; per 100 lbs., $15.00.

DREER'S "SHADY PLACE" MIXTURE.

Usually it is quite difficult to obtain a satisfactory growth of grass under trees and in shady places; for sowing in such places we recommend the use of this special mixture. Per qt., 25 cts. (30 cts. postpaid); peck, $1.25; bushel (20 lbs.), $5.00.

GRASS SEEDS FOR LAWN AND FIELD.

Prices subject to change. If wanted by mail, add 8 cts. per lb. for postage.

THE "DREER" LAWN GRASS.

The "Dreer" Lawn Grass is a careful blending of fine-growing varieties, each in its proper proportion and thoroughly mixed, so that the result from its planting is a uniform growth of rich green grass, free from coarseness. $2.50 per qt. (30 cts., postpaid); peck, $1.25; bushel (20 lbs.), $5.00.

DREER'S Evergreen Mixture.

Per qt., 20 cts. (25 cts. postpaid); peck, $1.00; bushel (20 lbs.), $4.00.

DREER'S FAIRMOUNT PARK MIXTURE.

Per qt., 15 cts. (20 cts. postpaid); peck, 90 cts.; bushel (20 lbs.), $3.50.

DREER'S PUTTING GREEN MIXTURE.

Per qt., 25 cts. (30 cts. postpaid); peck, $1.25; bushel (20 lbs.), $5.00.

Dreer's Golf Links Mixture.

Peck, 75 cts.; bushel (15 lbs.), $2.50; 10 bushels and upwards, $2.25 per bushel.

Dreer, Philadelphia, Pa.
A Single Row of Dwarf Essex Rape, from a Photograph Taken at Our Trial Grounds.

**Thousandfold Winter Rye.** In hardiness and yield this variety stands foremost, will winter through severe seasons, and produce from 40 to 50 bushels per acre; straw heavy and stiff, of a light yellow color. Bus., $1.25. Add 15 cts. extra for each 2-bushel sack.

**White Winter Rye.** The most popular old sort, stiff straw, and very productive. Bus., $1.30. Add 15 cts. extra for each 2-bushel sack.

**Grey Winter Oats.** This variety has been thoroughly tested, has stood the severest winter, is entirely rust-proof, can be sown as late as November 1st. Bus., $1.50. Add 15 cts. extra for each 2-bushel sack.

**Winter Vetches, or Tares (Vicia villosa).** Also called Sand, or Hairy Vetch. Sow from one-half to one bushel per acre, together with one-half bushel of Rye. Per lb., 15 cts. (by mail, 23 cts.); bus., (60 lbs.), $7.25; per 100 lbs., $12.00. Add 15 cts. extra for each 2-bushel sack.

**Rape, Dwarf Essex.** (See cut) A forage plant of the highest value. It can be sown in this latitude as late as September, and still later further South; it is sown broadcast at the rate of 6 lbs. to the acre, but is better drilled, in which case 3 lbs. to the acre are enough. In a few weeks from time of sowing, sheep, hogs, or cattle can be turned on it, and all reports agree that they gain weight faster on this than on any other fodder. 10 cts. per lb. (by mail, 18 cts.); 10 lbs., 90 cts.; per bus. (50 lbs.), $1.00; per 100 lbs., $7.50. Add 15 cts. extra for each 2-bushel sack.

**CLOVERS.**

Prices subject to market changes.

**CRIMSON OR SCARLET CLOVER.** (*Trifolium incarnatum.*)

The Great Soil Improver, Early Green Feed, Grazing, or for Hay Crop.

The Crimson Clover has become wonderfully popular both as a pasture and hay crop, also as a green manure for plowing in. It can be seeded at any time from June to October at the rate of 15 to 20 lbs. per acre, and makes very early spring manure. We furnish genuine Delaware grown seed at lowest market prices. Write for sample and price on quantity wanted, also ask for our special circular on Crimson Clover.

Red or Medium. Market price, write for sample.

Alfalfa, or Lucerne. 

Aldike .

White Dutch, Choice. . . . . 35 cts. per lb., $3.00 per 100 lbs.

**SELECTED SEED WHEAT.**

**Improved Dietz Longberry Wheat (Bearded).** This valuable early wheat will do well on all kinds of soil. Sown either early or late, it always yields a large crop of choice high-grade wheat, even after hard, icy winters. It is a very close-chaffed wheat, and holds the berry tight, so that it does not shell out during the process of harvesting, hence a saving of grain over many other sorts. It is one of the most hardy and prolific varieties. Peck, 50 cts.; bus., $1.40; 5 bus., $6.50. Add 15 cts. extra for each 2-bushel sack.

**Improved Fultz Wheat (Bald).** This variety is more widely known in the United States than any other kind, and probably more acreage is sown of this than any other; grows to a medium height, with stiff, strong straw, ripens early, and seldom fails to make a good crop. Peck, 50 cts.; bus., $1.40; 5 bus., $6.50. Add 15 cts. extra for each 2-bushel sack.

**Red Wonder Wheat (Bearded).** One of the most dependable varieties, hardy and productive; makes a stiff straw, and its studding character is remarkable, and on this account need not be sown as thickly as some varieties, 11 bushels making a liberal sowing. The grains are of a rich amber color, and make flour of the best quality. Peck, 50 cts.; bus., $1.40; 5 bus., $6.50. Add 15 cts. extra for each 2-bushel sack.
